## Drawing Best Management Practices

<b>Runoff</b>	<b>Nonpoint source pollution</b>	<b>Recycle</b>
<b>Buffer</b>	<b>Silt Fencing</b>	<b>Animal waste</b>
<b>Stormwater</b>	<b>Exclusion Fencing</b>	<b>Fertilizer/Pesticide</b>
<b>Erosion</b>	<b>Watering system</b>	<b>Rain garden</b>
<b>Point Source Pollution</b>	<b>Gravel entryway</b>	<b>Pervious surface</b>

You can use any outside source to complete the following assignment. Choose one land-use: industry, agriculture, construction or residential. Draw at least 3 Best Management Practices that can be associated with this land use. Then write at least one paragraph explaining the practices you chose and how they would help the problem of pollution.
