

Knox County Health Department Volunteer Training

Parts 3 and 4 Quiz

1. What is the Strategic National Stockpile (SNS)?

- a. A stockpile of military equipment that can be quickly deployed to any location following a terrorist attack.
- b. A stockpile of pharmaceuticals, vaccines, and medical supplies that can be quickly deployed to any location following a terrorist attack or large scale disaster.
- c. A stockpile of food that can be deployed quickly to any location following a terrorist attack or large scale disaster.
- d. None of the above

2. What is the maximum time it can take a push pack from the SNS to arrive at any location in the United States?

- a. 4 hours
- b. 6 hours
- c. 12 hours
- d. 24 hours

3. What will follow a push pack within 24-36 hours that addresses restocking needs and contains items for a specific threat?

- a. Vendor Managed Inventory
- b. Pharmacy Distribution Program
- c. Specific Supply Inventory
- d. None of the above

4. How many people can be treated with supplies from the SNS?

- a. 1 million people exposed to anthrax for 60 days
- b. 100,000 people symptomatic with anthrax
- c. 1 million people exposed to tularemia or plague
- d. All of the above

5. What is a POD (in terms of public health planning)?

- a. Portable storage buildings
- b. Point of Dispensing Site
- c. A social group of whales, dolphins, or porpoises
- d. Public Operating Designation

6. PODs are established to provide antibiotics for prophylaxis (prevention of disease) or vaccine to large numbers of people.

- a. True

b. False

7. How many PODs are planned for Knox County?

- a. 6
- b. 8
- c. 10
- d. 12

8. How many people will each POD be able to vaccinate or provide antibiotics to within 48 hours?

- a. 5,000
- b. 50,000
- c. 500,000
- d. 40,000

9. How many people are required to run each shift of a POD?

- a. 50
- b. 100
- c. 200
- d. 250

10. Why are people who are exposed to a disease required to go to a Collection Point (Park and Ride) instead of going directly to a POD?

- a. There is not enough parking for thousands of people at each POD (school sites), so larger parking areas are required.
- b. Traffic can be better controlled.
- c. Security at each POD can be better controlled
- d. All of the above

11. Persons wishing to volunteer to work in a POD will be asked, via the media, to report to a central location, where they will receive a POD assignment and identification that will allow access to a POD.

- a. True
- b. False

12. Where do volunteers first report once they reach their newly assigned POD?

- a. Administration
- b. Security
- c. Personnel Administrative Center (PAC)
- d. None of the above

13. What is the role of the PAC?

- a. Ensures adequate staffing at each POD and notifies POD Administrator if there are needs
- b. Assists POD Administrator in notifying POD staff of developing issues
- c. Responds to incoming phone calls for staff and posts messages for POD staff
- d. All of the above

14. Treatment for sick persons will be provided at each POD?

- a. True
- b. False

15. Triage/Forms Distribution is the first station of the POD. At this station, it will be determined if presenting individuals require prophylaxis; if so, they will receive the forms that should be completed prior to proceeding through the POD.

- a. True
- b. False

16. Where should individuals with physical or mental limitations or communications barriers be directed following Triage/Forms Distribution?

- a. Medical Screening/Dispensing
- b. Special Needs Area
- c. Administration
- d. None of the above

17. Which of the following will persons staffing the Medical Screening/Dispensing Area NOT be required to do?

- a. Review forms for basic medical contraindications
- b. Determine the appropriate medication to dispense
- c. Dispense medication or provide vaccination.
- d. Retrieve supplies from Supply Area

18. Whose role is to ensure that Screening/Dispensing Areas remain stocked, deliver completed forms to PAC, and gather and return accumulated pens and clipboards to the Triage/Forms Distribution Area?

- a. Team Leaders
- b. Facilitators
- c. Screening/Dispensing Assistants
- d. None of the above

19. The role of the Facilitator is to direct and maintain POD traffic flow and assist people in completing paperwork?

- a. True
- b. False

20. Each section will have a team leader to ensure that their area is properly set up and addresses issues that arise in their area.

- a. True
- b. False

21. Who is responsible for maintaining communications with each POD, providing oversight of the entire Mass Vaccination/Dispensing Operation?

- a. Emergency Operations Center
- b. POD Administrator
- c. Knoxville Resource Operations Center
- d. SNS Warehouse Staff

22. Where are communications maintained with outside agencies, such as law enforcement, emergency medical services, hospitals, etc during POD operations?

- a. Emergency Operations Center
- b. POD Administrator
- c. Knoxville Resource Operations Center
- d. SNS Warehouse Staff

23. The Knox County Distribution Center will be opened when PODs are required to provide antibiotics or vaccine to people who cannot go to a POD.

- a. True
- b. False

24. More detailed, job-specific training for volunteers working in PODs will be provided as “Just-In-Time” training within each POD.

- a. True
- b. False

Parts 3 and 4 Answers

1. b
2. c
3. a
4. d
5. b
6. a
7. b
8. b
9. b
10. d
11. a
12. c
13. d
14. b
15. a
16. b
17. d
18. c
19. a
20. a
21. c
22. a
23. a
24. a
