Background:

KNOXVILLE (Sept. 13, 2013) -- Knox County is permitted under the National Pollution Discharge Elimination System (NPDES) permit through the Tennessee Department of Environment and Conservation. As part of the reporting requirements, Knox County must submit an annual report that details what the County has done to fulfill permit requirements during the reporting period.

A copy of the completed annual report can be found under the "News and Events" section on-line at www.knoxcounty.org/stormwater.

Knox County Stormwater Management will be fielding questions about the annual report during this meeting.

For more information contact Parci Gibson at 865.215.5861 (office).
