### OFFICE OF COUNTY MAYOR GLENN JACOBS

Department of Finance • 400 Main Street, Suite 630, Knoxville, TN 37902

January 16, 2025

To the Board of Knox County Commissioners and the Citizens of Knox County, Tennessee:

The Annual Comprehensive Financial Report (ACFR) of Knox County, Tennessee (the County) for the fiscal year ended June 30, 2024, is hereby submitted. Responsibility for both the accuracy of the data, and the completeness and fairness of the presentations, including all disclosures, rests with the County. County management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal control that has been established for that purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed information is accurate in all material respects and is reported in a manner designed to present fairly the financial position and changes in financial position of the various funds of the County and its component units. All disclosures necessary to enable the reader to gain an understanding of the County's activities have been included.

The introductory section includes this transmittal letter, the County's organization chart, and a list of principal officials. The financial section includes Management's Discussion & Analysis (MD&A), the basic government-wide and fund financial statements, and notes to the financial statements. The Financial Section also includes Required Supplementary Information and other supplemental information. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The reader is directed to the MD&A for a narrative introduction, overview and analysis of the financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Knox County's MD&A can be found immediately following the report of the independent auditors.

State law requires that the County obtain an annual audit of its books and records. The independent audit performed by Pugh & Company, P. C., Certified Public Accountants, has been obtained to fulfill that requirement. The auditors have issued an unmodified ("clean") opinion on the County's financial statements for the year ended June 30, 2024. The independent auditor's report is located at the front of the financial section of this report. The County is also required to undergo an annual single audit in conformity with the provisions of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Information related to this single audit, including schedules of federal financial assistance, findings and recommendations, and auditor's reports on the internal control structure and compliance with applicable laws and regulations, is included in a separately issued report.

The financial reporting entity (the government) includes all the funds of the primary government (i.e., the County) as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. Component units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the primary government and to differentiate their financial position, results of operations, and cash flows from those of the primary government. The Knox County Board of Education (the Board), Knox County Emergency Communications District (the District), The Development Corporation of Knox County (the Corporation), the Knox County Railroad Authority (KCRA), and the Knox Education Foundation (KEF) are reported as discretely presented component units. The County and its component units provide a full range of services including, but not limited to, the construction and maintenance of highways, streets and infrastructure, public health and welfare, police protection, emergency telephone services, elementary and secondary education, community services, sanitation services, and recreational and cultural events. Because of the close relationship between the County and the Board and the fact that the Board does not issue financial statements separate from those of the County, several of the supplemental schedules and other financial information have been consolidated to more properly reflect the joint activities of the County and the Board.

#### **GOVERNMENTAL STRUCTURE**

The County has operated under a County Mayor/County Commission form of government since September 1, 1980, and has been under a Home Rule Charter (Charter) since September 1, 1990. Policymaking and legislative authority are vested in the County Mayor (the executive branch of the County) and the County Commission (the legislative branch of the County). The County Commission is responsible for, among other things, passing ordinances, adopting the budget and appointing committees. The County Mayor, elected at-large for a four-year term, is responsible for carrying out the policies and ordinances of the County Commission, overseeing the day-to-day operations of the government and appointing the heads of many of the County's departments.

#### OFFICE OF THE COUNTY MAYOR

Knox County Mayor Glenn Jacobs took office in September 2018, shortly after the start of the 2018-2019 fiscal year, and won re-election in 2022. Since his first term, Mayor Jacobs has focused on providing low taxes, yet high-quality and efficient services to our residents. He is committed to creating opportunities for everyone to thrive in an engaged and vibrant community with an emphasis on jobs, education, and recreation.

Some of Mayor Jacobs' achievements to date include:

- Hosts constituent meetings and community lunches in all nine county districts
- Established and opened the Knox County Skilled Trades Academy and Regional Training Center (START) that serves both adults who are continuing education in HVAC, masonry, electrical, and carpentry fields and Knox County high school students who do not currently have access to CTE classes
- Launched the All4Knox program to create a community-wide strategic plan to combat substance abuse

## **Board of County Commissioners** and the Citizens of Knox County, Tennessee

- Started Read City USA—a collaborative reading initiative designed to help all children, regardless of socioeconomic background, to learn to read early and well
- Renovated and improved the athletic fields at South Doyle Middle School
- Opened three new elementary schools
- Helped the Knox County Public Library provide more than 4,000 library cards to community school students
- Created School Mania, which provides school supplies to Knox County students
- Relocated Knox County Schools' administrative teams to TVA Towers, putting the Andrew Johnson Building back on the tax roll
- Improved safety at dangerous intersections and added walking connectivity throughout the county
- Established the annual "Night of Champions," to pay tribute to all Knox County TSSAA State Championship winning teams.
- Worked with Knox County Criminal Court Clerk to open one of the only mental health courts in the state.
- Kicked off the Plumb Creek Park Stream Enhancement Project, a strategic effort aimed at revitalizing the water quality and ecosystem of Plumb Creek, a tributary of Beaver Creek, supported by federal funding.
- Extended the county's maternity leave policy
- Committed to working with the state and federal governments on the responsible placement of refugees
- Building Phase IV of the Schaad Road Project.
- Entered into Phase II of the Beaver Creek Water Trail, a first-of-its-kind 44-mile water trail that connects five Knox County communities.
- Replaced the Powell Boardwalk, extended the county's greenway system, and opened several new parks, dog parks and a senior center.
- Opened several new parks and working on another that recognizes and honor veterans
- Updating the county's comprehensive land-use plan (AdvanceKnox), which hasn't been done in 20 years
- Working on a 5-year Parks Master Plan
- Established a weekly video series to promote local businesses and community members
- Established the Knox County Mayor's TCAT Scholarship that supports the children of Knox County employees taking classes at Tennessee College of Applied Technology Knoxville
- Worked with Grateful Nation Project to create Hero Cards honoring local fallen veterans.
- Established the annual "camporee" at Melton Hill Park, an April camping event that features interactive nature programming for kids and adults, a sunset movie and local band campfire jam session, water sport rentals, and an information command center.
- Reopened the Concord Park Par 3 Golf Course.
- Built a new splash pad at French Memorial Park in South Knox County.
- Has not raised property taxes.

#### Legislative Initiatives

Impact of State Funding: Knox County, like the other 94 county governments in Tennessee, receives significant support from state-shared revenues, mainly in the form of education and highway dollars. Because of this dependence, the legislative activities of the Tennessee General Assembly are carefully monitored. Thanks to the continuing leadership of our Governor, the State again passed a responsible, balanced budget. We at the local level are thankful for the fiscal responsibility demonstrated by the state budget. A healthy state budget means more stable and predictable revenues for all cities and counties.

#### Capital Improvement Initiatives

As evidence of the County's commitment to build the facilities necessary to serve the citizens of Knox County and promote economic development within the County and region, the County Commission adopted the Knox County Capital Improvement Plan on June 1, 2023. At the recommendation of the County Mayor, the five-year capital plan represents a road map of anticipated major capital projects. It does not represent appropriations and is subject to annual revisions or modifications. These individual projects will be primarily funded through general obligation bonded debt.

During the year, the County and the Board expended significant resources in the following major construction/renovation projects in accordance with the County's Capital Plan:

General Construction/Renovation:

TVA East Tower

City/County Improvements

TVA Summerplace EPW New Facility

School Construction/Renovations:

Physical Plant Upgrades Farragut Solution

Bearden Middle Space Upgrade

Halls Middle Gym Replacement

Road Construction/Improvements:

General Road Improvements

Schaad Road Phase II Coward Mill Project State Road Projects

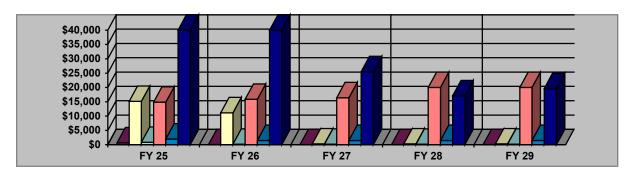

School Construction/Renovations:

HVAC Upgrades Title IX Solutions Security Upgrades Sterchi Additions

The following summarizes the projected capital improvement plan for the next five years net of estimated allocations for project schedule variances (amounts expressed in thousands):

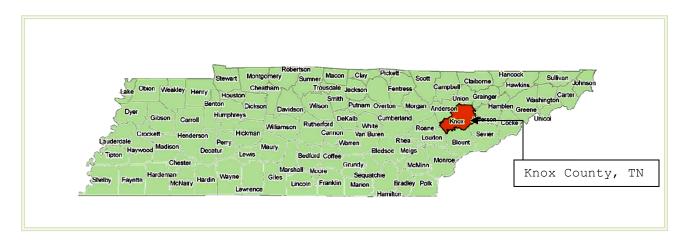

Project Description	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029	TOTAL	
Public Libraries	\$ 707	\$ 100	\$ 100	\$ 100	\$ 100	\$ 1,107	
Countywide Projects	15,150	11,150	300	300	300	27,200	
Parks & Recreation	870	200	200	200	200	1,670

Schools	79,300	82,200	25,500	17,100	19,600	223,700	
Total – Approved Projects	\$ 112,897	\$ 111,040	\$ 44,000	\$ 39,200	\$ 41,700	\$ 348,837	

#### ABOUT KNOX COUNTY

The County is the third most populous county in the State of Tennessee. Located in Eastern Tennessee at the headwaters of the Tennessee River, it is the hub of the areas of East Tennessee, Southeast Kentucky, Southwest Virginia and Western North Carolina. This area encompasses over two million people. The U.S. Census Bureau's 2023 census demographic population data reported that 500,669 citizens reside within the total land area of approximately 526 square miles that make up Knox County. (See <a href="Knoxville-Knox County">Knoxville-Knox County</a>. (See <a href="Knoxville-Knoxville-Knox">Knoxville-Knox County</a>. (See <a href="Knoxville-Knox">Knoxville-Knox County</a>. (See <a href="Knoxville-Knox">Knoxville-Knox</a> County (See <a href="Knoxville-Knox">Knoxville-Knox</a> County (See <a href="Knoxville-Knox">Knoxville-Knox</a> County (See <a href="Knox">Knoxville-Knox</a> County (See <a href="Knox">Knox</a> County (See <

## **Board of County Commissioners** and the Citizens of Knox County, Tennessee

The City of Knoxville's 2023 population was reported at 200,400. It is the largest incorporated municipality in the County. Farragut, the only other municipality in the County, has an estimated population of 25,579. Knoxville has a land area of approximately 104 square miles within its corporate limits and is located on the Tennessee River near the geographic center of East Tennessee.

#### Manufacturing and Commerce

Located in the northeastern portion of the State, Knox County, along with Anderson, Blount, Campbell, Grainger, Loudon, Morgan, Roane and Union counties, is part of the Knoxville Metropolitan Statistical Area (MSA). Because of its central location in the eastern United States, the County metropolitan area serves thousands of industrial and commercial customers in a concentrated eight-state area. Nearly half of the nation's population is within a day's drive of Knoxville. For many years the County has been known as one of the South's leading wholesale markets. Based on 2023 estimates, there were approximately 1,240 wholesale establishments, 1,904 retail establishments, and 11,572 service industries located in the County.

The area is the trade center for a 42-county region, located in East Tennessee, Kentucky, Virginia and North Carolina, which serves over two million people. It also is the cultural, tourist, and professional center for this region. The MSA includes more than 909 manufacturing firms, which produce a large variety of items including medical devices, electronic components, chemicals, manufactured housing, apparel, and automobile parts.

#### **Business Climate**

The County has a history of being a regional leader in economic activity. The County offers premier location opportunities for high-technology and precision manufacturing firms. The University of Tennessee, Tennessee Valley Authority and the Oak Ridge National Laboratory help to provide a stable, secure employment base. The Knoxville area is home to many medium-sized manufacturing and distribution operations as well as customer service centers. The Knoxville area boasts a strong and reliable workforce, and low union membership rates. These assets, combined with an excellent location at the intersections of Interstates 40, 75 and 81, make Knox County a great location for any business. The County is also well served by 250 trucking companies, three railroads, five airlines, and three local river terminals that provide direct links to the Great Lakes and to the Gulf of Mexico. The Knoxville area continually receives recognition for high quality of life, combining an attractive natural setting with a moderate four-season climate. In addition, the Knoxville area ranks among the nation's top markets for low cost of living. The Knoxville MSA ranks as one of the top southeastern urban areas with an index of 83.7 compared to the average of all participating cities of 100. The County has over 6,418 acres of park and recreation space, with approximately 198 miles of greenways and walking trails. The arts and culture are well served, with the Knoxville Symphony, Knoxville Opera Company, Knoxville Museum of Art, and several performing arts organizations, including the Clarence Brown Theater, providing numerous cultural opportunities. Live entertainment includes touring Broadway productions and many concerts at numerous venues throughout the area, including the historic, beautifully renovated Tennessee and Bijou theaters.

#### Industrial Investment

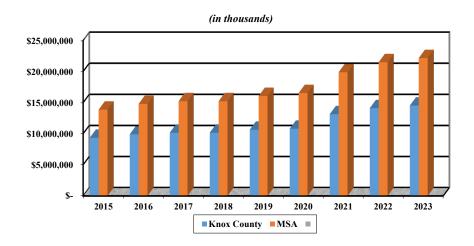

The Knoxville MSA has been recognized nationally as a leading location to live and do business. The Policom Corporation specializes in studying the dynamics of local economies and has developed the Economic Strength Rankings. Economic Strength is the long-term tendency for an area to consistently grow in both size and quality. Regional Economic Information System (REIS) data is the principal data set used to create the rankings. It is published by the Bureau of Economic Analysis (BEA), US Department of Commerce. In 2024, the Knoxville MSA ranked 16 amongst the top MSAs nationally. The Knoxville MSA ranks comparably to the Nashville MSA which ranked number 3 in the country. Commerce and industry vary from the media success of Discovery, Inc. formerly Scripps Television Networks (HGTV, DIY, Food, Cooking, GAC, and Travel), to Sysco Corporation's (largest food service marketer and distributor in North America) regional warehouse and distribution center. In addition, many other local companies are recognized as national and global leaders, including Clayton Homes, Brunswick Corporation, Keurig Green Mountain, Bush Brothers, Pilot/Flying J Travel Centers, and Denso Manufacturing.

The area is also gaining a reputation as a prime location for corporate headquarters. High profile companies headquartered here in the MSA include the Tennessee Valley Authority, Jewelry Television, AC Entertainment, DeRoyal Industries, PetSafe/Radio Systems Corporation, and Regal Entertainment. Knox County has 8 business parks and a Technology Corridor to meet a wide range of corporate facility needs.

#### **Commercial Development**

Four regional shopping malls and over 200 shopping centers and factory outlets meet the retail needs of Knox County citizens and visitors. Knox County has traditionally been the regional hub of the MSA. The 2023 retail sales in the MSA grossed over \$22.1 billion, with approximately 66% of that total generated in Knox County.

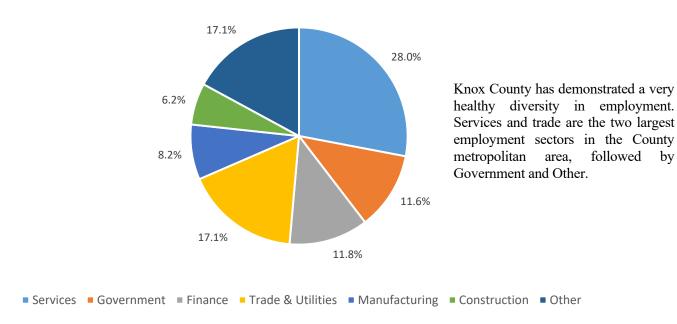

#### **RETAIL SALES**

#### **Tourism**

Although industry frequently is considered the core of an economic base, secondary and tertiary activities also make important contributions to economic development. The convention and tourism business contribute to the County's economic base by drawing income into the region, resulting in employment opportunities as well as investment opportunities in tourist-related facilities. The area draws thousands of enthusiasts every year for University of Tennessee sporting events, and minor league hockey and baseball are also available for sports fans. Opportunities for outdoor recreation are plentiful, with parks and recreation activities throughout the County and in the nearby Great Smoky Mountains National Park, which had over 13.3 million guests in 2023.

#### Non-Agricultural Employment

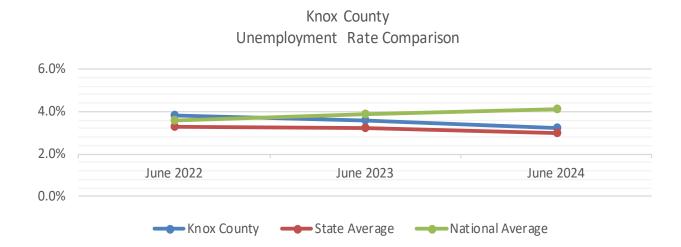

#### Per Capita Income

In 2023, Knox County's per capita income was \$67,323. This represents an increase of 6 percent compared to 2022.

#### Unemployment

Historically, Knox County's unemployment rate has been low relative to the state and national rates. For the month of June 2024, the seasonally adjusted unemployment rates for the County, state and nation stood at 3.2%, 3.0% and 4.1%, respectively, a much-improved average over the prior year pandemic rates. The County's rate remained lower than the National average.

#### FINANCIAL INFORMATION

The County has faced the challenge of maintaining essential services, while reducing the levels of debt. The approach taken has been based on careful budgeting and management of revenues and expenditures in both the annual budgets and the long-term budget for capital planning. For the annual budget process, the FY 2024 adopted budget provided for a moderate increase of 8.51% in General Fund expenditures. The adopted budget for education funding provided for in the General Purpose School Fund (the general fund for the Board of Education component unit) has increased by 11.7%. The increases in budgeted funds for public safety and education reflect the Mayor's commitment to ensure that adequate funding is provided for these essential functions. By careful budgeting of expenditures in the overall budget, other essential services to Knox County citizens (road maintenance, parks and recreation, library services, etc.) have been maintained at appropriate levels. Revenues have been estimated conservatively, and actual results exceeded the budget. Much of this was due to local taxes, other local revenues and funding from the State that exceeded originally budgeted estimates.

The planned reduction in the County's bonded debt levels is dependent on both the levels of debt service payments and the amounts of new debt added. Debt service expenditures are provided for in the County's annual budgets, and the amounts of debt retirement have been provided for based on the required upcoming debt service. The amount of new debt to be added is dependent on the amount needed for projects approved in the County's adopted Capital Improvement Plan, which covers the upcoming five-year period. This funding mechanism provides for a matching of debt service expenditures with the useful lives of the assets acquired with the bond proceeds. In order to reduce the overall levels of bonded debt, it has been necessary to reduce the approved projects to be funded from debt proceeds. This reduction is being accomplished.

The total bonded debt as of June 30, 2024 is \$776,669,395 after the issuance of \$95,250,000 in new debt, with \$43,900,000 allocated to the County and \$51,350,000 allocated to the Board.

#### OTHER INFORMATION

#### Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Knox County Government for its Annual Comprehensive financial report for the fiscal year ended June 30, 2023. This was the twenty-eight consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our present report continues to meet the program's requirements and we are submitting it to the GFOA to determine eligibility for another certificate.

The County has also received, for the twenty-nineth consecutive time, the GFOA Award for Distinguished Budget Presentation for its 2024 Annual Operating Budget. In qualifying for the award, the County's budget document was judged to be proficient in several categories including policy documentation, financial planning, and organization.

The County received the GFOA's Award for Outstanding Achievement in Popular Annual Financial Reporting (PAFR award) for the fiscal year ended June 30, 2023. The award represents a significant achievement by the County. Each eligible report is reviewed by judges who evaluate the report based on the following categories: reader appeal, understandability, distribution methods, creativity, and other elements. Having now received all three of GFOA's financial awards the County achieved Triple Crown status.

#### Acknowledgments

The preparation of the ACFR was made possible by the dedicated service of the Department of Finance. Those involved have our sincere appreciation for the individual and collective contributions made in the preparation of the report. Perry Benshoof, Jennifer Bodie, Jeff Clark, Susan Corlew, Susan Johnson, Amber Knight, Cody Taylor, Nicholas Wilson, and Melanie Wilck all went above and beyond the call of duty to design and generate this report. Thank you very much for your professional dedication in this effort. Thank you to the entire Department of Finance for your efforts to "get the job done well" every day. You serve the citizens of Knox County very well.

Recognition and appreciation are also extended to the County Commission and the Board of Education for their continued dedication in planning and conducting the operations of the County and the Board in a financially responsible and progressive manner.

Sincerely,

Chris Caldwell

Chief Financial Officer

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor, County Commissioners and Audit Committee of Knox County, Tennessee Knoxville, Tennessee

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the governmental activities; the business-type activities; the aggregate discretely presented component units; each major fund; budgetary comparison statements of the general fund and the federal, state and other grants fund; and the aggregate remaining fund information of Knox County, Tennessee (the "County"), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison statements for the general fund and the federal, state and other grants fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of The Development Corporation of Knox County ("TDC") and the Knox Education Foundation ("KEF"), discretely presented component units reported in the financial statements of the County. TDC and KEF represent 0.3% of total assets and deferred outflows, 0.8% of net position, and 0.5% of the revenues of the County as of June 30, 2024. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for TDC and KEF, is based solely on the reports of the other auditors.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
  County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages xvii through xxxiv and the schedules of changes in net pension and other post-employment benefit ("OPEB") plans liabilities (assets), investment returns, employer contributions, and proportionate share of collective net pension and OPEB plans liabilities (assets) of the various pension and OPEB plans on pages 142 through 164 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The supplemental section and Component Unit - Board of Education section, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financials statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental section and the Component Unit - Board of Education section are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and the statistical section, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards and Uniform Guidance

In accordance with *Government Auditing Standards*, we have also issued, in a separately bound document, our report dated January 16, 2025, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance. In addition, we have also issued, in the same separately bound document, our report dated January 16, 2025, on the County's compliance for each major federal program, internal control over compliance and the schedules of expenditures of federal awards and state financial assistance as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)* and the Tennessee Comptroller of the Treasury.

Certified Public Accountants Knoxville, Tennessee

Pugh & Company, P.C.

January 16, 2025

As management of the Knox County Government, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal years ended June 30, 2024 and 2023. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i-x of this report. All amounts, unless otherwise indicated, are expressed in dollars.

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the governmental activities of the Knox County Primary Government were exceeded by its liabilities and deferred inflows at the close of the most recent fiscal year by \$12,297,371 (deficit net position). This amount includes a negative \$349,789,515 of unrestricted net position. The negative unrestricted net position and total net position amounts resulted primarily from the process by which the Primary Government issues debt on behalf of the Board of Education component unit. See footnote on page 1.
- The Primary Government's change in net position for its governmental activities was a decrease of \$9,663,928. Total net position for the Primary Government (governmental and business-type activities) decreased by \$9,648,974.
- The Primary Government's governmental funds reported total fund balances of \$231,909,042, an increase of \$28,218,676 for the fiscal year.
- The Knox County Government's total bonded debt at the end of the year totaled \$776,669,395, an increase of 6.8% compared to the prior year total of \$727,388,676. Of the current year total, \$396,122,971 pertains to County general government activities and \$380,546,424 pertains to the Knox County Board of Education component unit. Bond principal paid in the current year totaled \$45,969,281 and debt issued totaled \$95,250,000.
- The County Property Tax Rate was \$1.554 for the fiscal year. The rate remained unchanged from the prior year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Knox County Government's basic financial statements. The Knox County Government's basic financial statements are composed of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required supplemental information and other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Knox County Government's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the Knox County Government's assets, liabilities, and deferred inflows/outflows of resources with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Knox County Government is either improving or deteriorating. The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Knox County Government that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Knox County Government include general government, public safety, highways and streets, sanitation, economic development, and culture and recreation. Knox County Government reports business-type activities for the operations of the Three Ridges Golf Course enterprise fund.

The government-wide financial statements include the Knox County Government itself (known as the primary government), and legally separate entities for which Knox County Government is financially accountable (component units): the school district – the Board of Education (The Board), a legally separate Emergency Communications District (The District), The Development Corporation (The Corporation), The Knox Education Foundation (The Foundation) and the Knox County Railroad Authority (The Authority). Financial information for these component units is reported separately from the financial information presented for the primary government itself. The District, Corporation and Foundation issue separate financial statements. The Board and the Authority do not issue separate financial statements. The government-wide financial statements can be found on pages 1 and 2 of this report.

**Fund financial statements**. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Knox County Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the Knox County Government can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide reconciliations to facilitate this comparison between governmental funds and governmental activities.

The Knox County Government maintains twelve individual governmental funds. Information is presented separately in the governmental fund balance sheets and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Capital Projects Public Improvement Fund, Debt Service Fund, and the Federal, State, and Other Grants Fund, all of which are considered to be major funds. Data from the other eight governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Knox County Government adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund for information in the Basic Financial Statements section of the report. For a more detailed demonstration of budgetary compliance, the County also issues a separate Budget Report to Citizenry, which is available online at https://www.knoxcounty.org/finance/budget.php.

The basic governmental fund financial statements can be found on pages 3-8 of this report.

**Proprietary funds**. There are two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Knox County Government established an enterprise fund to account for the operations of the Three Ridges Golf Course. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Knox County Government's various functions. Knox County Government uses internal service funds to account for its fleet service operations, mailroom operations, employee benefits activities (including retirement), self-insurance activities, building operations, technical support operations, capital leasing activities, and self-insurance healthcare activities. Because these services benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The eight internal service funds are combined into a single, aggregated presentation in the basic proprietary fund financial statements, along with the presentation of the Three Ridges Golf Course enterprise fund. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 9-11 of this report.

**Fiduciary funds**. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Knox County Government's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on pages 12-13 of this report.

**Notes to the financial statements**. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 14-141 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Knox County Government's progress in funding its obligation to provide pension and other post-employment benefits to its employees and retirees. Required supplementary information can be found on pages 142-164 of this report. The combining statements referred to earlier in connection with nonmajor governmental funds and the individual fund statements are presented on pages 165-201. Combining and individual fund statements for proprietary funds can be found on pages 202-223 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

# Knox County Primary Government Condensed Statement of Net Position - Governmental Activities June 30,

	 2024	2023	 Variance
Current and Other Assets Capital Assets	\$ 613,116,264 694,221,341	\$ 582,124,506 662,399,003	\$ 30,991,758 31,822,338
Total Assets	 1,307,337,605	1,244,523,509	 62,814,096
Deferred Outflows of Resources	 54,425,518	73,300,314	 (18,874,796)
Other Liabilities	179,823,567	183,620,385	(3,796,818)
Long-term Liabilities Outstanding	 969,793,086	 923,945,033	 45,848,053
Total Liabilities	 1,149,616,653	1,107,565,418	 42,051,235
Deferred Inflows of Resources	 224,443,841	212,891,848	 11,551,993
Net Position:			
Net Investment in Capital Assets	305,107,752	293,112,141	11,995,611
Restricted	32,384,392	22,347,954	10,036,438
Unrestricted (Deficit)	 (349,789,515)	 (318,093,538)	 (31,695,977)
Total Net Position (Deficit)	\$ (12,297,371)	\$ (2,633,443)	\$ (9,663,928)

Governmental net position. Current and other assets consist primarily of receivables, mostly taxes, and cash and investments. By far the largest portion of the Knox County Government's net position reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any outstanding related debt used to acquire those assets. The Knox County Government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Knox County Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The reasons for changes in capital assets are discussed later.

An additional portion of the Knox County Government's governmental activities net position represents resources that are subject to external restriction on how they may be used. As shown below, these restrictions include Debt Service, Public Health and Welfare, Public Safety, Social and Cultural Services, Pensions and Other Purposes. The remaining balance of unrestricted net position deficit of \$349,789,515 reflects a negative change of (\$31,695,977) compared to the prior year unrestricted net position deficit of \$318,093,538.

# Knox County Primary Government Governmental Activities Net Position Comparison June 30,

	2024	2023	Variance
Net Investment in Capital Assets	\$ 305,107,752	\$ 293,112,141	\$ 11,995,611
Restricted:			
Debt Service	10,809,438	5,388,988	5,420,450
Public Health and Welfare	2,772,430	2,062,194	710,236
Public Safety	6,304,455	5,432,584	871,871
Social and Cultural Services	7,140,666	5,524,953	1,615,713
Pensions	1,388,358	328,904	1,059,454
Other Purposes	3,969,045	3,610,331	358,714
Total Restricted Net Position	32,384,392	22,347,954	10,036,438
Unrestricted (Deficit)	(349,789,515)	(318,093,538)	(31,695,977)
Total Net Position (Deficit)	\$ (12,297,371)	\$ (2,633,443)	\$ (9,663,928)

The unrestricted net position balance represents funds that would normally be available to be used to meet the government's ongoing obligations to citizens and creditors. The primary reason for the deficit balance as of June 30, 2024 results from the County's recognition of long-term debt issued on behalf of the Knox County Board of Education. Because the Board cannot by law issue its own debt, the County issues debt on behalf of the Board, and pays the proceeds to the Board. The Board then uses these proceeds for its capital purposes and records the capital assets on its own Statement of Net Position. Therefore, the assets are shown on the Board's Component Unit financial

statements, whereas the related debt is shown on the County's Primary Government financial statements.

At June 30, 2024, the amount of bonds, leases and loans issued by the County on behalf of the Board still outstanding was \$387,637,972, compared to the prior year amount of \$357,376,568. If these liabilities were shown with the Board's amounts to match the capital assets, the County would have had positive unrestricted net position of its governmental activities of \$37,848,457 in 2024 and a positive unrestricted net position of \$39,283,030 in 2023.

At the end of the current fiscal year, positive balances in total net position are reported for the total reporting unit and for each of the separate component units. The primary government reported a deficit net position during the current fiscal year which was largely attributable to the issuance of bonds allocated to the Board. The total reporting unit's net position increase is primarily attributable to the underlying positive change in net position of the activities of the Board which consisted mainly of an increase in assets and a decrease in deferred inflows of resources.

Governmental activities. Governmental activities decreased the Knox County Primary Government's net position by \$9,663,928 in 2024. This decrease is mainly attributed to increases in each of the functional areas of expenses. Total expenses increased 10% over the previous year. This was mainly due to increases in salaries and benefits and grant expenditures related to ARPA. The change in net position also includes a \$11M increase in payments to component units which is mainly to the Board related to the new bond issuance.

The following table shows the changes in the Statement of Activities for the Primary Government-Governmental Activities for the fiscal years ended June 30, 2024 and 2023.

# Knox County Primary Government Governmental Activities Year Ended June 30,

	2024	2023	Variance

Net Position, June 30 (Deficit)	\$ (12,297,371)	\$ (2,633,443)	\$ (9,663,928)

**Program revenues** include charges for services, which consist of various items such as fees for services, licenses, and fines. Charges for services relate to numerous and various government functions. These items represent an aggregation of numerous transactions, and there is not a concentration of revenues in any area. These tend, therefore, to be relatively stable from year to year. Program revenues include operating grants, which consist largely of grants received from the

federal and state governments. The increase in operating grants and contributions is due mainly to State of Tennessee grants from THDA related to housing stability. Program revenues also include capital grants and contributions. Capital contributions experienced an increase due to the County's continued demand for housing projects. During the current year the County received \$13,735,951 in contributions from developers related to road projects compared to \$11,652,883 in the prior year.

General revenues include local taxes, payments from component units, intergovernmental revenues, and other general revenues. The change in local taxes is mostly related to property and sales taxes and a relatively stable growing overall tax base. Payments from component units primarily consist of the amounts received for the Board's portion of debt service related to the debt obligations that the Primary Government incurred on behalf of the Board. The decrease in this area during the current year is due to shifting pennies on the property tax rate to the debt service fund allowing the Board to reduce its payment to the County. Intergovernmental revenues consist of state shared revenues from various tax collections at the state level. Other general revenues consist primarily of investment revenue and other miscellaneous. In 2024, combined property and sales tax revenue was \$235,729,973. The 2023 corresponding total was \$219,755,931, for a net increase of \$15,974,042. The property tax line item includes current and delinquent taxes. Property tax collections improved in the current year due to growth in the property tax base. Sales tax collections improved over the prior year due to a better than expected growth in retail sales.

**Expenses** for the Primary Government are categorized into functional areas. The change in the current year was largely attributable to the increase in the amounts expended on projects related to the ARPA program, mainly in the finance and administration category. Another increase was in the public safety category related to salary and benefits and pension expenses. As previously noted, the County issues debt on behalf of the Board for capital purposes because the Board may not incur its own debt obligations. Therefore, the net proceeds of such debt issues (\$51M in the current year) are paid to the Board, thus resulting in an expense to the Primary Government. Expenses fluctuate from year to year as expected in the various categories.

**Proprietary Net Position and Business-type Activities**. Proprietary activities included as business-type activities in the government-wide statements consist solely of the operations of the County's Three Ridges Golf Course and related courses, an enterprise fund. The following tables describe the results and changes in the current and prior years. The golf courses are supported by user fees: greens fees, cart fees, pro shop sales and snack bar sales. The County's general fund made a transfer of \$315,000 in the current year to the golf course fund for additional support. The change in net position of \$14,954 for the golf course fund includes the effects of depreciation and amortization, a noncash expense, totaling \$73,918. Of the ending net position, \$513,121 was invested in capital assets, with the remaining deficit amount of \$23,332 unrestricted. These amounts reflect the results of ordinary business operations.

#### FINANCIAL ANALYSIS OF THE FUNDS

As noted earlier, the Knox County Government uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Knox County Government's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Knox County Government's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year and to help ensure future stability of governmental operations.

The categories of fund balance are:

<u>Nonspendable</u> fund balance relates to amounts that cannot be spent because they are in a form that is not expected to be converted to cash (e.g., inventories and prepaid items), as well as the County's investment in joint venture.

**Restricted** fund balance includes amounts restricted for specific purposes by parties outside of the County (e.g., grantors, other governments) or imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County Commission.

<u>Assigned</u> fund balance consists of amounts constrained by the County's intent to be used for specific purposes but are not restricted or committed.

Unassigned fund balance is the residual balance in the General Fund.

The following table shows the changes in the fund balance categories:

#### **Primary Government-Governmental Fund Balances**

#### June 30,

	 2024	2023		Variance	
Nonspendable	\$ 11,353,367	\$	10,205,336	\$ 1,148,031	
Restricted	74,107,753		60,589,648	13,518,105	
Committed	47,553,101		39,366,128	8,186,973	
Assigned	9,897,580		8,544,629	1,352,951	
Unassigned	 88,997,241		84,984,625	 4,012,616	
	 _		_		
Total Fund Balances	\$ 231,909,042	\$	203,690,366	\$ 28,218,676	

As of the end of the current fiscal year, the Knox County Government's governmental funds reported combined ending fund balances of \$231,909,042, an increase of \$28,218,676 in comparison with the prior year total of \$203,690,366. Much of the overall increase resulted from operations of the County's general fund. Factors that affected the results of operations of the major Governmental Funds are discussed further in the following sections.

The General Fund is the chief operating fund of the Knox County Government. The results of the fund balances in the General Fund are indicated in the table below. Unassigned fund balance represents 40.3% of actual expenditures compared to 42.1% last year. The increase in fund balance is primarily attributed to increased tax revenues, grant revenues from the State and a \$483K reimbursement from the City for the County's Election Commission to run the City elections. The County has adopted a formal fund balance policy calling for the maintenance of a minimum level of unassigned fund balance equivalent to three months (25%) of regular operating expenditures plus transfers out. The County strives to maintain levels exceeding that minimum level in order to provide for unanticipated needs. The actual results reflect the achievement of this goal.

The Debt Service Fund is used to account for the accumulation of resources for, and related payments of, principal and interest on general long-term debt. The results of the fund balances in the Debt Service Fund are indicated in the table below. Most of the fund balance consists of amounts committed for debt service purposes by County Commission. During the current year, the fund had an increase in fund balance of \$9,753,663, compared to the prior year decrease of \$2,380,208. The difference is primarily attributable to swap termination payments totaling \$9,311,638 that were made in 2023. These one-time payments were made for the purpose of simplifying the County's debt portfolio and reducing future costs.

#### **Debt Service Fund - Fund Balances**

June 30,

Total Fund Balances	\$	30,456,743	\$	20,703,080	\$	9,753,663

The Public Improvement Capital Projects Fund experienced a net increase in fund balance in 2024, as seen on the following table. This change results from the timing of the issuance of bonds for capital purposes compared to the expenditures made therefrom. The current year bond issue of \$95,250,000 (a \$25M increase over prior year) allocated \$51,350,000 (a \$11.2M increase over the prior year) to the Board's construction fund for new school construction and renovations. The fund also received \$18.7M (a \$16.5M increase over the prior year) in federal grants for local utility district projects. The County's practice is to issue debt for capital purposes generally on an annual basis, with the intent that debt proceeds be received as close as practicable to the timing of the planned expenditures. This is being done to help keep interest charges as low as practicable.

### **Public Improvement Capital Projects Fund - Fund Balances**

June 30.

	o uni		
	 2024	2023	 Variance
Restricted Committed	\$ 43,111,719 50,000	\$ 38,570,598 75,000	\$ 4,541,121 (25,000)
Total Fund Balance	\$ 43,161,719	\$ 38,645,598	\$ 4,516,121

The Federal, State and Other Grants Fund accounts for various federal, state and local programs to further benefit the citizens of the County. During FY 2024, the fund received a significant amount of Federal funds. The most significant was related to the U.S. Treasury's American Rescue Plan in the amount of \$21M. The funds were received prior to incurring significant expenditures; therefore, they are reported as unearned revenue, which had little effect on ending fund balance in the current year. The results of fund balance are shown in the following table:

# Federal, State and Other Grants Fund - Fund Balances June 30.

	 2024	2023	Variance		
Nonspendable Restricted	\$ 133,005 3,733,723	\$ 143,966 2,857,718	\$	(10,961) 876,005	
Total Fund Balances	\$ 3,866,728	\$ 3,001,684	\$	865,044	

**Proprietary funds-Internal Service Funds**. The Knox County Government's proprietary fund statements provide underlying detailed information included in the government-wide financial statements.

Net position of all the internal service funds at year-end 2024 is shown in the table below. Most of the variance was due primarily to increased retirement contributions and an increase in workers' compensation and other claims. The Internal Service Funds are used to accumulate and distribute costs as a planning tool and are expected to break even over the long run. As the intent of these funds is to "break even," these results are in line with expectations, and reflect the variability and uncertainty in predicting the activity for the year. The total net position at year-end reflects a modest accumulated net position for these funds over time, in line with expectations.

Net Position as a % of Charges for Services		39.2%	40.2%		

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The total fund balance of the County's General Fund increased by \$3,647,629 during 2024, compared to last year's \$9,060,549 increase. The General Fund's original budget planned for a net use of fund balance for the year of \$6,040,617. Therefore, the actual results were a \$9,688,246 positive variance than originally planned. Key elements in the comparison of the final budget to actual results for the General Fund, excluding transfers, are shown in the following table:

#### General Fund - Budget vs. Actual

# Year Ended June 30, 2024 Final

	1 11141			
	 Budget	 Actual		Variance
Local Taxes	\$ 167,822,487	\$ 171,909,127	\$	4,086,640
State of Tennessee	11,917,056	14,928,979		3,011,923

Public Safety	107,589,045	106,954,182		634,863
Public Health and Welfare	22,423,503	22,033,720		389,783
Social and Cultural Services	7,517,825	7,403,409		114,416
Agricultural and Natural Resources	592,966	555,225		37,741
Other General Government	 24,316,513	23,454,394		862,119
Total Expenditures	\$ 224,411,722	\$ 220,875,175	\$	3,536,547

Local taxes include business taxes which made up most of the increase shown in the table above. Business taxes had an increase over budget of \$2,953,839 due to a better-than-expected economic growth during the year. The increase in the State of Tennessee is related to various state shared revenues including a \$1.5M increase from the state prison board. The increase in other local revenues was a combination of several items but mainly indirect costs revenue related to grants, jail concessions, and other revenues. While the County can raise tax rates, the government has chosen to keep tax rates steady (adjusted only for the effects of reappraisal) to not further burden County taxpayers. Therefore, revenues were budgeted conservatively and in line with the previous year. The General Fund budget was adopted in amounts intended to provide funds for essential services. Actual expenditures were less than the budget in most categories. The expenditure variances were mostly in salaries and benefits. The County continues to fill vacant positions.

Differences in expenditures between the original budget and the final amended budget were within the normal course of County business and totaled a net \$5,517,923 increase in the total budget. Included in the increase were normal adjustments to appropriations for category changes in most departments. The majority of the increase was \$5M related to salary and benefits for patrol officers due to unfilled positions. Key elements in the comparison of the original budget to final budget for the General Fund are shown in the following table:

# General Fund - Original Budget vs. Final Amended Budget

#### CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The Knox County Government Total Reporting Unit reported a total balance of capital assets (net of accumulated depreciation) as of June 30, 2024, of \$1,249,247,742, which compares to the prior year total of \$1,191,434,947. This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways, bridges, leases and SBITAs. The net increase in the investment in capital assets for the current fiscal year was \$57,812,795 or 4.85%, which is due to the amount spent on capital additions being greater than depreciation expense for the year.

Spending for major capital asset additions during the current fiscal year included the following: Farragut Elementary School, Northwest Elementary School construction, and HVAC and roofing upgrades (Board); the County focused mainly on the Schaad Road phase II, the energy management phase IIIC project, general road improvements along with other various additions/renovations.

The County reported capital assets for its governmental activities as of June 30, 2024 as described in the table below. The County's investment in capital assets includes land and land improvements, buildings, equipment, infrastructure, and construction in progress. Infrastructure assets are items that are normally immovable and of value only to the County, such as roads and streets, bridges, sidewalks, lighting systems, and similar items. The increase in the current year capital asset additions can be found mainly in new construction projects in process and in the equipment and infrastructure categories. The County maintains a commitment to reduce borrowing for capital purposes. Although a certain level of long-term borrowing for capital purposes is necessary to service the needs of County citizens, the County is committed to carefully managing its debt level to minimize the burden on County taxpayers resulting from additional debt issuances.

# **Knox County Primary Government Governmental Activities Capital Assets**

	2024 2023		<b>Variance</b>

Additional information on the Knox County Government's capital assets can be found in Note III.C of this report. Significant construction commitments in progress at year-end can be found in Note IV.E of this report.

**Long-term debt.** At the end of the current fiscal year, the Knox County Government had total bonded debt outstanding of \$776,669,395, compared to \$727,388,676 at the end of 2023. All the bonded debt was backed by the full faith and credit of the County government. In the current year \$380,546,424 of the total is outstanding debt which the government issued on behalf of the Board for school purposes. The remaining \$396,122,971 of the Knox County Government's debt represents bonds issued for general government purposes. The following schedule shows the changes in bonded debt allocated to the entity responsible for payment thereof.

# **Knox County Government's Bonded Debt Changes**

FY 2024:	Primary

Rollforward of Debt:  Beginning Balance	•	<b>Board</b> \$ 329,380,938	<b>Total</b> \$ 701,872,957
	Government		
Beginning Balance	<b>Government</b> \$ 372,492,019	\$ 329,380,938	\$ 701,872,957

Knox County's total bonded debt increased by \$49,280,719 or 6.8% during the current fiscal year. This was due to debt issuances exceeding bond principal payments as shown in the table above. The current year increase in bonded debt was due to planned bond issuances. The County issued new bonds for construction projects.

### **Other Debt Changes During**

FY 2024:	Primary

Knox County's other debt, including the Board, described in the table above consist of unamortized bond premium, lease and SBITA obligations, and loans payable.

Knox County's debt is rated "AA+" by Standard & Poor's. In addition, the County's debt is rated "Aa1" by Moody's. These ratings were reaffirmed during the fiscal year ended June 30, 2024.

State statutes set no limit for the amount of general obligation debt a county may issue. Current bonded debt outstanding for the County Government is \$776,669,395. This translates to approximately \$1,551 per capita. This compares to the FY 2023 per capita amount of \$1,471.

Additional information on Knox County's long-term debt can be found in Note III.J to the Financial Statements of this report and on pages 246-257.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- The unemployment rate for Knox County for June 2024 was 3.2%, compared to the unemployment rate of 3.6% for June 2023. For comparison, the state's average rate was 3.0% for June 2024, and 3.2% for June 2023. The national unemployment averages were 4.1% for June 2024 and 3.9% for June 2023.
- The General Fund budget adopted for 2025 reflects a budget totaling \$231,114,555. The budget anticipates using \$3.5 million from fund balance.
- The property tax rate for FY 2025 is \$1.554. The allocation of the rate is \$0.6524 to the general fund, \$0.5064 to the general purpose school fund and \$0.3952 to the debt service fund.
- Additional information regarding the County's budget may be found at https://www.knoxcounty.org/finance/budget.php

#### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Knox County Government's finances for all those with an interest in the government's finances. The County's ACFR and additional information regarding the County may be located online at <a href="http://www.knoxcounty.org/finance/annual\_reports.php">http://www.knoxcounty.org/finance/annual\_reports.php</a>. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

Knox County Government Department of Finance Suite 630 City/County Building 400 Main Street Knoxville, TN 37902

The sum of the rows that report the net position categories for Net Investment in Capital Assets and Net Position-Unrestricted applicable to the primary government and the component units do not equal the related amounts shown in the Total Reporting Unit column. The difference of \$387,637,972 results because the debt incurred by the Primary Government on behalf of the Board of Education Component Unit reduces the unrestricted net position of the Primary Government, whereas the related assets are reported in the Board Component Unit totals. For the Total Reporting Unit, the \$387,637,972 is deducted from the amount shown for Net Investment in Capital Assets to show the matching of the total assets with the total debt. In addition, the Board's capital assets acquired with funds provided by the primary government are included in the Investment in Capital Assets category, as the Board incurred no related capital debt.

# Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:						
Net Change in Fund Balances - Total Governmental Funds		\$ 28,218,676				
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation or amortization expense. This is the amount by which capital outlays (\$51,072,798) exceeded depreciation and amortization (\$33,779,144) in the current period.						
Capital assets contributed by developers and others are not recognized as revenues in the fund financial statements, but are recognized as revenues in the statement of activities.						
Certain revenues will be collected after year-end but not within the period considered available to pay current period expenditures. Therefore, these amounts were recognized as revenues in the statement of activities but were not reported as revenues in the fund financial statements.						
Amounts reported as fund revenues that met the criteria for revenue recognition under the full accrual method of accounting in the preceding fiscal year have been excluded from the current year statement of activities.						
Debt proceeds for bonds, loans and financed pourchases provide current financial resources to governmentaterm liabilities in the statement of net position. Repayment of debt principal is reflected as an expenditure in repayment reduces long-term liabilities in the statement of net position. Debt proceeds (\$95,250,000) exce (\$46,875,133) by this amount.	n the governmental funds, whereas the	(48,374,867)				
Governmental funds report other financing sources and capital assets regarding the commencement of lease and report the payments on those arrangements as expenditures. However, the inception of lease and subscr long-term liabilities for governmental activities, and payments reduce the related long-term liabilities for go	ription financing arrangements increases	2,109,184				
Expenses reported in the statement of activities include a reduction in expenses applicable to the amortization to provide current financial resources and, therefore, is not reported as expenditures in governmental fundamental fundame	*	4,182,862				
Debt issued at a premium provides current financial resources to governmental funds, but increases long-term liabilities in the statement of net position.						
Internal service funds are used by management to charge certain costs (e.g., certain employee benefits, insurequipment) to individual funds. The net revenue (expense) amounts of the internal service funds are reported.		1,291,300				
Certain assets, liabilities, deferred inflows, and deferred outflows accounted for using the economic resource are reported in the Statement of Net Position but are not reported in the fund financial statements, which in using current financial resources measurement focus and modified accrual basis of accounting. These amou current financial resources and, therefore, are not reflected in the revenues or expenditures of governmental	clude only items that are accounted for ants do not provide or require the use of					
Increase (decrease) in assets and deferred outflows:						
Net Pension Asset	\$ (97,856)					
Other Post-Employment Benefit Asset	1,157,310					
Deferred Outflows Related to Deferred Amount on Refundings	(676,508)					
Deferred Outflows Related to Pensions	(18,465,221)	(4=04=040)				
Deferred Outflows Related to Other Post-employment Benefits	266,933	(17,815,342)				
(Increase) decrease in liabilities and deferred inflows:	(142,410)

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

# A. Reporting Entity

Knox County (the County), founded in 1792, is a political subdivision of the State of Tennessee. The County operates under a County Mayor – County Commission form of government pursuant to the Knox County Home Rule Charter (the Charter) established under Tennessee Code Annotated, Section 5-1-208, effective September 1, 1990. The County Mayor serves an elected term of four years. The eleven County Commissioners serve four-year terms and are elected by voters within the County. As required by accounting principles generally accepted in the United States of America, these financial statements present the County and its Component Units. The County is considered to be the primary government. Component Units are legally separate entities for which the County is considered to be financially accountable. These Component Units are discretely presented in separate columns in the government-wide financial statements to emphasize they are legally separate from the County.

### Discretely Presented Component Units

The **Knox County Board of Education** (the Board) consists of nine members elected by voters of the County and one superintendent appointed by members of the Board. The Board is fiscally dependent on the County because the County levies taxes for the Board, issues debt on behalf of the Board and approves the Board's Budget. The Board is responsible for elementary and secondary education within the County's jurisdiction. The Board operates a total of 91 vocational and handicapped centers, primary, intermediate, middle and high schools. The full-time equivalent average daily membership during the 2023 – 2024 school year was 58,463 with a full time equivalent average daily attendance of 54,522. During the previous year, the full time equivalent average daily membership was 58,575 with a full time equivalent average daily attendance of 54,338.

The **Knox County Emergency Communications District** (the District) is an emergency response agency operating a consolidated public safety answering point service and emergency radio dispatch service for the residents of the County. The District is governed by an eleven-member Board of Directors, of whom the majority are appointed by the County. Debt issuances or lease agreements exceeding five years require County approval. All fees are collected and remitted to the District through the State of Tennessee Emergency Communications Board (TECB). Revenues are recognized by the District in the period allocated by the TECB. Complete financial statements for the District may be obtained at the entity's administrative offices:

Knox County Emergency Communications District 605 Bernard Avenue Knoxville, TN 37921

# NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# A. Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

The **Knox County Railroad Authority** (KCRA) was established by Knox County in April 1999, to provide for the continuation of rail service within the County. KCRA is governed by a two-member Board consisting of the County Mayor and a member selected by the County Commission. KCRA is fiscally dependent on the County for approval of all debt issuances.

The **Knox Education Foundation** (KEF), formerly Project Grad Knoxville, Inc., is a private nonprofit corporation, incorporated to help ensure a quality public school education for Heart of Knoxville students, that equips and encourages youth to graduate from high school and to succeed in college or post-secondary vocational education. KEF was a supporting organization of Great Schools Partnership. During FY 2021 the governing bodies of the supported organization and KEF approved a plan to end the IRS Supporting Organization relationship and create the Knox Education Foundation. The supported organization merged into KEF effective July 1, 2020. On July 1, 2020, KEF assumed a singular 501(c)(3) status, fundraising and fiduciary oversight of Project GRAD Knoxville, Community Schools and Research and Development for both former organizations. There shall be at least ten (10) Directors of the Foundation and no more than twenty-five (25). The incumbent Mayor of the City of Knoxville, Mayor of Knox County, Chair of the Knox County Commission, Chair of the Knox County Board of Education and Superintendent of Knox County Schools shall serve as voting, ex officio members of the Board of Directors. Each elected Director shall hold office for a term of three (3) years. Complete financial statements for KEF may be obtained at their administrative office:

Knox Education Foundation 400 W. Summit Hill Drive, UTT Suite 385 Knoxville, TN 37902

The **Development Corporation of Knox County** (the Corporation) was a not-for-profit organization organized for the primary purpose of promoting and encouraging community and economic development within the boundaries of Knox County. The Corporation was governed by an eleven-member board: four members appointed by the County, two members appointed by the City of Knoxville, and five members who are citizens of Knox County. For those five citizen members, terms were staggered. Appointments were made by nomination from the entire Corporation board and presented to County Commission for approval. The County agreed to provide a portion of the Corporation's funding, and therefore the Corporation imposed a financial burden on the County. In November 2023, the Corporation ceased operations and transferred its assets and liabilities to the Industrial Development Board of the County of Knox. Complete financial statements for the Corporation may be obtained at:

The Development Corporation of Knox County 17 Market Square, # 201 Knoxville, TN 37902-1405

## NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

# A. Reporting Entity (Continued)

#### Discretely Presented Component Units (Continued)

The Board and KCRA do not issue separate financial statements from those of the County. Fund financial statements for the Board are, therefore, included in these financial statements. The activities of KCRA are accounted for in a single fund, and the information presented in the government-wide financial statements also constitutes the fund financial statements.

#### B. Government-wide and Fund Financial Statements

The accompanying financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Generally, the effect of interfund activity has been removed from the government-wide financial statements. Net interfund activity and balances between governmental activities and business-type activities are shown in the government-wide financial statements.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the fiduciary funds are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

## NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and pension trust fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and employ the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when they are "measurable and available". "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers property tax revenues available if they are collected within 60 days after the fiscal year end. All other revenues are considered available if collected within one year after the fiscal year end. Expenditures are recorded when the related fund liability is incurred, as under accrual accounting, except for debt and certain compensated absences which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are considered susceptible to accrual. Sales taxes collected and held by the state at year-end on behalf of the County are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible-to-accrual criteria are met. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

**Fund Accounting:** The accounts of the County are organized, operated and presented on the basis of funds. Funds are independent fiscal and accounting entities with self-balancing sets of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

## NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

*Governmental funds* are used to account for the County's general government activities. The County reports the following major governmental funds:

The *General Fund* is the County's primary operating fund. It accounts for all financial resources of the general government except those that are required to be accounted for in another fund. The major revenue sources are property taxes and local option sales tax.

The *Public Improvement Fund* accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary funds, exclusive of construction activity related to the Americans with Disabilities Act. The major revenue source is proceeds from debt issuances.

The *Debt Service Fund* accounts for the servicing of general long-term debt not being financed by proprietary funds. The major revenue source is property tax collections.

The *Federal, State and Other Grants Fund* accounts for the management of grant programs. The major revenue source are grants from the federal and state governments.

**Proprietary funds** are used to account for governmental activities that are similar to activities that may be performed by a commercial enterprise.

*Enterprise funds* account for operations that provide services primarily to the general public on a user charge basis. The Three Ridges Golf Course operations are accounted for as an enterprise fund.

*Internal service funds* account for operations of the County that provide services to other departments, agencies, other governments, component units, and joint ventures on a cost reimbursement basis.

Activities accounted for in the internal service funds include: (1) provision of gasoline and maintenance services for County vehicles, (2) operation of a central mailroom, (3) payment of retiree medical premiums, employee retirement, life insurance and other payroll related expenses, and unemployment claims, (4) accounting for the payment of workers' compensation and general liability claims, (5) provision of central maintenance for County buildings, (6) providing technical support for electronic data processing functions, (7) accounting for the payment of employee health insurance claims, and (8) accounting for the vehicle leasing program.

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

*Fiduciary funds* account for assets held by the County in a trustee capacity or as an agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement. Fiduciary funds include the following:

The pension trust and other post-employment employee benefit trust funds are accounted for in essentially the same manner as the proprietary funds, using the same measurement focus and basis of accounting. The pension and other post-employment benefit (OPEB) trust funds account for the County's defined benefit pension plan, defined contribution pension plan, defined benefit OPEB and defined contribution OPEB plans. Plan member contributions are recognized in the period when contributions are due and payable in accordance with the terms of the plan. Employer contributions are recognized when due and the County makes a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Pensions - For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Teacher Legacy Pension Plan, the Teacher Retirement Plan and the Knox County Executive and Officials participation in the Tennessee Consolidated Retirement System (TCRS) and additions to/deductions from these plans' fiduciary net position have been determined on the same basis as they are reported by the TCRS. For this purpose, benefits (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms of the Plans.

Fiduciary funds also include custodial funds used to account for the receipt and disbursement of funds held for various third parties. Custodial funds include transactions related to (1) local sales taxes collected by the State of Tennessee and remitted to the County for distribution to other municipalities, (2) funds held on behalf of subdivision developers pending completion of road and hydrology requirements, (3) cash held by the County on behalf of several external agencies and County joint ventures, and (4) funds held by various elected officials on behalf of state agencies and/or other funds. Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is generally the government's policy to use restricted resources first and then, unrestricted resources as they are needed.

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

#### **Component Units**

The Board of Education uses three major governmental funds (general purpose school fund, federal projects fund, and school construction capital projects), three nonmajor governmental (special revenue) funds, and one fiduciary fund (pension trust fund). These fund types use the same measurement focus and basis of accounting as those of the County. KCRA follows the County's governmental funds measurement focus and basis of accounting. The District follows the County's proprietary funds measurement focus and basis of accounting. The Corporation's separately issued financial statements also are accounted for as a proprietary fund. The KEF's separately issued financial statements are prepared in accordance with the requirements of the Financial Accounting Standards Board (FASB). The financial data included for the KEF in this Annual Comprehensive Financial Report has been formatted to comply with the classification and reporting requirements of the Governmental Accounting Standards Board (GASB).

### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity

# **Deposits and Investments**

The cash and cash equivalents of the County and its component units are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

The County maintains a pooled cash system through the Knox County Trustee. The fair value of purchased investments and investment income at fiscal year-end is allocated to major funds based on the total cash position of that fund at fiscal year-end. In accordance with County directive, the County and Board record investment income where approved and allocated in the annual budget, primarily to the County's General Fund, Debt Service Fund, Public Improvement Fund, General Purpose School Fund, and School Construction Fund.

State statutes and local ordinances authorize the County and the Board to invest in certificates of deposit, the State Local Government Investment Pool, U.S. Treasury obligations, U.S. agency issues, corporate bonds, equity funds, short-term bond funds, and guaranteed investment contracts.

Investments are reported at fair value. Realized gains and (losses) from the sale of investments are calculated separately from the change in the fair value. Realized gains or (losses) in the current period include unrealized amounts from prior periods. Purchases and sales of securities are recorded on the tradedate basis. Interest income is recorded on the accrual basis.

## NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

# **Deposits and Investments (Continued)**

Investments - Fiduciary Fund - The pension trust fund's investments, except for guaranteed investment contracts (GIC), are stated at fair value. Guaranteed investment contracts are valued at contract value. Investment income includes realized gains (losses) from the sale of investments, unrealized gains (losses) in the change in fair values, and interest and dividend income earned during the year, net of investment related expenses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

#### Receivables, Payables, and Unearned Revenue

In the County's and Board's fund financial reporting, transactions between County funds and Board funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Transactions between the County and its component units that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "advances to/from Component Units." All other outstanding balances between the County and its component units are reported as "due to/from Component Units/Primary Government."

In the fund financial statements, governmental funds report unearned revenue in connection with receivables for revenues that are not considered available to liquidate liabilities of the current accounting period. Governmental funds also defer recognition of revenues in connection with resources that have been received, but not yet earned. The County accrues additional assets (receivables) for certain nonexchange revenues in governmental funds. As governmental funds are subject to the modified accrual basis of accounting, any additional revenues recognized as receivable before the resources are available have been reported as deferred inflows of resources with no resulting effect on fund equity. Unearned revenue in the government-wide financial statements consists of resources received that have not yet been earned.

All trade receivables are shown net of an allowance for doubtful accounts. Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. In Tennessee, this date is January 1<sup>st</sup>, and is referred to as the lien date. Revenues from property taxes, however, are recognized in the period for which the taxes are levied, which for the County is October 1<sup>st</sup> of the ensuing fiscal year. Property tax payments are due by February 28 of the following year. Since the receivable for property taxes is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated amount for uncollectible taxes, is reported as deferred inflows in the fund financial statements and in the government-wide financial statements as of June 30<sup>th</sup>.

# NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

#### Receivables, Payables, and Unearned Revenue (Continued)

Property taxes receivable are also reported as of June 30<sup>th</sup> for the taxes that are levied and uncollected during the current fiscal year as well as the previous eight fiscal years. These property taxes receivable are presented on the fund balance sheet with offsetting deferred inflows to reflect amounts not available as of June 30<sup>th</sup>. Property taxes collected within 60 days of year-end are considered available and are accrued as revenue. Property taxes collected later than 60 days after year-end are not considered available and are accrued and reported as deferred inflows. An allowance for uncollectible taxes is also recorded representing the estimated amount of delinquent taxes receivable that will be filed with the court for collection. Delinquent taxes filed with the court for collection are considered uncollectible and are written off.

# Inventories and Prepaid Assets

The County and Board maintain balances of supplies and materials inventories in their proprietary and governmental funds. Inventories in the proprietary funds are stated at the lower of cost or market. Inventories in the governmental funds are stated at cost. Inventories are accounted for under the consumption method. Supplies for resale and the cost of oil and gasoline in the internal service funds use the first-in, first-out (FIFO) flow assumption in determining cost.

The Board values school supplies inventories using the specific identification method. The Board's Central Cafeteria Fund inventories are composed of food supplies. These inventories are stated at cost.

The County's general fund inventory consists of land held for resale. The land is recorded at cost excluding the cost of infrastructure (roads, utilities, etc.).

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid assets. The amount of the prepayment is recognized as an expenditure in the period the payment is made (purchase method).

# NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the governmental activities column in the government-wide financial statements. The County and Board define capital assets as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend asset lives are not capitalized.

All reported capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's and Board's historical records of necessary improvements and replacement. Public domain infrastructure includes long-lived assets, primarily roads; system infrastructure includes street lighting and other assets with shorter expected useful lives.

Depreciation is computed using the straight-line method generally over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	45
Land Improvements	10 - 20
Public Domain Infrastructure	40
System Infrastructure	25
Vehicles	5
Machinery and Equipment	5 - 20
Intangibles	5 - 10

It is the County's, Board's, and the District's policy to capitalize the cost of the rights to externally acquired software as an intangible asset.

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

# Compensated Absences

It is the policy of the County and its component units to permit employees to accumulate, in varying amounts, earned but unused vacation, compensatory time and sick pay benefits. The County's and Board's policy for retiring employees is that they may be paid for unused sick leave in varying amounts up to a maximum of \$10,000 for the County and one year's salary for the Board. Vacation, compensatory, and sick leave benefit liabilities from the County's and the Board's governmental funds are not reported in their respective fund financial statements because it is not expected that such amounts would be liquidated with expendable available financial resources. For the County and Component Unit governmental activities, compensated absences liabilities are generally liquidated by the respective general fund. The compensated absences liability and the related change in liability are reported in the government-wide and proprietary fund financial statements of the County and its component units.

## Risk Financing Activities

Knox County and its component units are exposed to various risks of loss associated with general liability claims. The County and Board are self-insured for such risks. The majority of general liability and worker's compensation claims are accounted for in the Self Insurance Fund, an internal service fund. The County and Board's policy is to utilize the Self Insurance Fund to account for claims that meet certain criteria. Claims that meet these criteria include (1) those that are reasonably expected to occur from time to time as the result of normal recurring activities, (2) claims that do not appear to result from gross negligence or intent, (3) claims that are expected to be settled within a reasonable period of time and that are not expected to be in unusual amounts, and (4) claims that have not resulted in death or catastrophic injury. On occasion, events occur giving rise to claims that do not meet the County's criteria for recording in the Self Insurance Fund. Such claims are accounted for in the appropriate governmental fund.

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

# **Long-Term Obligations**

The County and the Board record long-term debt in the government-wide financial statements. Similarly, long-term debt and other obligations financed by the County's proprietary funds and the District are recorded as liabilities in the appropriate funds.

Bond premiums and discounts, as well as deferred amounts on refundings, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable unamortized bond premium or discount.

Governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures in the period incurred.

# Fund Equity

In the governmental fund financial statements of the County and the Board component unit, fund balance is reported in classifications that comprise a hierarchy based primarily on the extent to which the County and Board are bound to honor constraints related to the specific purposes for which amounts in the funds can be spent. The classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are (a) not in spendable form, or (b) legally or contractually required to be maintained intact (e.g., endowments). Fund balance not in spendable form includes items not expected to be converted to cash (e.g., inventories and prepaid items), as well as the County's investment in joint venture. The County does not have any nonspendable fund balance that is legally or contractually required to be maintained intact.

Restricted fund balance includes amounts that are restricted for specific purposes. These amounts result from constraints placed on the use of resources (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

#### NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

# Fund Equity (Continued)

Committed fund balance includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, which for the County is the County Commission. Amounts are reported as committed pursuant to resolutions passed by Commission (legislative branch), which have also been approved by the County Mayor (executive branch.)

Assigned fund balance consists of amounts constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. The County Mayor is the head of the County executive branch, and the Mayor is the County's chief fiscal officer as set forth in the Knox County Charter. Therefore, assignments may be made upon the authority of the County Mayor or designee.

Unassigned fund balance is the residual balance in the general fund (i.e., fund balance that is not nonspendable, restricted, committed, or assigned). The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

The County has adopted a policy requiring that a minimum level of unassigned fund balance in the General Fund equal to three months (25%) of regular, ongoing operating expenditures be maintained. Generally, when expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted amounts are expended first, and then unrestricted funds are used. Generally, when expenditures are incurred utilizing unrestricted funds, unassigned amounts are expended first, then assigned amounts, then committed amounts. Net position in government-wide and proprietary fund financial statements are classified as investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments, or imposed by County law.

## NOTE I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Equity (Continued)

#### Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to future period(s) and therefore, will not be recognized as an outflow of resources (expense/expenditure) until then. In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. GASB No. 87 establishes a deferred inflow of resources representing the present value of long-term lease payments expected to be received during a lease payment term net of any prepayments received from lessees and lease incentives paid to lessees.

#### E. Additional Information

# Comparative Data/Reclassifications

Comparative total data for the prior year has been presented in selected sections of the accompanying financial statements to provide an understanding of the changes in the financial position and operations of the County and the Board. Comparative totals have not been included on statements where their inclusion would not provide enhanced understanding of the reporting entity's financial position and operations or would cause the statements to be unduly complex and difficult to understand. Certain items have been reclassified from the prior year to conform to current year presentation that have no effect upon prior year results.

#### **Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

#### NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### A. Budgetary Data

#### Budget Basis/Authority

Annual budgets, as required by the County Charter and applicable County ordinances, are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds, except as noted below.

The Constitutional Officers Special Revenue Fund is used to account for the transactions of the fee and commission accounts of the County Trustee, Register of Deeds, County Clerk, Criminal and Fourth Circuit Court Clerk, Circuit and General Sessions Court Clerk, and Clerk and Master. These separately elected officials pay salaries and related expenditures from fees and commissions earned by their offices. This fund does not adopt an annual budget.

Excess fees and commissions are transferred to other funds. In some instances, all fees and commissions earned are transferred to other funds. Transactions related to the Constitutional Officers Special Revenue Fund are not subject to the budgetary control of the County Commission. Therefore, this fund is presented as an unbudgeted special revenue fund.

The Drug Control Special Revenue Fund is established pursuant to Tennessee Code Annotated Section 39-17-420, stipulating drug control activities to be reported in a special revenue fund. The budget for this fund is a separately adopted budget proposed by the Sheriff and approved by the County Commission. Budgetary control is at the total fund level.

The County's Public Improvement and ADA Construction Capital Projects Funds, and the Board's School Construction Capital Projects Fund each adopt project-length budgets for major construction projects rather than annual budgets for these projects.

Budgets for the County's State, Federal and Other Grants Fund (excluding a single program noted below) and the Board's School Federal Projects and General School Projects Funds are generally adopted at the time the grant or program has been approved by the grantor, so that the Commission can fulfill any requirement to appropriate local matching funds at the time of adoption.

The County's State, Federal and Other Grants fund does include one program, an Air Quality grant program, for which the County adopts an annual budget. This grant constitutes a minor portion of the fund, with 2024 revenues comprising 2.0% of the fund totals. As only a certain small portion of the County's State, Federal and Other Grants Fund is subject to a legally adopted budget, the fund's "Comparative Schedule of Revenues, Expenditures and Changes in Fund Balances-Budget and Actual" includes only that portion as both budget and actual information (budget basis), with a reconciliation to the corresponding totals for the entire fund (GAAP basis).

With the exception of project length budgets and grants, all appropriations lapse at fiscal year-end.

#### NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### A. Budgetary Data (Continued)

#### **Budgetary Process**

On or before April 15, heads of all County departments and agencies submit requests for appropriations to the County Department of Finance. The Board prepares a comprehensive budgetary request that is also sent to the Department of Finance. This budget has been approved by the members of the Board of Education and is sent to the County for adoption.

The Department of Finance in conjunction with the Office of the County Mayor compiles the requests, negotiates with the various departments and submits a comprehensive budget to the County Commission. By July 1, the final County and Board budget is adopted by County Commissioners.

The appropriated County budget is prepared at the fund, department, and major category level. For the County, the legal level of budgetary control, that is, the level at which management cannot overspend funds without a budget amendment approved by the County Commission, is the major category level within departments. The major categories are Personal Services, Employee Benefits, Contracted Services, Supplies and Materials, Other Charges, Debt Service and Capital Outlay.

The budget adopted by the County for the Board is recommended by the County Mayor and adopted in total. The County does not exercise control over the Board at the department or major category level. After the budget for the Board is approved, the Board of Education may modify it within the total appropriation granted by the County Commission.

The budget and actual schedules included herein are not intended to demonstrate compliance at the legal level of budgetary control. Such statements and schedules are included in the County's separately issued *Budget Report to Citizenry*. Copies of the report may be obtained from the Knox County Department of Finance or online at: https://www.knoxcounty.org/finance/budget.php.

Knox County Department of Finance Room 630 City County Building 400 Main Avenue Knoxville, TN 37902

### NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### A. Budgetary Data (Continued)

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation, is utilized for budgetary control purposes in the governmental funds. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances outstanding at year-end are included in the balances of assigned, committed, or restricted fund balance based on the purposes for which the resources that will be used to liquidate the encumbrances have been classified. Encumbrances are not treated as expenditures for financial reporting purposes. Outstanding encumbrances are reappropriated in the subsequent year. Significant encumbrances at June 30, 2024 include \$1,385,575 for the County's General Fund and \$1,131,467 for the Board's General Purpose School Fund. Significant commitments related to the County's Public Improvement Fund and the Board's School Construction Fund are described in Note IV-E.

#### Supplemental Appropriations

The following schedule shows the annual budget originally adopted expenditures and transfers out for the County and the Board, and the revisions to that budget as authorized by the County Commission, for the year ended June 30, 2024:

Fund	_	Original Budget	Revisions		Final Budget
Governmental Funds:					
General Fund	\$	222,353,020	\$	11,129,251	\$ 233,482,271
Special Revenue Funds:					
Federal, State and Other Grants		160,000		1,045,923	1,205,923
Governmental Library		118,601		-	118,601
Public Library		15,303,300		255,816	15,559,116
Solid Waste		4,802,792		35,730	4,838,522
Hotel/Motel Tax		10,500,000		2,924,651	13,424,651
Drug Control		603,000		124	603,124
Engineering & Public Works		25,162,347		943,993	 26,106,340
Total Special Revenue Funds		56,650,040		5,206,237	 61,856,277
Debt Service Fund		80,000,000		113,000	80,113,000
Total - Governmental Funds	\$	359,003,060	\$	16,448,488	\$ 375,451,548

#### NOTE II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

#### A. Budgetary Data (Continued)

Fund		Original Budget Revisions			Revised Budget
Component Unit - the Board:					
General Fund: General Purpose School	_\$	660,686,000	\$	23,262,705	\$ 683,948,705
Special Revenue Fund: Central Cafeteria		31,100,000		4,423,394	35,523,394
Total - the Board	\$	691,786,000	\$	27,686,099	\$ 719,472,099

Remaining supplemental appropriations primarily represent funds designated during the previous fiscal year, encumbrances outstanding at June 30, 2023 reappropriated during fiscal year 2024, and grant awards appropriated at the time the award is received.

A local ordinance requires a two-thirds approval of the County Commission before reducing any County fund balance below an amount equal to five percent of the total amount budgeted in the fund. State law stipulates that the Board's General Purpose School fund balance shall be maintained at a minimum level of three percent of the budgeted annual operating expenses for the current fiscal year. A school fund balance that exceeds 3% can be used for any educational purpose.

#### NOTE III. DETAILED NOTES ON ALL FUNDS

#### A. Deposits and Investments

The County, the Board and the District maintain a cash and investment pool through the County Trustee's office. The County Trustee is the treasurer of the County and in this capacity is responsible for receiving, disbursing, depositing and investing most funds.

The Trustee of Knox County utilizes a negotiated sweep agreement for a portion of funds held by the Trustee. These funds are invested each night in various instruments, but under the County's policy these funds are classified as Cash and Cash Equivalents.

Other investments are held in the State of Tennessee's Local Government Investment Pool ("LGIP") and are not subject to categorization. LGIP investments are reported at amortized cost using a stable net asset value. State statutes require the state treasurer to administer the Pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. All other investments are reported at fair value. No investments required to be reported at fair value were held in the Pool at the balance sheet date. There are no minimum or maximum dollar limits on the size of withdrawal transactions. In most cases, a withdrawal will be honored the same day it is requested. However, withdrawals of \$5,000,000 or more will be honored the next working day after request.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's governmental activities investments follow their adopted investment policy and are monitored and managed by an Investment Committee, whose objectives are to maximize earnings while reducing the exposure to interest rate risks to a low level by utilizing a mixture of short and long-term maturity investments so that the changing interest rates will cause only minimal deviations in the net asset value. Investment maturities shall not exceed three years without the approval of the Investment Committee or greater than five years without the approval from the Director of State and Local Finance or as otherwise provided by State Statute. Investments of bond proceeds shall not exceed two years without the approval of the Investment Committee.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Interest Rate Risk (Continued)

The County's investments are primarily in U.S. Government Securities and securities issued by agencies of the U.S. Government. The County's and Board's Pension Trust fund activities are managed by the Knox County Retirement Board (see separately issued Pension Trust Fund Statements), whose objectives are to maximize earnings while reducing the exposure to interest rate risks to an appropriate level by using a mixture of long-term and short-term investments in various debt and equity securities. The following represents the County's and the Board's governmental activities investments and the activities of the County's and the Board's Pension Trust funds:

	County and Board Governmental Activities			County and Board Fiduciary Activities			
		Fair Value or Carrying Amount	Weighted Average Maturity (Years)	Ca	Fair Value or Arrying	Weighted Average Maturity (Years)	
Cash Equivalents Classified as Investments	\$	361,859		\$	-		
Certificates of Deposit held greater than 90 days		250,000			-		
Mutual Funds		-		6	71,768,576		
Fixed Income Securities							
U.S. Treasuries		167,808,986	0.367		-		
Federal Agency Mortgage Backed Securities		2,834,820	0.095		-		
Federal Agency Debt Securities		34,327,092	0.696		-		
Municipal Bonds		25,311,832	1.280				
Total Fixed Income Securities		230,282,730					
Investments, at Contract Value							
Guaranteed Investment Contracts		-		1	21,602,529		
Total Investments	\$	230,894,589		\$ 7	93,371,105		

The Fiduciary Activities investments are allocated to the County's and Board's pension trust funds of \$752,775,849 and \$40,595,256, respectively. The Fiduciary Activities investments include the Post-Retirement Incentive Medical Trust (Retiree Healthcare Plan) as described in Note V-A. The Pension Board does not manage the Retirement Incentive Medical Trust. It is managed by the Knox County Finance Department with the direction of USI Consulting Group.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Custodial credit risk

The County's policies limit deposits and investments to those instruments allowed by applicable state laws. Tennessee State Law requires financial institutions to secure a local government's deposits by pledging governmental securities as collateral. The fair value of pledged securities must equal at least 105% of the average daily balance of deposits. Alternatively, financial institutions that hold public deposits may participate in the State's collateral pool.

A portion of the County's, the Board's and the District's deposits at June 30, 2024 were covered by the bank collateral pool administered by the Treasurer of the State of Tennessee (the State). Banks participating in the pool report the aggregate balance of their public fund accounts to the State. Collateral to secure these deposits must equal between 90 - 115 percent of the average daily balance of public deposits held and must be pledged to the State Treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in aggregate rather than against each individual account. The members of the pool may be required to pay an assessment to cover any deficiency. At June 30, 2024, no deposits were exposed to custodial credit risk.

#### Credit risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The County's adopted investment policy is designed with the objective of attaining a market rate of return, taking into account investment risk constraints and liquidity needs. Return on investment is of least importance compared to the safety and preservation of principal and liquidity. The County will limit credit risk, the risk of loss due to the failure of the security issuer or backer, by limiting investments to the types of securities listed in the investment policy and as allowed under Title 5, Chapter 8 of the Tennessee Code Annotated and by diversifying the investment portfolio so that potential losses from any type of security or from any individual securities will be minimized and by limiting investments to specified credit ratings.

The County's and Board's Pension Trust funds are managed with long-term objectives that include maximizing total investment earnings. State statutes and County policies allow the Pension Trust funds a broader range of investments than those available to the governmental activities. The credit risk of the investments of the County's and Board's governmental activities and investments in fixed-income securities is as follows:

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Credit Risk (Continued)

#### Primary Government and Board Governmental Activities

_		Fair Value	Standard & Poor's and Moody's Credit Ratings		
U.S. Treasuries	\$	60,003,023	Aaa	Moody's	
U.S. Treasuries		107,805,963	NR		
Federal Agency Mortgage Backed Securities		2,834,820	Aaa	Moody's

Municipal Bonds		2,975,670	A-	S&P	
Total Fixed Income Securities	\$	230,282,730			

#### Concentration of Credit Risk

The County's governmental investment activities will diversify the overall portfolio to eliminate the risk of loss from an over concentration of assets in a specific class of security, a specific maturity, and/or a specific issuer. According to the County's investment policies, the maximum percentage of the portfolio (book value at the date of acquisition) permitted in each eligible security is as follows:

U.S. Treasury	100% maximum
Federal Agency/Instrumentalities	100% maximum
Tennessee LGIP	50% maximum
Repurchase Agreements	20% maximum
Commercial Paper	30% maximum
Bankers' Acceptances	10% maximum
Insured/Collateralized Certificates of Deposit	100% maximum
State, County and Municipal Obligations	50% maximum

The combined amount of bankers' acceptances and commercial paper shall not exceed forty percent (40%) of the total book value of the portfolio at the date of acquisition.

The County's and Board's Portfolio will be further diversified to limit the exposure to any one issuer. No more than three (3%) or five million dollars, whichever is less, of the County's portfolio will be invested in the securities of any single issuer.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Investments Measured at Fair Value

GASB Statement No. 72 generally requires that investments be measured at fair value and establishes a hierarchy of inputs to valuation techniques used to measure fair value. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

Investments whose values are based on quoted market prices in active markets, and are therefore classified within Level 1, primarily include certain U.S. Government obligations, common stock and preferred stock equities. These investments are traded daily in public markets in the United States and other foreign countries. The fair value of these investments is based on the last reported sales price on the last day of the fiscal year.

Investments that trade in markets that are not considered to be actively traded on a daily basis, but are valued based on quoted market prices, dealer and broker quotations, bid prices, or alternative pricing sources using observable inputs, are classified within Level 2. These include certain U.S. Government and foreign obligations, interest-earning investment contracts – certificates of deposit (participating), investment grade corporate bonds and bank loans, certain mortgage and asset backed securities, less-liquid listed securities, certain government agency securities, and foreign currency exchange purchase and sales contracts.

Investments classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all. Level 3 investments include private equity funds, real estate investment, limited partnerships, certain mortgage and asset backed and common and collective trust funds that are primarily invested in real estate. The fair value of these investments is determined by estimates provided by independent pricing sources in asset classes, non-binding bid prices from industry vendors and managers, and the net asset value on the last day of plan year.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

### A. Deposits and Investments (Continued)

#### Investments Measured at Fair Value (Continued)

The fair value measurements of the County and the Board's investments at June 30, 2024 are as follows:

		Fair Value Measurements Using					
Primary Government - Governmental Activities	Total		Quoted Prices in Active Markets for Identical Assets (Level 1)		Significant Other Observable Inputs (Level 2)	Signit Unobse Inpu (Lev	ervable its
<u> </u>	 Total		(Level I)		(Level 2)	(LEV	E1 3)
Investments by Fair Value Level Debt Securities:							
US Treasuries	\$ 167,808,986	\$	167,808,986	\$	-	\$	-
Fixed Government Agency	37,161,912		-		37,161,912		-
Municipal Bonds	 25,311,832		-		25,311,832		
Total Debt Securities by Fair Value Level	 230,282,730		167,808,986		62,473,744		
Interest-earning Investment Contracts - Certificates of Deposit	 250,000				250,000		
Total Investment by Fair Value Level	\$ 230,532,730	\$	167,808,986	\$	62,723,744	\$	

Debt securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities and certificates of deposit are classified in Level 2 of the fair value hierarchy and are valued using a matrix pricing technique. The certificates of deposit are participating as defined by GASB and meet the criteria for fair value reporting. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Investments Measured at Fair Value (Continued)

The following is a description of the valuation techniques used to measure investments at fair value for the Fiduciary Activities:

Interest-Bearing Deposits and Money Market Funds: Valued at purchase price, which approximates fair value.

*Debt Securities:* Typically this category includes corporate bonds, U.S. Treasuries, Federal agency debt securities, Federal agency mortgage backed securities and municipal bonds. Values are based upon quotes obtained from national or international exchanges and other observable inputs from market data and are classified as level 1 or 2 of the fair value hierarchy.

*Mutual Funds:* Valued at quoted market prices which represent the net asset value of shares held by the plans at year end and are classified as level 1 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the plan administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation techniques used in the fair value measurements from the prior year.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### Investments Measured at Contract Value

The GICs are group annuity contracts that offer full guarantees on principal and interest by the insurance company (issuer). The contracts are fully benefit-responsive. GICs are recorded at their contract value and are a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contracts. Contract value represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees.

#### TCRS Stabilization Reserve Trust

Legal Provisions - The Board is a member of the Tennessee Consolidated Retirement System (TCRS) Stabilization Reserve Trust. The Board has placed funds into the irrevocable trust as authorized by statute under Tennessee Code Annotated (TCA), Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the trust. Funds of trust members are held and invested in the name of the trust for the benefit of each member. Each member's funds are restricted for the payment of retirement benefits of that member's employees. Trust funds are not subject to the claims of general creditors of the Board.

The trust is authorized to make investments as directed by the TCRS Board of Trustees. The Board may not impose any restrictions on investments placed by the trust on their behalf.

Investment Balances - Assets of the TCRS, including the Stabilization Reserve Trust, are invested in the Tennessee Retiree Group Trust (TRGT). The TRGT is not registered with the Securities and Exchange Commission (SEC) as an investment company. The State of Tennessee has not obtained a credit quality rating for the TRGT from a nationally recognized credit ratings agency. The fair value of investment positions in the TRGT is determined daily based on the fair value of the pool's underlying portfolio.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### **TCRS Stabilization Reserve Trust (Continued)**

Furthermore, TCRS had not obtained or provided any legally binding guarantees to support the value of participant shares during the fiscal year. There are no restrictions on the sale or redemption of shares.

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price. Investment income consists of realized and unrealized appreciation (depreciation) in the fair value of investments and interest and dividend income. Interest income is recognized when earned. Securities and securities transactions are recorded in the financial statements on a trade-date basis. The fair value of assets of the TRGT held at June 30, 2024, represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Assets held are categorized for fair value measurement within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets that can be accessed at the measurement date.
- Level 2 Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; assets or liabilities that have a bid-ask spread price in an inactive dealer market, brokered market and principal-to-principal market; and Level 1 assets or liabilities that are adjusted.
- Level 3 Valuations derived from valuation techniques in which significant inputs are unobservable.

Investments where fair value is measured using the Net Asset Value ("NAV") per share have no readily determinable fair value and have been determined to be calculated consistent with FASB principles for investment companies are excluded from the fair value hierarchy.

Where inputs used in the measurement of fair value fall into different levels of the hierarchy, fair value of the instrument in its entirety is categorized based on the lowest level input that is significant to the valuation. This assessment requires professional judgement and as such management of the TRGT developed a fair value committee that worked in conjunction with the plan's custodian and investment professionals to make these valuations. All assets held were valued individually and aggregated into classes to be represented in the table below.

Short-term securities generally include investments in money market-type securities reported at amortized cost plus accrued interest.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Deposits and Investments (Continued)

#### TCRS Stabilization Reserve Trust (Continued)

Equity and equity derivative securities classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Equity and equity derivative securities classified in Level 2 are securities whose values are derived daily from associated traded securities. Equity securities classified in Level 3 are valued with last trade data having limited trading volume.

U.S. Treasury Bills, Bonds, Notes and Futures classified in Level 1 are valued using last reported sales prices quoted in active markets that can be accessed at the measurement date. Debt and debt derivative securities classified in Level 2 are valued using a bid-ask spread price from multiple independent brokers, dealers, or market principals, which are known to be actively involved in the market. Level 3 debt securities are valued using proprietary information, a single pricing source, or other unobservable inputs related to similar assets or liabilities.

Real estate investments classified in Level 3 are valued using the last valuations provided by external investment advisors or independent external appraisers. Generally, all direct real estate investments are appraised by a qualified independent appraiser(s) with the professional designation of Member of the Appraisal Institute ("MAI"), or its equivalent, every three (3) years beginning from the acquisition date of the property. The appraisals are performed using generally accepted valuation approaches applicable to the property type.

Investments in private mutual funds, traditional private equity funds, strategic lending funds and real estate funds that report using GAAP, the fair value, as well as the unfunded commitments, were determined using the prior quarter's NAV, as reported by the fund managers, plus the current cash flows. These assets were then categorized by investment strategy. In instances where the fund investment reported using non-GAAP standards, the investment was valued using the same method, but was classified in Level 3.

		Redemption	Redemption
Investments Measured at the Net Asset Value (NAV)	Total	Frequency	Notice Period
Private Equity and Strategic Lending	\$2,426,864	Daily	12 Months

**Risks and Uncertainties.** The TCRS Stabilization Reserve Trust's investments include various types of investment funds, which in turn invest in any combination of stock, bonds and other investments exposed to various risks, such as interest rate, credit, and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported for trust investments.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Board does not have the ability to limit trust investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Board does not have the ability to limit the credit ratings of individual investments made by the trust.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of the county's investment in a single issuer. The Board places no limit on the amount the Trust may invest in one issuer.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of a failure of the counterparty to a transaction, the Board will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Pursuant to the trust agreement, investments are held in the name of the Trust for the benefit of the Board to pay retirement benefits of the Board's employees.

For further information concerning the Board's investments with the TCRS Stabilization Reserve Trust, audited financial statements of the Tennessee Consolidated Retirement System may be obtained at https://treasury.tn.gov/Retirement/Retire-Ready-Tennessee/Discover-RetireReadyTN.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### **B.** Receivables (Continued)

The County's Public Improvement Fund has the following loan receivable at June 30, 2024:

(1) Loan receivable from Helen Ross McNabb Center (McNabb) with an initial balance of \$250,000 was originated during the fiscal year ended June 30, 2017. The non-interest bearing loan is for the purpose of providing funding for improvements to a facility that the County owns and McNabb occupies. The County and McNabb are splitting the cost of the improvements. Repayment of the loan will be made in 10 annual installments of \$25,000 through 2026, contingent on McNabb continuing to occupy the space and continuing to provide certain services to the County. As of June 30, 2024, \$50,000 remained outstanding.

The State, Federal and Other Grants Special Revenue Fund had \$619,745 of notes receivable at June 30, 2024. These note agreements are from eligible County citizens participating in various state and federal low-income housing projects. These notes are executed with a range of below market interest rates and varying repayment terms.

#### Advances to Other Entity

During the fiscal year ended June 30, 2006, the County advanced \$2,500,000 to the Knoxville-Knox County Community Action Committee (CAC). An additional advance during the fiscal year ended June 30, 2009 for \$3,500,000 was made to CAC from Knox County. These advances were made to provide funding for operations related to the timing of grant receipts and are to be repaid as revenues are received by CAC. Of the \$6,000,000 total advanced, CAC has repaid \$3,840,677 leaving an outstanding balance of \$2,159,323 as of June 30, 2024.

### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

### C. Capital Assets

#### D. Interfund and Component Unit Receivables and Payables

Interfund balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The composition of the County and component unit interfund receivables and payables as of June 30, 2024, is as follows:

### Due to/from Other Funds - Primary Government:

Receivable Fund	Payable Fund	Amount
Major Funds:		_
General	Constitutional Officers' Special	
	Revenue Fund	\$ 5,771,441
	State, Federal and Other Grants	 117,671
		5,889,112

Major Funds:		
General Purpose Schools	Central Cafeteria	\$ 302,267
	School Federal Projects	16,837,480
	School General Projects	2,336,544
		19,476,291
Nonmajor Special Revenue Funds: Central Cafeteria	General Purpose School	257,662
Total Board of Education		\$ 19,733,953

### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### E. Transfers and Similar Transactions

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. The composition of primary government transfers for the year ended June 30, 2024, is as follows:

#### **Primary Government:**

Transfers - In	Transfers - Out	Amount
<u>Major Funds:</u> General	Constitutional Officers - Special Revenue	\$ 15,853,757
Federal, State and Other Grants Federal, State and Other Grants - Air Quality	General General	253,902 300,000 553,902
Public Improvement	General	2,400,000
Total Major Governmental Funds		18,807,659
Nonmajor Governmental Funds: Special Revenue Funds: Public Library	Hotel/Motel	1,820,000
Solid Waste	General	126,500
Solid Waste	Engineering & Public Works	575,000 701,500
Engineering & Public Works	General	1,500,000
Total Nonmajor Special Revenue Funds		4,021,500
ADA Construction	Public Improvement	3,600,000
Total Nonmajor Governmental Funds		7,621,500
Total Governmental Funds		\$ 26,429,159

### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### E. Transfers and Similar Transactions (Continued)

Transfers - In	Transfers - Out	Amount
Internal Service Funds:		
Mailroom	General	\$ 155,000
Employee Benefits	General	609,350
Building Operations	General	2,200,000
Technical Support	General	585,000
Capital Lease	General	500,000
Total Internal Service Funds		\$ 4,049,350
Enterprise Fund:		
Three Ridges Golf Course	General	\$ 315,000

In addition, payments of \$1,670,222 were made from the Pension Trust – Defined Benefit and Disability Plans to the General Fund for the County Retirement Board administrative expenses.

#### Transfers Within Component Unit – the Board:

Transfers - In	Transfers - Out	 Amount
Major Funds:

Leases	14,827	14,827	
Total - Component Unit - the Board	\$ 103,297,323	\$ 101,419,759	

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### **H. Subscriptions**

The County's financial statements include Subscription-Based Information Technology Arrangements (SBITA) in accordance with GASB Statement No. 96. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology software. The value of the right to use asset as of June 30, 2024, of \$9,371,074 with accumulated amortization of \$4,937,336 is included with Subscription Software Assets on the capital asset schedules for the County and the Board. The County's SBITA liability has interest rates ranging from 1.71% to 3.238% due to the length of the terms. The maturity dates range from 2025 to 2033. The following schedule includes both the County and the Board.

The future SBITA payments for the County and Board are as follows:

#### Principal and Interest Requirements to Maturity

		Total SBITA Activities										
Fiscal Year	Fiscal Year Principal Paym			Interest Payments	<b>Total Payments</b>							
2025	\$	2,203,054	\$	89,123 \$	2,292,177							
2026		990,037		38,080	1,028,117							
2027		118,621		21,114	139,735							
2028		124,046		17,742	141,788							
2029		130,938		14,185	145,123							
2030 - 2033		417,035		19,172	436,207							
Total	\$	3,983,731	\$	199,416 \$	4,183,147							

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### I. Leases

The County's financial statements include Leases in accordance with GASB statement No. 87. Under GASB No. 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. The following lease schedules related to GASB No. 87 include both the County and the Board.

#### County as Lessee:

The County, as a lessee, has entered into various lease agreements involving office space, sports facilities, marinas, copier equipment, golf equipment, land, and vehicles. The total of the County's and Board's lease assets is recorded at a cost of \$17,992,752, less accumulated amortization of \$5,525,973.

The future lease payments under lease agreements for the County and Board are as follows:

Principal and Interest Requirements to Maturity

	Total Lessee Activities											
Fiscal Year	Prin	cipal Payments	Interest Payments	<b>Total Payments</b>								
2025	\$	2,459,133 \$	270,487	\$ 2,729,620								
2026		2,517,036	224,662	2,741,698								
2027		1,590,631	181,973	1,772,604								
2028		1,086,728	148,222	1,234,950								
2029		523,643	125,805	649,448								
2030 - 2034		1,441,783	504,079	1,945,862								
2035 - 2039		511,205	391,893	903,098								
2040 - 2044		450,846	337,285	788,131								
2045 - 2049		555,770	272,562	828,332								
2050 - 2054		677,329	193,258	870,587								
2055 - 2059		817,924	97,071	914,995								
2060 - 2061		323,251	7,727	330,978								
Total	\$	12,955,279 \$	2,755,024	\$ 15,710,303								

The County's leases related to the lease liability have interest rates ranging from 0.514% to 3.511%. The rates vary due to the length of the lease term. The maturity dates of the leases range from 2025 to 2061.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### I. Leases (Continued)

#### County as Lessor:

The County, as a lessor, has entered into various lease agreements involving sports facilities, office space, and buildings. The leases have receipts that range from \$300 to \$255,368 and interest rates that range from 0.727% to 2.736%. The total amount of inflows of resources, including lease revenue and interest revenue recognized during the fiscal year was \$643,279.

The future lease receipts under lease agreements for the County and Board are as follows:

**Principal and Interest Expected to Maturity** 

			<b>Total Lessor Activities</b>			
Fiscal Year	Princi	ipal Payments	Interest Payments	<b>Total Payments</b>		
2025	\$	565,076 \$	120,264	\$ 685,340		
2026		512,895	112,275	625,170		
2027		317,173	106,013	423,186		
2028		303,470	100,671	404,141		
2029		282,984	95,450	378,434		
2030 - 2034		692,125	424,999	1,117,124		
2035 - 2039		396,673	369,168	765,841		
2040 - 2044		485,820	313,986	799,806		
2045 - 2049		505,842	249,661	755,503		
2050 - 2054		591,947	181,073	773,020		
2055 - 2059		713,951	98,501	812,452		
2060 - 2061		323,848	12,622	336,470		
Total	\$	5,691,804 \$	2,184,683	\$ 7,876,487		

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### J. Long-Term Liabilities

#### Financed Purchases

All financed purchases pertain to governmental activities.

The Primary Government and the Board financed various land, buildings and equipment through financed purchase arrangements. The Primary Government's financed purchases are direct borrowings with financial institutions. The financed purchase agreements contain provisions that, in the event of a default, the lenders may take action to collect the entire remaining principal amount and/or to repossess equipment financed. The Primary Government's and the Board's financed purchases are reflected as liabilities in the Statement of Net Position.

The future minimum financed purchases are as follows:

Principal and Interest Requirements to Maturity - Primary Government

	Hannon Armstrong Solar Project (QECB Funding)											
Fiscal Year		Principal Payments		Interest Payments		<b>Total Payments</b>						
2025	\$	506,243	\$	423,630	\$	929,873						
2026		542,770		400,241		943,011						
2027		581,097		375,173		956,270						
2028		621,308		348,345		969,653						
2029		663,489		319,669		983,158						
2030 - 2034		4,025,682		1,096,973		5,122,655						
2035 - 2037		2,512,936		174,485		2,687,421						
Total	\$	9,453,525	\$	3,138,516	\$	12,592,041						

Principal and Interest Requirements to Maturity - Component Unit - The Board

	L&N Capital Lease STEM Academy											
Fiscal Year	Pri	ncipal Payments		Interest Payments		<b>Total Payments</b>						
2025	\$	333,919	\$	91,085	\$	425,004						
2026		347,524		77,480		425,004						
2027		361,683		63,321		425,004						
2028		376,418		48,586		425,004						
2029		391,754		33,250		425,004						
2030 - 2031		617,758		19,748		637,506						
Total	\$	2,429,056	\$	333,470	\$	2,762,526						

As of June 30, 2024, assets recorded under financed purchases totaled \$18,307,010 (\$879,609 land, and \$17,427,401 buildings and improvements). Related accumulated depreciation totaled \$8,108,817.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### J. Long-Term Liabilities (Continued)

#### Loans Payable

All loans payable pertain to governmental activities.

In November 2011, the County entered into a direct borrowing loan agreement with the State of Tennessee whereby the County borrowed funds for Knox County Board of Education capital purposes. The original proceeds of \$5 million, plus \$7,192 accrued interest added to principal, are payable in monthly payments including interest at .75% through July 1, 2024. Debt service requirements to maturity are as follows:

Fiscal Year Ending June 30,	P	rincipal	Int	erest	Total			
2025	\$	36,384	\$	23	\$	36,407		
Total	\$	36,384	\$	23	\$	36,407		

#### General Obligation and Public Improvement Bonds

The County issues general obligation and public improvement bonds to provide funds for the acquisition and construction of major capital facilities. Except for the existing debt issued pursuant to the establishment of the Uniformed Officers Pension Plan, all County bonded debt was issued for capital purposes. All bonded debt pertains to governmental activities.

For financial reporting purposes, the portion of those bond issues related to the Board are recorded as payments from the primary government in the Board's Capital Projects Fund. The County issues all the debt on behalf of the Board, in the County's name and with a full faith and credit pledge from the County. Therefore, from a legal perspective, the debt is County debt. In practice, the County's Five-Year Capital Plan, its Debt Service Fund and its Operating Budget are all developed with the Board providing funds from its operations to make the debt payments related to County debt issued on behalf of the Board. However, as all bonded indebtedness is County debt, the entire balance is recorded as a liability of the primary government in the government-wide financial statements.

The portion issued on behalf of the Board is not considered capital-related debt in the primary government's statement of net position. However, the total amount of the County's bonded indebtedness is considered capital-related in the total reporting entity column of the statement of net position.

Bond indebtedness for the County is backed by the full faith and credit of the County.

Bonds payable to be repaid from resources of the County and the Board currently outstanding are as follows:

#### **K.** Termination Benefits

During the fiscal year ended June 30, 2019, the Board established the Certified Retirement Incentive Plan. The Plan provides benefits for eligible employees who meet certain criteria regarding employment status and length of service and who choose to participate in the Plan. Benefits for employees who elected to participate in the Plan and retired from active employment during the fiscal year ended June 30, 2019, consist of monthly stipends, which will be adjusted annually. 222 Plan participants will receive these stipends over various periods, based on age and years of service, but not to exceed 14 years. As of June 30, 2024, the Board recorded an estimated liability of \$1,686,935 to be paid in varying annual amounts through 2033.

### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

### M. Property Taxes

Property taxes levied by the County Commission are the primary source of revenue for the County and the Board. Assessed values are established by the State of Tennessee at the following rates of assumed market value:

Personal Property	30 %
Railroads, Industrial and Commercial Property	40 %
Public Utility	55 %
Residential and Farm Real Property	25 %

Taxes were levied at a rate of \$1.554 per \$100 of assessed values. Tax collections of \$300,064,933 for fiscal year 2024 were approximately 97.93 percent of the total tax levy.

The 2023 fiscal year property tax rate of \$2.12 as approved in the 2023 budget. Subsequent to the adoption of the 2023 budget, the reappraisal of County property values was completed. The property tax rate was adjusted to \$1.554 in line with the revised tax base and was divided between the County and the Board as follows:

			Percent of
		Amount	Total
Primary Government:			
General Fund	\$	0.6524	41.982%
Debt Service Fund		0.3152	20.283%
Total - Primary Government		0.9676	62.265%

Total Tax Levy	\$	1.5540	100.00%
1 Otal Tax Lovy	Ψ	1.5570	100.0070

The 2024 fiscal year property tax rate of 1.554 was divided between the County and the Board as follows:

	A	Amount	Percent of Total
Primary Government:			
General Fund	\$	0.6524	41.982%
Debt Service Fund		0.3552	22.857%
Total - Primary Government		1.0076	64.839%
Component Unit - the Board:			
General Purpose			
School Fund		0.5464	35.161%
Total Tax Levy	\$	1.5540	100.00%

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### N. Tax Abatements

Knox County, Tennessee is committed to enhancing the development and improvement of its local business environment and economy, especially in areas that will ultimately improve the quality of life enjoyed by its citizens. In furtherance of this objective, Knox County has established a program using economic incentives based on tax abatement tools to attract and retain, on a basis competitive with other local governments, businesses that provide the types of employment, capital investment, community involvement and financial impact sought by Knox County and its citizens. Knox County established two incentive programs, the first being the Payment in Lieu of Taxes (PILOT). This program considers and evaluates on a case-by-case basis certain economic and business development opportunities. The PILOT's are administered for Knox County by The Industrial Development Board of the County of Knox (the "IDB"), a nonprofit quasi-governmental corporation that was established in 1966 pursuant to the Tennessee Industrial Development Corporation Act (the "Act"), Tenn. Code Ann. §§7-53-101. The IDB is authorized to negotiate and accept payments in lieu of ad valorem taxes in furtherance of the IDB's public purposes of economic welfare to maintain and increase employment opportunities and household income. As such, the IDB acts as a conduit organization for property tax abatements through PILOT agreements. Consideration is given on a case-by-case basis and includes analyses of job creation, economic impact, capital investment and wage rates. Housing authorities are also permitted by state law to undertake payment in lieu of tax programs and tax increment financing programs. State law permits these types of financing by housing authorities only in designated redevelopment areas approved by the City and County. Applicants for tax increment financing for projects located in redevelopment areas are referred to the Knoxville Community Development Corporation (KCDC).

Many of the tax abatement agreements entered into by the County also involve the City of Knoxville if they are located within the city limits. All of the tax abatement agreements entered into by the City will involve a County portion. The abatements are determined by a base appraisal of the property when the agreement is made.

During the fiscal year ended June 30, 2024, there were 90 PILOT agreements in force with net tax abatements totaling \$5,255,091. With the significant number of abatements in place the County chose to describe herein only those abatements that were greater than \$500,000. During FY 2024, there were no abatements greater than \$500,000. The agreements include a provision for the recapture of abated taxes in the event an abatement recipient does not fulfill the commitment it makes in return for the tax abatement.

The tax abatements at June 30, 2024 are all similar in nature incorporating requirements which include renovating buildings for the betterment and welfare of the citizens of the communities where they are located and creating jobs.

#### NOTE III. DETAILED NOTES ON ALL FUNDS (Continued)

#### N. Tax Abatements (Continued)

The second incentive program is the Tax Increment Financing (TIF) which is an economic development tool used by the County to allocate all or a portion of the new, additional taxes generated by a project over a limited period of time to pay for public infrastructure and other improvements related to that project. Tax increment is the difference in tax revenues generated by the project in the plan area after the project has been completed, compared with the tax revenues generated in the plan area before the development plan was adopted. The difference in these tax revenues pays the costs of improvements to the public infrastructure serving the plan area.

In the County (typically for those areas outside qualified redevelopment and urban renewal project areas), the IDB has established policies and procedures for the facilitation of Tax Increment Financing. The County IDB's TIF Program is primarily for economic development projects that provide improvement to public infrastructure in blighted and under-utilized areas of Knox County and in other properties designated by Knox County Commission and Knoxville City Council. TIF notes are not included in the County's general debt obligations. The structure of these transactions allows the County, through agreements with private developers, to utilize the new incremental revenue streams to accelerate funding of improvements.

During the fiscal year ended June 30, 2024, there were 25 TIF agreements in force with net tax abatements totaling \$2,207,195. These abatements are used to make payments on the TIF notes for the benefit of the developers.

#### NOTE IV. OTHER INFORMATION

#### A. Joint Ventures

The County is a participant in a joint venture with the City of Knoxville and the Knoxville Utilities Board in the operation of the Geographic Information Systems (GIS). GIS was established to create and maintain a digitized mapping system of Knox County. Each of the participants appoints one of the three board members who oversee the operations. In March 1987, the County issued public improvement bonds, which included \$5,500,000 used to install the geographic information system. In accordance with the terms of the joint venture agreement, payments are shared between the County, the City of Knoxville and the Knoxville Utilities Board. In the 2024 fiscal year, the joint venture received 91 percent of its operating revenues from the participants in the joint venture. GIS charged the County \$487,540 for the year ended June 30, 2024. The County does not retain an equity interest in the joint venture. The financial results of GIS have maintained adequate equity levels. Since the support for GIS is shared with two other entities, the County considers its involvement to be of minimal risk. Complete separate financial statements for GIS may be obtained at 606 Main Street, Suite 150, Main Place, Knoxville, TN 37902.

#### NOTE IV. OTHER INFORMATION (Continued)

#### A. Joint Ventures (Continued)

The County is a participant in a joint venture with the City of Knoxville in the operation of the Public Building Authority of the County of Knox and the City of Knoxville, Tennessee (PBA). The Authority was created to purchase, construct, refurbish, maintain and operate certain public building complexes to house the governments of the County and the City of Knoxville. The County appoints six of an elevenmember board of directors, which oversee the operations of PBA. The fact that the County appoints a majority of the board is negated by the participants' agreements calling for joint control of PBA. The County retains an equity interest in the joint venture. The County contributed \$12,151,092 to the PBA for development, management, and maintenance of County projects during 2024. Complete separate financial statements for PBA may be obtained at Room M-22, City County Building, and 400 Main Street, Knoxville, TN 37902.

The County is a participant in a joint venture with the City of Knoxville in the operation of the Sports Authority of the County of Knox and the City of Knoxville, Tennessee (Sports Authority). The Sports Authority was created (i) to plan, promote, finance, construct, acquire, renovate, equip and enlarge and operate sports complexes, stadiums, arenas, structures and facilities for public participation and enjoyment of professional and amateur sports, fitness, health and recreational activities, and (ii) to do what is reasonable and necessary to attract professional sports franchises to the City of Knoxville and Knox County thereby promoting economic development and prosperity. Permission to organize this Sports Authority has been granted by a resolution duly adopted by the Council of the City of Knoxville, Tennessee on the 15th day of December 2020 and by a resolution duly adopted by the Commission of Knox County, Tennessee on the 21st day of December 2020. The Sports Authority is governed by a board of directors, having seven (7) directors, all of whom are duly qualified voters and taxpayers in the City of Knoxville and/or Knox County, Tennessee. Each director is jointly appointed by the Commission of Knox County, Tennessee and the Council of the City of Knoxville, Tennessee. The County does not retain an equity interest in the joint venture. Complete separate financial statements for the Sports Authority may be obtained at their principal office located at 900 South Gay Street, Suite 1700, Knoxville, Tennessee 37902.

The County is a participant in a joint venture with the City of Knoxville in the operation of the Knoxville-Knox County Office of Housing Stability (the Office). The Office serves as the official coordinating body and agency of homelessness prevention and homeless services for Knoxville and for all the unincorporated areas of Knox County. The Office evaluates existing funding and programs for homeless services and prevention in Knoxville and Knox County in order to identify gaps and future needs. The Office develops a strategic plan for addressing homelessness in Knoxville and Knox County every five years and annual action plans to guide implementation. The Office was formed September 1, 2023. The Office's Board of Directors consist of nine (9) members. Of those, the Mayor of the City of Knoxville appoints three (3) and the Mayor of Knox County appoints three (3). The Knoxville-Knox County Homeless Coalition appoints two (2) members, including at least one person with lived experience of homelessness within the five (5) years preceding their initial start date as a Board member.

### **NOTE IV. OTHER INFORMATION (Continued)**

#### A. Joint Ventures (Continued)

The Executive Director of the Knoxville-Knox County Community Action Committee or their designee is an ex-officio member of the Board as the direct recipient of regional Community Service Block Grant funding. All members, including the ex-officio member, are voting members. The Office does not compensate board members for serving on the Board of Directors. Board members serve for a term of four (4) years. The County does not retain an equity interest in the joint venture. Complete separate financial statements for the Office may be obtained at their principal office located at 405 Dante Road, Knoxville, TN 37918.

Condensed financial information for GIS, PBA, the Sports Authority and the Office as of June 30, 2024 and for the year then ended, is presented on the next page:

#### NOTE IV. OTHER INFORMATION (Continued)

#### **B.** Related Organizations

The County is responsible for all of the board appointments of the Knox County Industrial Development Board. However, the County has no further accountability for the organization.

The County is responsible for a minority of the board appointments for the Knoxville-Knox County Community Action Committee. During the year ended June 30, 2024, the County appropriated operating subsidies of \$2,055,100 to the Community Action Committee.

In 2024, the County and the Knoxville Convention & Visitors Bureau, Inc., dba "Visit Knoxville" were parties to a contract whereby Visit Knoxville performed tourism marketing services for Knox County. Visit Knoxville received a percentage of hotel-motel tax collections as compensation for these services. During the year ended June 30, 2024, the County appropriated operating subsidies of \$5,812,337 to Visit Knoxville related to this contract. The County appoints certain board members of Visit Knoxville.

#### C. Risk Management

The County has established the Self Insurance Healthcare Fund for risks associated with employees' health plan and the Self Insurance Fund for the majority of risks associated with the general liability and workers' compensation claim settlements. In the Self Insurance Fund, each participating fund with eligible employees is charged a premium calculated using trends in actual claims experience. The Board and the District (component units), the Geographic Information Systems (joint venture between the County, the City of Knoxville and Knoxville Utilities Board), and the Knox County-City of Knoxville Metropolitan Planning Commission (a separate governmental organization) also participate in one or both of the plans. The Self Insurance Healthcare Fund and the Self Insurance Fund are accounted for as internal service funds where assets are set aside for claim settlements. The County retains the risk of loss to a limit of \$450,000 for each employee in any plan year for health coverage and \$750,000 for each employee (except the Sheriff's Department which is \$1,250,000 per employee) in any plan year for worker's compensation coverage by obtaining stop/loss commercial insurance policies that covers claims beyond these limits.

#### **NOTE IV. OTHER INFORMATION (Continued)**

#### C. Risk Management (Continued)

At June 30, 2024, Blue Cross Blue Shield of Tennessee and EpiphanyRx are the third-party administrators of the County's self-insured healthcare plans. In the Self Insurance Healthcare Fund, a premium is charged to the participating fund, component unit, joint venture, or outside entity that accounts for eligible employees. The total charges for the funds are calculated using trends in actual claims experience. In instances where medical claims materially exceed premiums received, each participating entity is charged a pro-rata basis for any fund deficits incurred.

Liabilities of the funds are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation and recent claim settlements. The County has an independent actuary develop the estimates for claims liabilities including IBNR on an annual basis. Changes in the balances of claims during the past two fiscal years are as follows:

		Self Insurance	Heal	lthcare Fund -	Self Insurance Fund - General Liability,						
		Medie	laims	and Workers' Compensation							
	Fisc	al Year 2024	F	Fiscal Year 2023	Fis	cal Year 2024		Fiscal Year 2023			
Unpaid Claims - Beginning											
Balance	\$	1,786,403	\$	1,967,126	\$	17,767,396	\$	21,583,103			
Incurred Claims (Including											
IBNR's)		30,159,034		29,343,819		(2,440,893)		(1,269,841)			
Claim Payments		(30,209,437)		(29,524,542)		1,438,412		(2,545,866)			
Unpaid Claims - Ending											
Balance	\$	1,736,000	\$	1,786,403	\$	16,764,915	\$	17,767,396			

The County and the Board purchase insurance coverage for personal and real property. The District purchases insurance coverage for personal and real property, general liability and workers' compensation coverage. The County and its component units have had no significant reduction in insurance coverage over the last three years. Settlements have not exceeded insurance coverage in the past three fiscal years.

Certain self insurance liabilities of the Board that are for unexpected and unusual claims are reported directly in the Board of Education's Statement of Net Position. As of June 30, 2024, the liabilities were \$2,330,976.

#### **NOTE IV. OTHER INFORMATION (Continued)**

#### D. On-Behalf Payments

The State of Tennessee made the following on-behalf payments for the Board during the year ended June 30, 2024:

The Tennessee Medicare Supplement Plan – Since teachers are considered state employees per state statutes, the State of Tennessee makes a contribution (on-behalf payment) for Board employees to this Plan. The on-behalf payment for 2024 was \$645,382 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

Teacher Group Insurance Plan – The State of Tennessee makes a contribution (on-behalf payment) for Board employees who participate in the State administered Teacher Group Insurance Plan. The onbehalf payment for 2024 was \$1,190,453 and has been recorded as a revenue and expenditure in the General Purpose School Fund.

#### E. Commitments and Contingencies

The County and its component units are parties to various legal proceedings, a number of which normally occur in governmental operations. As discussed in Note IV-C., amounts have been accrued in the County's Self Insurance Fund for the estimated amounts of claims liabilities.

The County receives significant financial assistance from the Federal and State governments in the form of grants and entitlements. These programs are subject to various terms and conditions, compliance with which is the responsibility of the County. These programs are subject to financial and compliance audits by the grantor agencies. Any costs disallowed as a result of such audits could become a liability of the County. However, the County believes that any such amounts would not have a material adverse effect on the County's financial position.

The County and the Board have several outstanding construction projects as of June 30, 2024. The County also has a five-year Capital Improvement Plan which addresses major capital needs for the County and the Board. Although the Capital Improvement Plan does not represent legal appropriations or contractual commitments, it does represent priorities as determined by the County and the Board. Funding for the first year of the adopted Capital Improvement Plan has been appropriated by action of the County Commission.

### NOTE IV. OTHER INFORMATION (Continued)

#### E. Commitments and Contingencies (Continued)

The following represents capital projects funds spent to date and current contractual obligations.

		Contractual
		Commitment
		Remaining at
	 Spent to Date	June 30, 2024
Primary Government:		_
Coward Mill Project	\$ 4,567,196	\$ 6,397,970
Carter School Sidewalk Improvement	1,030,740	778,315
TDOT Partnerships	1,690,803	581,834
Schaad Road Phase II	47,673,432	9,167,735
ARPA Funding	18,710,185	31,780,883
Other Projects	 292,898,386	28,910,399
Total - Primary Government	\$ 366,570,744	\$ 77,617,137
Component Unit - the Board:		
Mill Creek Elementary	\$ 32,406,127	\$ 1,040,130
Title IX Solutions	8,716,561	1,981,684
Farragut Elementary	3,273,021	2,189,750
Adrian Burnett Elementary	22,596,264	63,488
Sterchi 250 Student Addition	1,008,225	177,275
Other Projects	225,690,393	20,324,327
Total - the Board	\$ 293,690,590	\$ 25,776,654

Construction projects for both the County and the Board are primarily funded by general obligation bonds.

#### F. Constitutional Officers

The Constitutional Officers Special Revenue Fund includes the operations of the following elected officials:

*Trustee* - serves as the treasurer and primary investment manager of the County's funds and manages property tax collection efforts.

*Knox County Clerk* - serves as the Clerk of the County Commission. Principally engaged in the sale of motor vehicle licenses and acceptance of applications of motor vehicle registrations of the State of Tennessee.

Circuit and General Sessions, Criminal and Fourth Circuit Courts Clerks and Clerk and Master - serve as the clerical and support staff for the various courts for both civil and criminal proceedings.

#### **NOTE IV. OTHER INFORMATION (Continued)**

#### F. Constitutional Officers (Continued)

Register of Deeds - collects various fees for the recording of conveyances, trust deeds, chattels, charters, plats and other legal instruments.

These officials, responsible for the collection and remittance of State, County and other funds, earn fees and commissions for their services.

The operations of the Constitutional Officers are operated under the provisions of Section 8-22-104, Tennessee Code Annotated (TCA). Salaries and related benefits of the officials and staff are paid from fees and commissions earned. Fees earned in excess of these costs are remitted to the County's General Fund, less an allowance of three months of anticipated operating expenses retained in the respective fee account. Salaries for clerical assistance were supported by chancery court decrees that were obtained under provisions of Section 8-20-101, et seq., TCA. These activities are accounted for in the County's Constitutional Officers' Special Revenue Fund.

Collections and payments for litigants, heirs and others are accounted for in the County's Constitutional Officers' Custodial Fund.

Other operating costs of these offices (excluding salaries and benefits) are accounted for in the County's General Fund. These budgeted amounts are approved by the County Commission in accordance with the County Charter. Fees remitted by the officials in excess of salaries and benefits are used to offset the cost to the General Fund.

#### **G.** Accounting Pronouncements

The County adopted GASB Statement No. 100, Accounting Changes and Error Corrections, required for fiscal periods beginning after June 15, 2023, in fiscal 2024. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. This statement also addresses corrections of errors in previously issued financial statements. This statement did not have a material effect on the County's financial statements.

#### H. Special Item

The Development Corporation of Knox County (TDC) entered into an agreement to transfer all its assets and liabilities to The Industrial Development Board of the County of Knox (IDB). The net position transferred totaled \$42,360,822. As a result of this agreement, TDC ceased operations and was formally dissolved on November 29, 2023.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS

#### A. Single-Employer Defined Benefit OPEB Plans

The County's two single-employer defined benefit other post-employment benefit (OPEB) plans as described in Section A are part of the County's financial reporting entity and are included in the accompanying financial statements. The Board participates in two single-employer defined benefit OPEB plans through the State of Tennessee.

#### **OPEB - Retiree Healthcare Plan**

Plan Description – As authorized by County Commission Resolution, the County provides post-retirement health care benefits for County retirees and their dependents. This benefit is provided for employees and retirees who are participants in the UOPP, STAR, Closed Defined Benefit, or Asset Accumulation Retirement Plans. The County Retiree Benefit Healthcare Plan is a single-employer defined benefit OPEB plan. The Plan is administered by the Knox County Finance Department with assistance through USI Consulting Group. Benefits are established and amended by the County Commission. A stand-alone financial report is not issued. The liability for this OPEB related debt is to be funded by a portion from the general fund and the self-insured healthcare fund.

Benefits provided – The retiree is responsible for paying 100% of the related premium. The retirees who have chosen to participate in the County's medical insurance plans have not been evaluated on a separate experience rating of those of existing County employees. Therefore, participating retirees contribute the same premium as existing employees, plus the amount the County contributes for existing employees. Under this arrangement, the retiree contributions are expected to be less than their expected health care cost, and a portion of the premiums the County pays on behalf of its active employees is deemed to subsidize the retiree's costs (implicit rate subsidy). Effective 10/1/2016 through 9/30/2023, and subsequently extended by the Knox County Commission until 9/30/2028, the County began subsidizing 35% of the premium (for individual coverage only) for a participant who retires at age 55 and older with at least 30 years of service, or who retires at age 57 or older with at least 25 years of service. The subsidy will continue until the participant becomes Medicare eligible. There are a few grandfathered retirees over the age of 65 who still have active medical coverage, but no one else over the age of 65 who is not currently covered will be eligible in the future. The plan provides for surviving spouse benefits. The retiree pays full cost of spouse benefits based on plan premium until age 65.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Retiree Healthcare Plan (Continued)**

*Employees Covered* – As of July 1, 2023, the date of the most recent actuarial valuation, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	76
Active employees	2,153
Total	2,229

Contributions – The County has adopted a written funding policy, dated October 13, 2017, which requires an annual employer contribution to equal, or exceed, the actuarially determined contribution (ADC) as calculated by an actuary. The County's OPEB employer contribution to the Plan for fiscal year 2024 was \$979,263 which was 0.92% of covered employee payroll.

*Net OPEB Liability* – The County's net OPEB liability (asset) was measured as of June 30, 2024, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of July 1, 2023. The components of the net OPEB liability (asset) at June 30, 2024 were as follows:

Total OPEB Liability	\$ 6,792,174
Less: Fiduciary Net Position	(7,949,484)
Net OPEB Liability (Asset)	\$ (1,157,310)
Fiduciary Net Position as a Percentage of Total OPEB Liability	 117.04%

Actuarial Assumptions – The total OPEB liability as of June 30, 2024, was determined by an actuarial valuation as of July 1, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

June 30, 2024

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Retiree Healthcare Plan (Continued)**

Actuarial Cost Method Individual Entry Age Normal Amortization Method Level Percentage of Payroll Remaining Amortization Period 24 Years Asset Valuation Method Market Value Inflation 2.00% Healthcare Trend Rates 8.0% initially, decreasing to an ultimate rate of 4.5% in 2030 3.50% Salary Increases Payroll Growth 2.50% 5.77% Investment Rate of Return

Average Assumed Retirement Age

Mortality Table For healthy participant - The mortality rates are from the PUB-2010 headcount-weighted

total dataset table with Scale MP-2021

For disabled participants - RR 96-7 Post 94 Mortality Table.

Expected Investment Rates of Return – The long-term expected rate of return on OPEB plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB investment expense and inflation) are developed for each major investment type. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation which was 2.00% for fiscal year 2024. Best estimates of arithmetic real rates of return for each major investment classification included in the OPEB target asset allocation as of June 30, 2024 are as follows:

Asset Class	Target Allocation	Long-Term Real Returns
US Equity - Large Cap	26.20%	6.05%
US Equity - Small/Mid Cap	19.80%	7.10%
Non-US Equity - Developed	14.50%	6.88%
Non-US Equity - Emerging	4.50%	8.87%
US Corporate Bonds - Core	2.80%	1.47%
US Corporate Bonds - High Yield	2.20%	3.55%
US Treasuries	30.00%	0.00%

Rate of Return – The annual money-weighted rate of return on the plan's investments, net of related investment expenses, for the year ended June 30, 2024 was 10.79%.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Retiree Healthcare Plan (Continued)**

Discount Rate – The discount rate used in fiscal year 2024 to measure the total OPEB liability was 6.70%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Changes in the Net OPEB Liability (Asset):

	Total OPEB		F	Fiduciary	No	n-Trust	N	let OPEB

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Disability Plan**

Plan Description – As authorized by County Commission Resolution, the County provides disability benefits for eligible employees of the County and the Board who are participants in the UOPP, STAR, Closed Defined Benefit, or Asset Accumulation Retirement Plans and who become disabled on or after January 1, 2014. The County Disability Plan is a single-employer OPEB plan and is administered by the Knox County Retirement and Pension Board. Benefits are established and amended by the Knox County Retirement and Pension Board (Pension Board). A stand-alone annual financial report may be obtained by contacting the Knox County Pension and Retirement Board at Suite 371, City County Building, 400 Main Street, Knoxville, TN 37902. The liability for this OPEB related debt is to be funded by the general fund and non-vested forfeitures from the Asset Accumulation and STAR defined contribution retirement plans as described in Note VI-F.

Benefits Provided – The employer pays 100% of the related premium. Participating employees become immediately eligible and for retiree disability benefits, employees become eligible after five years of credited service, unless the disability occurs as a result of an act required to perform duties in the course of employment, in which case there is no service requirement. No participant shall be simultaneously entitled to a disability benefit under this plan and either or both of the Closed DB and UOPP. In the event of disability, eligible employees receive monthly benefits equal to the greater of 60% of predisability compensation (monthly compensation of a participant averaged over the twelve months in which compensation was the highest) as of the date of the disability offset by participant's social security disability benefit, worker's compensation benefits, and earnings while disabled; or \$1,800 per year. The normal form of benefit is a temporary life annuity. Benefits continue until the employee is no longer disabled, reaches social security normal retirement age, or begins receiving benefits from a County-funded retirement plan, whichever is earliest.

*Employees Covered* – At January 1, 2024, the date of the most recent actuarial valuation, the following employees were covered by the benefit terms:

Disabled employees currently receiving benefit payments	36
Active employees	4,055
Total	4,091

Contributions – The Pension Board has adopted a written funding policy which requires an annual employer contribution to equal, or exceed, the actuarially determined contribution (ADC) as calculated by an actuary. For the year ended June 30, 2024, the ADC was \$1,275,357 which was 0.66% of covered employee payroll.

Expected Investment Rates of Return – The long-term expected rate of return on OPEB plan investments in mutual funds was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB investment expense and inflation) are developed for each major investment type. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation which was 2.47% for fiscal year 2024. Best estimates of arithmetic real rates of return for each major investment classification included in the OPEB target asset allocation as of June 30, 2024 are as follows:

		Long-Term Expected
Asset Class	Target Allocation	Real Arithmetic Return
US Equity - Large Cap	22.00%	6.05%
US Equity - Small / Mid Cap	24.00%	7.08%
Non-US Equity - Developed	5.00%	6.74%
Non-US Equity - Emerging	0.00%	8.70%
US Corporate Bonds - Core	25.00%	2.40%
US Corporate Bonds - High Yield	10.00%	4.45%
US Treasuries (Cash Equivalent)	6.00%	0.74%
TIPS(Inflation - Protected)	0.00%	1.78%
Real Estate	8.00%	4.89%

Rate of Return – The annual money-weighted rate of return on the plan's investments, net of related investment expenses, for the year ended June 30, 2024 was 12.72%.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Disability Plan (Continued)**

Discount Rate – The discount rate used in fiscal year 2024 to measure the total OPEB liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that County contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current plan participants. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

### Changes in the Net OPEB Liability:

	Plan					
	Total OPEB		Fiduciary		Net OPEB	
	I	Liability	Ne	et Position		Liability
		(a)		(b)		(a) - (b)
Balances at 6/30/23	\$	3,434,230	\$	2,294,340	\$	1,139,890
Changes for the year:						
Service Cost		243,613		-		243,613

#### **OPEB – Disability Plan (Continued)**

*OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB* – For the year ended June 30, 2024, the County recognized OPEB expense of \$1,073,012. At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows		Deferred Inflows		
	of Resources		of Resources		
Difference between expected and actual					
experience	\$	426,472	\$	-	
Changes of assumptions		5,759		170,468	
Net difference between projected and					
actual earnings on OPEB plan investments		11,216			
Total	\$	443,447	\$	170,468	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30,	
2025	\$ 133,094
2026	151,202
2027	30,003
2028	(41,320)

Payable to the OPEB Plan – At June 30, 2024, Knox County did not report a payable outstanding. Contributions were paid to the OPEB plan as required for the year ended June 30, 2024.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB - Closed Teacher Group OPEB Plan**

#### General Information about the OPEB Plan

Plan Description – Employees of the Board, who were hired prior to July 1, 2015, are provided with pre-age 65 retiree health insurance benefits through the closed Teacher Group OPEB Plan (TGOP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be a multiple-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). However, for accounting purposes, this plan will be treated as a single-employer plan. All eligible pre-age 65 retired teachers, support staff and disability participants of local education agencies, who choose coverage, participate in the TGOP. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015. The liability for this OPEB related debt is to be paid by the Board's general purpose school fund.

Benefits Provided – The Board offers the TGOP to provide health insurance coverage to eligible pre-age 65 retired teachers, administrators, support staff and disabled participants of local education agencies. Insurance coverage is the only postemployment benefit provided to retirees. An insurance committee created in accordance with TCA Section 8-27-301 establishes and amends the benefit terms of the TGOP. All members have the option of choosing between the partnership promise preferred provider organization (PPO), no partnership promise PPO, standard PPO or the wellness healthsavings consumerdriven health plan (CDHP) for healthcare benefits. Retired plan members, of the TGOP, receives the same plan benefits as active employees, at a blended premium rate that considers the cost of all participants. This creates an implicit subsidy for retirees. Participating employers determine their own policy related to direct subsidies provided for the retiree premiums. Knox County Schools does not provide a direct subsidy for pre-age 65 retiree insurance coverage and is only subject to the implicit rate subsidy. The state, as a governmental nonemployer contributing entity, provides a direct subsidy for eligible retirees' premiums, based on years of service. Therefore, retirees with 30 or more years of service will receive 45%; 20 but less than 30 years, 35%; and less than 20 years, 20% of the scheduled premium. No subsidy is provided for enrollees of the health savings CDHP. The TGOP is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Employees Covered by Benefit Terms – At July 1, 2023, the following employees of the Board were covered by the benefit terms of the TGOP:

Inactive employees currently receiving benefit payments	271
Inactive employees entitled to but not yet receiving benefit payments	6
Active employees	4,196
Total	4,473

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Closed Teacher Group OPEB Plan (Continued)**

An insurance committee, created in accordance with TCA Section 8-27-301, establishes the required payments to the TGOP by member employers and employees through the blended premiums established for active and retired employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the Board paid \$1,714,485 in payments to the TGOP for OPEB benefits as they came due.

#### **Total OPEB Liability**

Actuarial Assumptions – The collective total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Inflation 2.25%

Retiree's Share of Benefit-Related

Costs

Salary Increases Graded salary ranges from 3.44% to 8.72%

based on age, including inflation, averaging 4.00%.

Healthcare Cost Trend Rates 10.3% for pre-65 in 2024, decreasing annually over

over a 10 year period to an ultimate rate of 4.50% 12.4% for post-65 in 2024, decreasing annually over over an 6 year period to an ultimate rate of 4.50% Members are required to make monthly contributions

in order to maintain their coverage. For the purpose of this valuation, a weighted average has been used with

weights derived from the current distribution of

members among plans offered.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2023 valuations were the same as those employed in the July 1, 2020 Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 – June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The preretirement mortality rates employed in this valuation are taken from the PUB-2010 Headcount-weighted Employee mortality table for Teacher Employees projected generationally with MP-2021. Post-retirement tables are Headcount-weighted Teacher Below Median Healthy Annuitant and adjusted with a 19% load for males and an 18% load for females, projected generationally from 2010 with MP-2021. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Closed Teacher Group OPEB Plan (Continued)**

distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load, projected generationally from 2018 with MP-2021.

Discount Rate – The discount rate used to measure the total OPEB liability was 3.65%. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds, prevailing on the measurement date, with an average rating of AA/Aa as shown on the Bond Buyer 20-Year Municipal General Obligation Bonds AA index.

#### **Changes in Collective Total OPEB Liability**

		Total OPEB Liability		
Balances at 6/30/23	\$	68,710,245		
Changes for the year:		_		
Service Cost		3,424,620		
Interest		2,494,732		
Difference Between Expected and Actual Experience		(1,350,237)		
Changes in Assumptions		5,071,031		
Benefit Payments		(3,353,607)		
Net Changes		6,286,539		
Balances at 6/30/24	\$	74,996,784		
Nonemployer contributing entities proportionate share of the collective total OPEB liability	\$	28,881,939		
Employer's proportionate share of the collective total OPEB liability	\$	46,114,845		
Employer's proportion of the collective total OPEB liability		61.49%		

The Board has a special funding situation related to benefits paid by the State of Tennessee for its eligible retired employees participating in the TGOP. The Board's proportionate share of the collective total OPEB liability was based on a projection of the employers' long-term share of benefit payments to the OPEB plan relative to the projected share of benefit payments of all participating employers and nonemployer contributing entities, actuarially determined. The proportion changed (2.13%) from the prior measurement date. The Board recognized \$3,180,785 in revenue for subsidies provided by nonemployer contributing entities for benefits paid by the TGOP for Board retirees.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Closed Teacher Group OPEB Plan (Continued)**

Changes in Assumptions – The discount rate was changed from 3.54% as of the beginning of the measurement period to 3.65% as of June 30, 2023. This change in assumption increased the total OPEB liability.

### Sensitivity of Total OPEB Liability and Other Relevant Information

Sensitivity of Proportionate Share of the Collective total OPEB Liability to Changes in the Discount Rate – The following presents the proportionate share of the collective total OPEB liability related to the TGRP, as well as what the proportionate share of the collective total OPEB liability would be if it were calculated using a discount rate that is 1-percent-point lower (2.65%) or 1-percent-point higher (4.65%) than the current discount rate:

	Current					
	1% Decrease (2.65%)	1% Increase (4.65%)				
Proportionate Share of Collective total						
OPEB Liability	\$ 49,632,095	\$ 46,114,845	\$ 42,786,901			

Sensitivity of Total OPEB Liability (Employer's Share) to Changes in the Assumed Healthcare Cost Trend Rate – Regarding the sensitivity of the total OPEB liability to changes in the healthcare cost trend rates, the following presents the plan's total OPEB liability, calculated using the assumed trend rates as well as what the plan's total OPEB liability would be if it were calculated using a trend rate that is 1-percent-point lower or 1-percent-point higher:

		Current Healthcare		
		Cost Trend Rate		
	1% Decrease	Assumption	1% Increase	
	(9.30%/11.40%	(10.30%/12.40%	(11.30%/13.40%	
	decreasing	decreasing	decreasing	
	to 3.50%)	to 4.50%)	to 5.50%)	
OPEB Liability	\$ 41,251,876	\$ 46,114,845	\$ 51,780,941	

*OPEB Expense* – For the fiscal year ended June 30, 2024, the Board recognized OPEB expense of \$7,386,552.

### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB – Closed Teacher Group OPEB Plan (Continued)**

### **OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related** to **OPEB**

Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended June 30, 2024, the Board reported deferred outflows of resources and deferred inflows of resources related to OPEB benefits in the TGOP from the following sources:

	Deferred Outflows		Deferred Inflows		
	of	Resources	of Resources		
Difference between expected and actual experience	\$	4,375,089	\$	3,508,541	
Changes of assumptions		10,212,647		5,141,371	
Changes in proportions		608,576		2,930,391	
Employer payments subsequent to the measurement					
date		1,714,485			
Total	\$	16,910,797	\$	11,580,303	

The amounts shown above for "Employer payments subsequent to the measurement date" will be included as a reduction to total OPEB liability in the following measurement period.

Amounts reported as deferred inflows of resources will be recognized in OPEB expense as follows:

Year ended June 30,	
2025	566,011
2026	566,011
2027	566,011
2028	579,417
2029	712,843
Thereafter	625,716

In the table above, positive amounts will increase OPEB expense while negative amounts will decrease OPEB expense.

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB - Closed Tennessee Plan**

#### General Information about the OPEB Plan

Plan Description – Employees of the Board, who were hired prior to July 1, 2015, are provided with post-age 65 retiree health insurance benefits through the closed Tennessee Plan (TNP) administered by the Tennessee Department of Finance and Administration. This plan is considered to be multiple-employer defined benefit plan that is used to provide postemployment benefits other than pensions (OPEB). However, for accounting purposes, this plan will be treated as a single-employer plan. All eligible post-age 65 retired teachers, administrators, support staff and disability participants of local education agencies, who choose coverage, participate in the TNP. The TNP also includes eligible retirees of the state, certain component units of the state, and certain local governmental entities. This plan is closed to the employees of all participating employers that were hired on or after July 1, 2015.

Benefits Provided – The state offers the TNP to help fill most of the coverage gaps created by Medicare for eligible post-age 65 retired teachers, administrators, support staff and disabled participants of local education agencies. Insurance coverage is the only post-employment benefit provided to retirees. The TN plan does not include pharmacy. In accordance with TCA Section 8-27-209, benefits of the TNP are established and amended by cooperation of insurance committees created by TCA Sections 8-27-201, 8-27-301 and 8-27-701. Retirees and disabled employees of the state, component units, local education agencies, and certain local governments who have reached the age of 65, are Medicare eligible and also receives a benefit from the Tennessee Consolidated Retirement System may participate in this plan. All plan members receive the same plan benefits at the same premium rates. Participating employers determine their own policy related to subsidizing the retiree premiums. The Board does not subsidize post-age 65 retiree insurance coverage. The state, as a governmental nonemployer contributing entity, contributes to the premiums of eligible retirees of local education agencies based on years of service. Therefore, retirees with 30 years of service receive \$50 per month; 20 but less than 30 years, \$37.50; and 15 but less than 20 years, \$25. The TNP is funded on a pay-as-you-go basis and there are no assets accumulating in a trust that meets the criteria of paragraph 4 of GASB Statement No. 75.

Employees Covered by Benefit Terms – At July 1, 2023, the following employees of the Board were covered by the benefit terms of the TNP:

Inactive employees currently receiving benefit payments	1,235
Inactive employees entitled to but not yet receiving	
benefit payments	540
Active employees	3,298
Total	5,073

June 30, 2024

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### A. Single-Employer Defined Benefit OPEB Plans (Continued)

#### **OPEB - Closed Tennessee Plan (Continued)**

In accordance with TCA Section 8-27-209, the state insurance committees established by TCA Sections 8-27-201, 8-27-301 and 8-27-701 determine the required payments to the plan by member employers and employees. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. Administrative costs are allocated to plan participants. Employers contribute towards employee costs based on their own developed policies. During the current reporting period, the Board did not make any payments to the TNP for OPEB benefits as they came due.

#### **Total OPEB Liability**

Actuarial Assumptions – The collective total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry Age Normal

Inflation 2.25%

Salary Increases Graded salary ranges from 3.44% to 8.72%

based on age, including inflation, averaging 4.00%.

Healthcare Cost Trend Rates

The premium subsidies provided to retirees in the Tennessee Plan are assumed to remain unchanged for the entire projection,

therefore trend rates are not applicable.

Unless noted otherwise, the actuarial demographic assumptions used in the June 30, 2023 valuations were the same as those employed in the July 1, 2020 Pension Actuarial Valuation of the Tennessee Consolidated Retirement System (TCRS). These assumptions were developed by TCRS based on the results of an actuarial experience study for the period July 1, 2016 – June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience. Mortality tables are used to measure the probabilities of participants dying before and after retirement. The mortality rates employed in this valuation are taken from the headcount-weighted below median teachers PUB-2010 Healthy Participant Mortality Table for Annuitants for non-disabled post-retirement mortality, with mortality improvement projected to all future years using Scale MP-2021. Post-retirement tables are adjusted with a 19% load for males and an 18% load for females. Mortality rates for impaired lives are the same as those used by TCRS and are taken from a gender distinct table published in the IRS Ruling 96-7 for disabled lives with a 10% load with mortality improvement projected to all future years using Scale MP-2021.

*Discount Rate* – The discount rate used to measure the total OPEB liability was 3.65%. This rate reflects the interest rate derived from yields on 20-year, tax-exempt general obligation municipal bonds,

#### NOTE V. OTHER POSTEMPLOYMENT BENEFIT PLANS (Continued)

#### **B.** Single-Employer Defined Contribution OPEB Plan

#### **Medical Expense Retirement Plan**

Plan Description – Plan provisions and contribution requirements for the Medical Expense Retirement Plan (MERP), a defined contribution OPEB plan was established and may be amended by the Knox County Retirement and Pension Board. The powers of the Knox County Retirement and Pension Board (Pension Board) are governed by the Knox County Charter, Article VII, as amended. The Pension Board can change, or modify, the plan's employer defined contribution rates as defined by the authority granted under the Knox County Charter, Section 7.01(b).

The Plan was established by the County under Section 401(a)(9) of the Internal Revenue Code. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Voluntary participation begins upon enrollment; eligible employees may begin participation on the first day of employment. The Plan was specifically created to assist employees in planning and investing for anticipated medical expenses upon retirement. Employees are 100% vested in the employer contributions upon enrollment; therefore there are no forfeitures.

Beginning in fiscal year 2022, the employer match for active employees is 50% of the employee's contribution up to a calendar year employer maximum of \$416. This commitment for funding is until December 31, 2024.

At June 30, 2024, the MERP had 1,014 members and 788 of them contributed funds to the plan. During the year employer expense and member contributions amounted to \$185,076 and \$414,526 respectively.

At June 30, 2024, the County reported a payable outstanding of \$2,313.

June 30, 2024

#### NOTE VI. EMPLOYEE RETIREMENT PLANS

#### A. General Information

County and Board employees are covered by a variety of retirement plans. These plans fall into two categories — defined benefit and defined contribution plans. The majority of County and Board employees participate in *defined contribution plans*. Those not included in the defined contribution plans are certified teachers covered under the Board's Article IX Defined Benefit Plan for former Knoxville City School teachers, all certified County school teachers, certain non-certified employees who elected not to transfer to the primary defined contribution plan or sworn officers in the Sheriff's Department who elected to transfer to the Uniformed Officers Pension Plan (UOPP) effective July 1, 2007, or were hired as a sworn officer on or after June 1, 2007 through December 31, 2013. County certified school teachers and administrators participate in the State Retirement Plan for Teachers as administered by the Tennessee Consolidated Retirement System (TCRS). Certain County Officials also participate in TCRS.

The County participates in the Tennessee Consolidated Retirement System (TCRS), an agent multiple-employer retirement system (PERS). The County's plan in TCRS is titled the Knox County Executive (Mayor) And Officials Plan. A single actuarial evaluation is computed for the Knox County Executive and Officials plan by TCRS. TCRS prepares a separate financial report for the operations and activities of this plan, which are not included in the County's reporting entity and are not included in the accompanying financial statements.

The Board participates in the TCRS through three different plans, the Teacher Legacy Pension Plan, the Teacher Retirement Plan and the Knox County BOE Hybrid Plan. Two plans are cost sharing multiple-employer pension plans; the third plan is an agent multiple-employer pension plan. All plans are administered by TCRS. The Knox County Schools contribute to the State Employees, Teachers, and Higher Education Employees' Pension Plan (SETHEEPP). The Board also allows certified teachers and administrators to participate in one of two multiple-employer defined contribution plans as administered by the Tennessee Department of Treasury (see Note VI-F).

The pension-related liabilities are to be funded as follows:

DB PlansFundsCounty DB PlanCounty – General FundUOPP DB PlanCounty – General Fund

Teacher's DB Plan Board – General Purpose School Fund

TCRS Knox County Executive and Officials County – General Fund

TCRS Teacher's Legacy
TCRS Teacher Retirement
Board – General Purpose School Fund

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### A. General Information (Continued)

The three single-employer defined benefit and the three single-employer defined contribution plans are part of the County's financial reporting entity and are included in the accompanying financial statements. The operations of the Knox County Closed Defined Benefit Plan (County DB Plan), the County's Asset Accumulation Plan (County DC Plan), the Sheriff's Total Accumulation Retirement Plan (STAR DC Plan), the County's Uniformed Officers Pension Plan (UOPP DB Plan), and Voluntary 457 Plan (DC Plan) are recorded as County pension trust funds. The operations of the Board's Teacher's Defined Benefit Plan (Teacher's DB Plan) are recorded in the Board's pension trust fund. Complete separate financial statements for the three defined benefit plans and the three defined contribution plans may be obtained by contacting the Knox County Retirement and Pension Board at Suite 371, City County Building, and 400 Main Street, Knoxville, TN 37902.

Since the County's and Board's Plans are sponsored by a governmental entity, these Plans are not subject to the statutory provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In addition, none of the accompanying defined benefit plans are insured by the U.S. Pension Benefit Guaranty Corporation.

#### **B.** Single-Employer Defined Benefit Plans

#### **Summary of Significant Accounting Policies**

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of Knox County's (County) Plans (the County DB Plan, the Uniformed Officers Pension Plan (UOPP), and the Knox County Board of Education (Board) Plan (the Teacher's DB Plan) and additions to or deductions from the County, UOPP, and Teacher's DB Plan's fiduciary net position have been determined on the same basis as they are reported by Knox County, and the Knox County Board of Education for the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### General Information about the Defined Benefit Pension Plans

Plan Description - The County's defined benefit pension plans, (County and UOPP DB Plans), and the Board's defined benefit pension plan (Teacher's DB Plan) provides pensions to plan members and their beneficiaries. The County DB Plan was established by the County Commission pursuant to House Bill Number 886 of Chapter 246 of the 1967 Private Acts of the State of Tennessee as amended and continued by the County's charter. The County DB Plan was closed to new participants effective September 30, 1991. The UOPP DB Plan was approved by the voters of Knox County during the November 2006

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### General Information about the Defined Benefit Pension Plans (Continued)

elections. The Plan was established July 1, 2007 with approximately 600 sworn Sheriff's Office employees electing to transfer their retirement balance from the County DC Plan to the UOPP DB Plan. The amount transferred from the participant's accounts totaled \$39,429,351. In addition, during FY 2007, Knox County issued \$57 million of pension obligation bonds, and transferred the proceeds (net of issuance costs) totaling \$56,510,846 to the plan. During the November 2012 elections, voters approved to close the UOPP DB Plan to new hires or rehires effective January 1, 2014. The Teacher's DB Plan was established under Article IX of the Knox County Employee Benefit System. The Teacher's DB Plan is closed to new plan members. The County DB, UOPP, and the Teacher's DB Plans are single-employer defined benefit pension plans administered by the Knox County Retirement and Pension Board.

Benefits Provided - The County DB Plan provides pensions to any person who is an active employee hired before the close date of September 30, 1991. The plan also provides death and disability benefits to participants and their beneficiaries. Normal retirement monthly benefits for County DB Plan participants are equal to credited service multiplied by the greater of 1.75% of average monthly compensation or \$30. The average monthly compensation is calculated using the employee's 60 consecutive months of highest compensation prior to retirement, or such lesser number of months of credited service actually completed. Credited service is equal to all contributions, uninterrupted service expressed in years and decimal fraction of a year based on completed calendar months. The normal retirement date for participants is the first day of the month coinciding with or next following attainment of age 65 or, if later, 5 years of credited service, or, if an elected official, the later of their 55<sup>th</sup> birthday and completion of 5 years of credited service. Employees may retire at age 55 after 5 years of service but accrued benefits are reduced by 5/12% for each month that the early retirement precedes normal retirement. All participants are eligible for non-duty disability benefits after 5 years of credited service and for duty-related disability benefits upon hire. Disability retirement benefits are payable immediately to age 65 and equal to 50% of average monthly compensation plus 10% of average monthly compensation if there is at least one dependent child minus the sum of monthly primary social security at time of disability, monthly workers' compensation benefits, and monthly disability pension reduction, but not less than \$150. Pre-retirement death benefits (in the line of duty) are payable in the amount of 37.5% of the average monthly compensation at date of death minus 75% of all social security benefits payable. Pre-retirement death benefits (not in the line of duty) requires participants to have reached age 55 and have a minimum service of 5 years. Benefits are payable at 100% joint and survivor benefit accrued to date of death. If the participant completed 5 years of service, but had not yet attained age 55, the benefit payable to the beneficiary is equal to the participant's contributions plus a 100% match by the employer, both of which accumulate at 3% interest compounded annually. Post-retirement death benefits equal to \$300 multiplied by years of service up to 30 years are paid in a lump sum. The County DB Plan includes a Cost of Living increase of 3% per annum of the participant's original benefit.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### General Information about the Defined Benefit Pension Plans (Continued)

The UOPP DB Plan provides pensions to officers employed by the Sheriff's Office on or after June 1, 2007, and most recently employed or re-hired before January 1, 2014. Normal monthly retirement benefits are equal to the greater of 2.5% of average monthly compensation multiplied by service up to a maximum of 30 years or \$10 multiplied by service up to a maximum of 25 years. The normal retirement date is the first day of the month coinciding with or next following attainment of age 50 or, if later, the date the participant completes (or would have completed if the participant remained continuously employed until then) 25 years of service. A participant with 5 or more years of service who retires prior to their normal retirement date shall be entitled to the greater of 2% of average monthly compensation multiplied by the participant's projected service (maximum of 25 years), multiplied by the participant's actual service, and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. The average monthly compensation of a participant is averaged over any two 12 month periods, whether or not consecutive but which do not overlap, from date of employment, including periods prior to the effective date of the plan, which produce the highest monthly average. A participant, with 25 years of service, may receive early retirement benefits of the greater of the actuarial equivalent of 2% average monthly compensation multiplied by the participant's projected service (maximum of 25 years), multiplied by the participant's actual service, and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. Disability benefits are payable to participants (in the line of duty) equal to 50% of average monthly compensation. A participant (not in the line of duty) is eligible to receive the greater of 2% of average monthly compensation multiplied by the participant's service (maximum of 25 years) multiplied by the participant's actual service and divided by the participant's projected service or \$10 multiplied by service up to a maximum of 25 years. All participants who become disabled prior to January 1, 2014 are eligible to receive this benefit. Preretirement death benefits (in the line of duty) for the participant's surviving spouse are payable monthly for life in the amount of the greater of 2% of average monthly compensation multiplied by the participant's service (maximum of 25 years) or \$250. Pre-retirement death benefits (not in the line of duty) for the participant's surviving spouse are payable monthly for life in the amount of the greater of 1% of average monthly compensation multiplied by the participant's service (maximum of 25 years) or \$10 multiplied by service up to a maximum of 25 years. Participants must have completed 5 years of service. Post-retirement death benefits are payable to the participant's surviving spouse in the greater of 50% of the participant's normal retirement benefit immediately prior to death or \$10 multiplied by service up to a maximum of 25 years. The UOPP DB Plan includes a Cost of Living adjustment annually of 3% plus (if a participant is over 62 years old) one half of the amount by which the percentage increase in the Consumer Price Index for the 12 months ending September 30 preceding the year of adjustment exceeds 3%, not to exceed 1%.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### General Information about the Defined Benefit Pension Plans (Continued)

The Teacher's DB Plan provides pensions to any person who is a "teacher" as defined by the Court of Appeals in its opinion of December 30, 1987 in the case of Knox County v. the City of Knoxville, et al, and who is entitled to maintain membership in a local pension system as a result of their membership in any applicable plan of the City of Knoxville Pension System on June 30, 1987, and who thereafter is employed as a result of the City of Knoxville ceasing to operate a separate school system and is so regularly employed by the Knox County Board of Education. Each participant shall be eligible to retire at age 62, the normal retirement date or on the first day of any of the thirty-five months next following age 62. The normal retirement benefit, a monthly benefit payable for life, computed as of normal retirement date as  $1/12^{th}$  of credited service multiplied by the sum of Benefit Rate A times average earnings and Benefit Rate B times average excess earnings. Benefit Rate A and Benefit Rate B shall vary according to the participant's last birthday at the time benefit payments are to commence, as follows:

	Benefit	Benefit
Age	Rate A	Rate B
62 or earlier	0.75%	1.50%
63	0.78%	1.58%
64	0.84%	1.66%
65 or later	0.88%	1.76%

This amount is then reduced by the benefit accrued under the applicable City of Knoxville retirement plan as of June 30, 1987. The monthly benefit, including 50% of the primary Social Security benefit, shall not be less than \$10 per year of credited service, with a maximum of \$250. After completing 25 years of credited service, participants are eligible for early retirement benefits. Upon early retirement, a participant may elect to receive either a deferred monthly benefit equal to his accrued benefit commencing at normal retirement date or a reduced benefit equal to the actuarially equivalent benefit commencing immediately. Participants are eligible for Disability (not in the line of duty) after completing 15 years of credited service. Accrued benefits are based on credited service at time of disablement, payable immediately, plus a lump sum equal to six times the accrued monthly benefit. Participants who are disabled in the course of performance of duty are eligible for disability. The accrued benefit is based on credited service projected to age 62, payable immediately and reduced by any workers' compensation benefits paid. A participant must complete 15 years of credited service to be eligible for death benefits. Death benefits are payable as 50% of the monthly benefit that the participant would have been entitled to if he/she had elected the 50% joint and survivor form of payment, payable at the earliest time benefits could have commenced to the participant. The Teacher's DB Plan includes a Cost of Living adjustment of 2.5% per annum of the participant's original benefit.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### General Information about the Defined Benefit Pension Plans (Continued)

*Employees Covered by Benefit Terms* - At January 1, 2024, the valuation date, the following participants were covered by the benefit terms:

	County DB Plan	UOPP DB Plan	Teacher's  DB Plan
Inactive employees or beneficiaries currently receiving benefits	500	297	347
Inactive employees entitled to, but not yet receiving benefits	5	58	-
Active employees	21	314	
Total	526	669	347

Contributions - Provisions and contribution requirements in the County and the Teacher's DB Plans are established and may be amended by the Knox County Retirement and Pension Board in compliance with state law. For the UOPP DB Plan, some provisions and employee changes are limited based on wording in the Knox County Charter (Article VII, Section 7.05) while other provisions and employer contributions can be determined by the Knox County Retirement and Pension Board in compliance with state law. The Knox County Retirement and Pension Board establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by participants during the year, with an additional amount to finance net pension liabilities. County DB Plan participants contribute 5% of annual earnings. In the UOPP DB Plan, each participant shall contribute to the fund an amount equal to 6% of annual earnings. The employee accumulation will receive 4% simple interest. No participant contributions shall be required after a participant has completed 30 years of service. For FY 2024, the employer contributions for the County and UOPP DB Plans were approximately 276.42% and 50.47%, respectively, of annual covered payroll. There are no employee contributions for the teachers plan as there are no active employees.

#### **Net Pension Liability**

The County, UOPP, and Teacher's DB Plans' net pension liabilities were measured as of June 30, 2024, and the total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of January 1, 2024.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### **Net Pension Liability (Continued)**

Expected Investment Rate of Return and Asset Allocation - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables:

#### County DB Plan:

		Long-Term
	Target	Expected Real
Asset Class:	Allocation	Arithmetic Return
US Equity - Large Cap	15.00%	6.05%
US Corporate Bonds-Core	64.00%	2.40%
Non-US Debt - Developed	10.00%	1.31%
US Treasuries (Cash Equivalent)	6.00%	74.00%
Hedge Funds	5.00%	3.97%

#### **UOPP DB Plan:**

		Long-Term
	Target	Expected Real
Asset Class:	Allocation	Arithmetic Return
US Equity - Large Cap	21.00%	6.05%
US Equity - Small / Mid Cap	18.00%	7.08%
Non-US Equity - Developed	16.00%	6.74%
Non-US Equity - Emerging	4.00%	8.70%
US Corporate Bonds-Core	16.00%	2.40%
US Corporate Bonds-High Yield	5.00%	4.45%
Non-US Debt - Developed	3.00%	1.31%
US Treasuries (Cash Equivalent)	3.00%	0.74%
Real Estate	4.00%	4.89%
Hedge Funds	10.00%	3.97%

T - -- T - ----

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### **Net Pension Liability (Continued)**

#### Teacher's DB Plan:

		Long-Term
	Target	Expected Real
Asset Class:	Allocation	Arithmetic Return
US Equity - Large Cap	15.00%	6.05%
US Corporate Bonds-Core	64.00%	2.40%
Non-US Debt - Developed	10.00%	1.31%
US Treasuries (Cash Equivalent)	6.00%	0.74%
Hedge Funds	5.00%	3.97%

The assumed inflation rate is 2.47% per annum.

*Rates of Return* - The annual money-weighted rates of returns on defined benefit pension plan investments, net of investment related expenses, for the year ended June 30, 2024 were as follows:

Defined Benefit Plans:	2024
County DB Plan	12.41%
UOPP DB Plan	11.87%
Teacher's DB Plan	11.88%

Discount Rate - The discount rate used to measure the total pension liability for the County was 5.50%, Teacher's was 5.50%, and UOPP DB Plans was 7.00%. The projections of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that the County, UOPP, and Teacher's DB Plans' contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### B. Single-Employer Defined Benefit Plans (Continued)

#### **Net Pension Liability (Continued)**

Tennessee State Law for Local Government Sponsored Defined Benefit Plans - "The Public Employee Defined Benefit Financial Security Act of 2014", Tennessee Code Section 9-3-501, requires Knox County and the Knox County Board of Education to make annual employer contributions equal to 100% of its actuarially determined contributions (ADC), use the entry age normal cost method, limit future pension benefit improvements if the net pension plan funded ratio is less than 60% and other requirements. As of June 30, 2024, the County DB Plans funded ratio was 56.36% and the UOPP funded ratio was 60.52%. State law provides for penalties in the event that the funding level is below 60%, if the entity additionally provides benefit enhancements and fails to make contributions equal to the ADC. As the County made the actuarially determined contributions (ADC) and did not enhance benefits, there were no penalties.

#### **Changes in the Net Pension Liability**

The changes in the net pension liability for the plans for the fiscal year ended June 30, 2024 are as follows (dollar amounts in thousands):

		County DB Plan UOPP DB Plan					Teachers' DB Plan				
	I	ncrease (Decrease	e)	I	ncrease (Decrease	e)	I	Increase (Decrease)

#### **Changes in the Net Pension Liability (Continued)**

Sensitivity of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability of the County, UOPP, and Teacher's DB Plans, calculated using the discount rate, as well as what the net pension liability (asset) would be for each plan if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate as of June 30, 2024:

	1	% Decrease	Cu	rrent Discount	1	% Increase
		(4.50%)	Rate (5.50%)			(6.50%)
County DB Plan Net Pension Liability	\$	32,498,086	\$	26,945,456	\$	22,183,859
	1	% Decrease	Cu	rrent Discount	1	% Increase
		(6.00%)	]	Rate (7.00%)		(8.00%)
UOPP DB Plan Net Pension Liability	\$	201,043,890	\$	147,747,611	\$	104,274,743
	1	% Decrease	Cu	rrent Discount	1	% Increase
		(4.50%)	]	Rate (5.50%)		(6.50%)
Teacher's DB Plan Net Pension Liability	\$	22,335,223	\$	18,090,858	\$	14,334,831

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in the separately issued financial reports (or in the County, UOPP, and Teacher's DB Plans accompanying Pension Trust Fund financial statements).

#### Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2024, the County and the Board recognized pension expense of \$3,124,600, \$31,521,656, and \$6,181,234, for the County, UOPP, and Teacher's Plans, respectively. At June 30, 2024, the County, UOPP, and Teacher's Plans reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	County DB Plan			UOPP DB Plan				Teachers' DB Plan				
	Deferred Outflows of Resources				Deferred Outflows of Resources		Deferred Inflows of Resources		Deferred Outflows of Resources		Deferred Inflow	
Differences between expected and actual experience Changes of assumptions	\$	3,609,310	\$	1,219,552	\$	23,067,114 24,716,566	\$	911,830	\$	-	\$	-
Net difference between projected and actual earnings on pension plan investments				130,471				1,477,513				79,693
Total	\$	3,609,310	\$	1,350,023	\$	47,783,680	\$	2,389,343	\$	-	\$	79,693

#### B. Single-Employer Defined Benefit Plans (Continued)

### Pension Expense and Deferred Outflows and Deferred Inflows of Resources Related to Pensions (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources to pensions will be recognized in pension expense as follows:

Years ended June 30,	Cou	nty DB Plan_	UO	PP DB Plan	Teachers' DB Plan		
2025	\$	922,362	\$	15,567,154	\$	(445,348)	
2026		2,031,769		21,686,798		1,371,816	
2027		(291,677)		7,256,166		(596,899)	
2028		(403,167)		884,219		(409,262)	
Total	\$	2,259,287	\$	45,394,337	\$	(79,693)	

#### **Payable to Pension Plans**

Neither the County nor the Board reported a payable for any outstanding amount of employer contributions to the Plans required for the year ended June 30, 2024.

#### **Trend Information**

The schedules of changes in the County, UOPP, and Teacher's DB Plans' net pension liabilities and related ratios, the schedule of County and Board's employer contributions, and schedule of investment returns are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether each Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability and whether the County's and the Board's contributions are in accordance with the actuarially determined amounts.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan

#### **Knox County Executive and Officials Plan**

#### General Information about the Pension Plan

Plan Description - Certain elected officials (employees) of Knox County are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided – Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 55 and vested. Members vest with five years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

**Knox County Executive and Officials Plan (Continued)** 

#### **General Information about the Pension Plan (Continued)**

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and 1%. Members who leave employment may withdraw their employee contributions, plus any accumulated interest.

Employees Covered by Benefit Terms - At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	6
Inactive employees entitled to but not yet receiving benefits	1
Active employees	6
Total	13

Contributions - Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Employees contribute 5% of salary and Knox County makes employer contributions at the rate set by the TCRS Board of Trustees as determined by an actuarial valuation. For the year ended June 30, 2024, employer contributions made by Knox County were \$28,601 based on a rate of 2.41% of covered payroll. By law, employer contributions are required to be paid. The TCRS may intercept Knox County state shared taxes if required employer contributions are not remitted. The employer's actuarially determined contribution (ADC) and member contributions are expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

#### **Knox County Executive and Officials Plan (Continued)**

#### **Net Pension Liability (Asset)**

Knox County Executive and Officials' net pension liability (asset) was measured as of June 30, 2023, and the total pension liability used to calculate net pension liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total pension liability as of the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Reporting Date June 30, 2024

Measurement Date June 30, 2023

Actuarial Valuation Date June 30, 2023

Actuarial Cost Method Entry Age Normal

Amortization Method Level Dollar

Asset Valuation Method Fair Value

Inflation 2.25%

Salary Increases Graded salary ranges from 8.72% to 3.44% based on age,

including inflation, averaging 4.00%.

Investment Rate of Return 6.75%, net of investment expense, including inflation

Cost of Living Adjustments 2.125%

Retirement Age
Pattern of retirement determined by experience study.

Mortality
Customized table based on actual experience including a

projection of mortality improvement using Scale MP-2021

(generational projection)

The actuarial assumptions used in the June 30, 2023 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

#### **Knox County Executive and Officials Plan (Continued)**

#### **Net Pension Liability (Asset) (Continued)**

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25%. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	4.88%	31%
Developed Market International Equity	5.37%	14%
Emerging Market International Equity	6.09%	4%
Private Equity and Strategic Lending	6.57%	20%
U.S. Fixed Income	1.20%	20%
Real Estate	4.38%	10%
Short-term Securities	0.00%	1%
Total		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from Knox County will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Knox County Executive and Officials Plan (Continued)** 

### Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30:	Amounts	
2025	106,945	
2026	10,161	
2027	89,230	
2028	229	

In the table above, positive amounts will increase pension expense while negative amounts will decrease pension expense.

#### Payable to the Pension Plan

At June 30, 2024, Knox County did not report a payable outstanding. Contributions were paid to the pension plan as required for the year ended June 30, 2024.

#### **Trend Information**

The schedule of changes in the Knox County Executive And Officials Plan's net position liability and related ratios and the schedule of Knox County Executive And Officials Plan's contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net pension liability and whether Knox County's contributions are in accordance with the actuarially determined amounts.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

C. Agent Multiple-Employer Defined Benefit Plan (Continued)

**Knox County BOE – Hybrid with Cost Controls** 

#### General Information about the Pension Plan

Plan description. Employees of Knox County BOE - Hybrid with Cost Controls are provided a defined benefit pension plan through the Public Employee Retirement Plan, an agent multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated, Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits provided. Tennessee Code Annotated, Title 8, Chapters 34-37, establishes the benefit terms and can be amended only by the Tennessee General Assembly. The chief legislative body may adopt the benefit terms permitted by statute. Members are eligible to retire with an unreduced benefit at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Benefits are determined by a formula using the member's highest five consecutive year average compensation and the member's years of service credit. Reduced benefits for early retirement are available at age 60 and vested or pursuant to the rule of 80 in which the member's age and service credit total 80. Members vest with five years of service credit. Service-related disability benefits are provided regardless of length of service. Five years of service is required for nonservice-related disability eligibility. The service-related and nonservice-related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10 percent and include projected service credits. A variety of death benefits are available under various eligibility criteria.

Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2nd of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% per COLA is granted if the CPI change is between 1/2% and 1%. A member who leaves employment may withdraw their employee contributions, plus any accumulated interest. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

**Knox County BOE – Hybrid with Cost Controls (Continued)** 

#### **General Information about the Pension Plan (Continued)**

*Employees covered by benefit terms*. At the measurement date of June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled to but not yet receiving benefits	196
Active employees	552
Total	748

Contributions - Contributions for employees are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Employees contribute 5 percent of salary. Knox County BOE - Hybrid with Cost Controls makes employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4%, unless the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for Knox County BOE -Hybrid with Cost Controls are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2024 to the Knox County BOE-Hybrid with Cost Controls Plan were \$762,138, which is 2.50% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

TCRS established the Stabilization Reserve Trust (SRT) during FY 2019 for the Hybrid Pension Plans. The SRT is a legal trust separate and apart from the normal Hybrid Plan Trust. The SRT is designed to specifically accumulate assets which will not be used now but used as necessary to pay benefits in the future.

In FY 2024, employer contributions to the SRT were \$362,046. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

#### **Knox County BOE – Hybrid with Cost Controls (Continued)**

#### **Net Pension Liability (Asset)**

Pension Liabilities (Assets) - The net pension asset was measured as of June 30, 2023, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

Actuarial Assumptions - The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Salary Increases Graded salary ranges from 8.72% to 3.44% based on age,

including inflation, averaging 4.00%.

Investment Rate of Return 6.75%, net of investment expense, including inflation

Cost of Living Adjustments 2.125%

Retirement Age Pattern of retirement determined by experience study.

Mortality Customized table based on actual experience including an

adjustment for some anticipated improvement.

The actuarial assumptions used in the June 30, 2023 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25%. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### C. Agent Multiple-Employer Defined Benefit Plan (Continued)

#### **Knox County BOE – Hybrid with Cost Controls (Continued)**

#### **Net Pension Liability (Asset) (Continued)**

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	4.88%	31%
Developed Market International Equity	5.37%	14%
Emerging Market International Equity	6.09%	4%
Private Equity and Strategic Lending	6.57%	20%
U.S. Fixed Income	1.20%	20%
Real Estate	4.38%	10%
Short-term Securities	0.00%	1%
Total		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the Board will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources

Pension Expense (Income) – For the year ended June 30, 2024, the Board recognized pension expense of \$207,640.

Deferred Outflows of Resources and Deferred Inflows of Resources - For the year ended June 30, 2024, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of Resources		Inflo	erred ows of ources
		•	
\$	82	\$	-
	762,138		
\$	762,220	\$	_
	Ou R	Outflows of Resources  \$ 82  762,138	Outflows of Resources Inflo  Resources \$ 82 \$   762,138

The Board's employer contributions of \$762,138 reported as pension related deferred outflows of resources, subsequent to the measurement date of June 30, 2023, will be recognized as an increase of net pension (asset) in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30:	Amounts
2025	21
2026	21
2027	21
2028	21

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Pension Expense (Income) and Deferred Outflows of Resources and Deferred Inflows of Resources

#### Payable to the Pension Plan

At June 30, 2024, Knox County reported a payable of \$62,259 for the outstanding amount of contributions to the pension plan required during the year ended June 30, 2024.

#### **Trend Information**

The schedule of changes in the BOE Hybrid with Cost Controls Plan's net pension liability (asset) and related ratios and the schedule of contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Plan's fiduciary net position is increasing or decreasing over time relative to the total pension liability and net position liability and whether the Board's contributions are in accordance with the actuarially determined amounts.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans

Teacher's Legacy Plan

#### General Information about the Pension Plan

Plan Description – Teachers employed by Knox County Schools with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan was closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Beginning July 1, 2014, the Teacher Retirement Plan became effective for teachers employed by Local Boards of Education (LEAs) after June 30, 2014. The Teacher Retirement Plan is a separate cost-sharing, multiple-employer defined benefit plan. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained <a href="https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">https://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

Benefits Provided - Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Legacy Pension Plan are eligible to retire with an unreduced benefit at age 60 with 5 years of service credit or after 30 years of service credit regardless of age. Benefits are determined by a formula using the member's highest 5 consecutive years average compensation and the member's years of service credit. A reduced early retirement benefit is available at age 55 if vested. Members are vested with 5 years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar year, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and A member who leaves employment may withdraw their employee contributions, plus any accumulated interest.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher's Legacy Plan (Continued)** 

#### General Information about the Pension Plan (Continued)

Contributions - Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly. Teachers contribute 5% of salary and the LEAs make employer contributions at the rate set by the Board of Trustees of TCRS as determined by an actuarial valuation. By law, employer contributions for the Teacher Legacy Pension are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions by Knox County Schools for the year ended June 30, 2024 to the Teacher Legacy Pension Plan were \$13,635,870 which is 6.79% of covered payroll. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability. At June 30, 2024, there were 2,730 active Board participants.

### Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets) - At June 30, 2024, the Board reported an asset of (\$72,140,084) for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2023, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Board's proportion of the net pension asset was based on the Board's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the Board's proportion was 6.12%. The proportion measured as of June 30, 2022 was 6.09%.

*Pension Expense (Income)*- For the year ended June 30, 2024, the Board recognized pension expense of \$17,653,982.

### Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Actuarial Assumptions - The total pension liability in the June 30, 2023 actuarial valuation was determined using the following assumptions applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded salary ranges from 8.72% to 3.44% based on age,
	including inflation, averaging 4.00%.
Investment Rate of Return	6.75%, net of investment expense, including inflation
Cost of Living Adjustments	2.125%
Mortality	Mortality rates were based on actual experience

including an adjustment for some anticipated

improvement using Scale MP-2021

The actuarial assumptions used in the June 30, 2023 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees in conjunction with the June 30, 2020 actuarial experience study. A blend of future capital market projections and historical market returns was used in a building-block method in which a best-estimate of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) is developed for each major asset class. These best-estimates are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation of 2.25%. The best-estimates of geometric real rates of return and the TCRS investment policy target asset allocation for each major asset class are summarized in the following table:

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	4.88%	31%
Developed Market International Equity	5.37%	14%
Emerging Market International Equity	6.09%	4%
Private Equity and Strategic Lending	6.57%	20%
U.S. Fixed Income	1.20%	20%
Real Estate	4.38%	10%
Short-term Securities	0.00%	1%
Total		100%

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

Teacher's Legacy Plan (Continued)

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from all LEAs will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Board's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75%, as well as what the Board's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	Current					
	1% Decrease (5.75%)		Discount Rate (6.75%)		1% Increase (7.75%)	
Knox County Schools'						
Proportionate Share of the Net						
Pension Liability (Asset)	\$	157,126,127	\$	(72,140,084)	\$	(262,824,924)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

#### Payable to the Pension Plan

At June 30, 2024, the Board reported a payable of \$1,139,746 for the outstanding amount of contributions to the pension plan required during the year ended June 30, 2024.

#### **Trend Information**

The schedule of the Board's proportionate share of the net pension liability (asset) in the Teacher Legacy Pension Plan and related ratios and the schedule of contributions are presented in required supplementary information (RSI) following the notes to financial statements, and present multiyear trend information about whether the Board's proportionate share of the net pension liability (asset) is increasing or decreasing over time and whether the Board's contributions are in accordance with the actuarially determined amounts.

#### **Teacher Retirement Plan**

#### General Information about the Pension Plan

Plan Description - Teachers employed by The Board with membership in the Tennessee Consolidated Retirement System (TCRS) before July 1, 2014 are provided with pensions through the Teacher Legacy Pension Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The Teacher Legacy Pension Plan closed to new membership on June 30, 2014, but will continue providing benefits to existing members and retirees. Teachers with membership in the TCRS after June 30, 2014 are provided with pensions through a legally separate plan referred to as the Teacher Retirement Plan, a cost sharing multiple-employer pension plan administered by the TCRS. The TCRS was created by state statute under Tennessee Code Annotated Title 8, Chapters 34-37. The TCRS Board of Trustees is responsible for the proper operation and administration of all employer pension plans in the TCRS. The Tennessee Treasury Department, an agency in the legislative branch of state government, administers the plans of the TCRS. The TCRS issues a publicly available financial report that can be obtained at <a href="http://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies">http://treasury.tn.gov/Retirement/Boards-and-Governance/Reporting-and-Investment-Policies</a>.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher Retirement Plan (Continued)** 

#### General Information about the Pension Plan (Continued)

Benefits Provided - Tennessee Code Annotated Title 8, Chapters 34-37 establishes the benefit terms and can be amended only by the Tennessee General Assembly. Members of the Teacher Retirement Plan are eligible to retire with at age 65 with 5 years of service credit or pursuant to the rule of 90 in which the member's age and service credit total 90. Members are entitled to receive unreduced service retirement benefits, which are determined by a formula using the member's highest five consecutive years average compensation and member's years of service credit. A reduced early retirement benefit is available at age 60 and vested or pursuant to the rule of 80. Members are vested with 5 years of service credit. Service related disability benefits are provided regardless of length of service. Five years of service is required for non-service related disability eligibility. The service-related and non-service related disability benefits are determined in the same manner as a service retirement benefit but are reduced 10% and include projected service credits. A variety of death benefits are available under various eligibility criteria. Member and beneficiary annuitants are entitled to automatic cost of living adjustments (COLAs) after retirement. A COLA is granted each July for annuitants retired prior to the 2<sup>nd</sup> of July of the previous year. The COLA is based on the change in the consumer price index (CPI) during the prior calendar, capped at 3%, and applied to the current benefit. No COLA is granted if the change in the CPI is less than 1/2%. A 1% COLA is granted if the CPI change is between 1/2% and 1%. Members who leave employment may withdraw their employee contributions, plus any accumulated interest. Under the Teacher Retirement Plan, benefit terms and conditions, including COLAs, can be adjusted on a prospective basis. Moreover, there are defined cost controls and unfunded liability controls that provide for the adjustment of benefit terms and conditions on an automatic basis.

Contributions - Contributions for teachers are established in the statutes governing the TCRS and may only be changed by the Tennessee General Assembly or by automatic cost controls set out in law. Teachers contribute 5% of salary and the LEAs make employer contributions at the rate set by the Board of Trustees as determined by an actuarial valuation. Per the statutory provisions governing the TCRS, the employer contribution rate cannot be less than 4%, unless the maximum funded level, approved by the TCRS Board of Trustees, is reached. By law, employer contributions for the Teacher Retirement Plan are required to be paid. The TCRS may intercept the state shared taxes of the sponsoring governmental entity of the LEA if the required employer contributions are not remitted. Employer contributions for the year ended June 30, 2024 to the Teacher Retirement Plan were \$4,363,204, which is 2.95% of covered payroll. TCRS established the Stabilization Reserve Trust (SRT) during FY 2019 for the Hybrid Pension Plans. The SRT is a legal trust separate and apart from the normal Hybrid Plan Trust. The SRT is designed to specifically accumulate assets which will not be used now but used as necessary to pay benefits in the future.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher Retirement Plan (Continued)** 

#### General Information about the Pension Plan (Continued)

In FY 2024, employer contributions to the SRT were \$1,487,627. The employer rate, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, the cost of administration, as well as an amortized portion of any unfunded liability. At June 30, 2024, there were 2,635 active Board participants.

#### **Mandatory Defined Contribution Plan**

As part of this plan, teachers hired after July 1, 2014 are required to participate in the State of Tennessee 401(k) Plan (see Note VI - G) which requires the Board to make mandatory employer contributions of 5.0% of the participant's compensation.

### Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities (Assets) – At June 30, 2024, the Board reported an asset of (\$2,735,630) for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2023, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The Board's proportion of the net pension asset was based on the Board's share of contributions to the pension plan relative to the contributions of all participating LEAs. At the measurement date of June 30, 2023, the Board's proportion was 6.45%. The proportion measured as of June 30, 2022 was 6.26%.

Pension Expense (Income) – For the year ended June 30, 2024, the Board recognized pension expense of \$3,482,610.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

**Teacher Retirement Plan (Continued)** 

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Deferred Outflows of Resources and Deferred Inflows of Resources - For the year ended June 30, 2024, the Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Difference between Expected				
and Actual Experience	\$	92,148	\$	1,596,726
Changes in Assumptions	2,058,133			-
Net Difference between Projected				
and Actual Earnings on Pension				
Plan Investments		695,517		-
Changes in Proportion of Net Pension				
Liability (Asset)		482,711		448,826
Board's Contributions Subsequent to the				
Measurement date of June 30, 2023		4,363,204		
Total	\$	7,691,713	\$	2,045,552

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher Retirement Plan (Continued)** 

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The Board's employer contributions of \$4,363,204 reported as pension related deferred outflows of resources, subsequent to the measurement date of June 30, 2023, will be recognized as an increase of net pension (asset) in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30:	Amounts
2025	5,693
2026	(95,532)
2027	977,405
2028	67,745
2029	71,988
Thereafter	255,658

In the table above, positive amounts will increase pension expense, while negative amounts will decrease pension expense.

Actuarial Assumptions - The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary Increases	Graded salary ranges from 8.72% to 3.44% based on age,
	including inflation, averaging 4.00%.
Investment Rate of Return	6.75%, net of investment expense, including inflation
Cost of Living Adjustments	2.125%
Mortality	Mortality rates were based on actual experience including an
	adjustment for some anticipated improvement using Scale
	MP-2021

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher Retirement Plan (Continued)** 

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The actuarial assumptions used in the June 30, 2023 actuarial valuation were based on the results of an actuarial experience study performed for the period July 1, 2016 through June 30, 2020. The demographic assumptions were adjusted to more closely reflect actual and expected future experience.

	Long-Term Expected	
Asset Class	Real Rate of Return	Target Allocation
U.S. Equity	4.88%	31%
Developed Market International Equity	5.37%	14%
Emerging Market International Equity	6.09%	4%
Private Equity and Strategic Lending	6.57%	20%
U.S. Fixed Income	1.20%	20%
Real Estate	4.38%	10%
Short-term Securities	0.00%	1%
Total		100%

The long-term expected rate of return on pension plan investments was established by the TCRS Board of Trustees as 6.75% based on a blending of the factors described above.

#### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

#### D. Cost Sharing Multiple-Employer Defined Benefit Plans (Continued)

**Teacher Retirement Plan (Continued)** 

Pension Liabilities (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Discount Rate - The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current rate and that contributions from the Board will be made at the actuarially determined contribution rate pursuant to an actuarial valuation in accordance with the funding policy of the TCRS Board of Trustees and as required to be paid by state statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make projected future benefit payments of current active and inactive members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of Net Pension Liability (Asset) to Changes in the Discount Rate. The following presents the Board's proportionate share of the net pension liability (asset) calculated using the discount rate of 6.75%, as well as what the Board's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	Current					
	1% Decrease (5.75%)		Discount Rate (6.75%)		1% Increase (7.75%)	
Knox County Schools'		(3.7370)		(0.7570)		(1.1510)
Proportionate Share of the Net						
Pension Liability (Asset)	\$	12,583,774	\$	(2,735,630)	\$	(13,764,347)

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in a separately issued TCRS financial report.

### F. Single-Employer Defined Contribution Plans

Plan provisions and contribution requirements for the defined contribution plans are established and may be amended by the Knox County Retirement and Pension Board. The powers of the Knox County Retirement and Pension Board (Pension Board) are governed by the Knox County Charter, Article VII, as amended. The Pension Board can change, or modify, each plan's employer defined contribution rates as defined by the authority granted under the Knox County Charter, Section 7.04(b). Administrative costs of the plans are paid with plan assets from the DB Plans and the Disability (OPEB) Plan. Forfeitures from the DC Plans are used to fund the employer's ADC for the Disability (OPEB) Plan.

### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

### F. Single-Employer Defined Contribution Plans (Continued)

### Participant Loans - Defined Contribution Plans

The Asset Accumulation Plan and STAR Plan allows for loans to active participants. Loan eligibility requirements are:

Actively employed
Fully vested (Asset Accumulation Plan 5 years; STAR 10 years)
Minimum loan amount - \$5,000
Maximum loan amount - 25% of account balance up to \$50,000
Maximum loan term may not exceed 5 years
One loan permitted at any time

Participant loans are reported at their unpaid principal balance plus any accrued but unpaid interest income.

### **Asset Accumulation Plan**

The Asset Accumulation Plan is a defined contribution plan established by Knox County under Section 401(a)(9) of the Internal Revenue Code. The plan covers a majority of the full time employees of the County and classified employees of the School Board. After July 1, 2022, newly fired or rehired Board employees are no longer eligible to participate in the Plan. Plan benefits depend solely on amounts contributed to the plan plus investment earnings. Participation begins on the first day of employment and all eligible employees not participating in another County, Board or state retirement plan are required to participate. The plan requires all participants to contribute a minimum of 6% of compensation and the employer matching contribution is 6%. Participants are 100% vested in the employer contributions after completing five years of credited service.

At June 30, 2024, there were 3,801 active Plan members. During the year, the County's and Board's employer expense and member contributions amounted to \$13,164,611 and \$7,688,279 respectively.

At June 30, 2024, the Board reported a payable of \$445,822 for employer contributions or participant contributions.

### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

### F. Single-Employer Defined Contribution Plans (Continued)

### Voluntary 457 Plan

The Asset Accumulation Program incorporated both a 401(a) Plan and a 457(b) Plan in the Defined Contribution Plan for Knox County participants and classified Board participants. After July 1, 2022, newly fired or rehired Board employees are no longer eligible to participate in the Plan. The Knox County Voluntary 457 Plan incorporates voluntary pre-tax contributions by the participant with an employer match based on length of service with the County and/or Board. The employer will match:

Years of Service	Maximum % Match
0 - 5	0%
5 - 9	2%
10 - 14	4%
15 or more	6%

The employer matching contributions for the 457 Plan are deposited into the participants 401(a) account in the Asset Accumulation or STAR Plans.

In January 2008, the Pension Board added two additional outside 457 vendors as investment alternatives. Knoxville Teachers Credit Union (Board employees only) and Security Benefit were added January 1, 2008 and voluntary contributions made by participants in the Asset Accumulation Plan would also be eligible for the match offered by the employer. In September 2008, Nationwide, a third 457 vendor was added to the Program. Security Benefit was terminated as a 457(b) provider as of November 2015. Each vendor prepares separate financial reports and is not included in the Knox County Voluntary 457 Plan Trust.

Effective July 1, 2008 the option of contributing to a 457(b) Plan was expanded to those active participants in the closed County Defined Benefit (DB) Plan. The employer match for the closed County DB Plan participants is a maximum of 3% of pay. Closed County DB participants are eligible for the same 457 Plans/Vendors that are offered under the Asset Accumulation Plan. Beginning July 2015, participants in UOPP and STAR were allowed to make contributions to the County's 457(b), but the County made no matching contributions. Effective July 1, 2023, STAR participants were eligible to received matching contributions.

As of June 30, 2024, there were 956 active Plan members in the Knox County Voluntary 457(b) Plan. During the year, member contributions amounted to \$3,590,959 and the County and Board made employer contribution of \$2,406,394.

At June 30, 2024, the Board reported a payable of \$112,591 for employer contributions and participant contributions.

### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

### F. Single-Employer Defined Contribution Plans (Continued)

### **Sheriff's Total Accumulation Retirement Plan (STAR)**

In November 2012, the Knox County voters approved the closing of the Uniform Officers Pension Plan (UOPP) to all new officers and to have the Pension Board design another plan for officers employed by the Knox County Sheriff's Department. Effective January 1, 2014, the UOPP Plan was closed to all new-hires or re-hires. The new officer plan is called the *Sheriff's Total Accumulation Retirement Plan (STAR)*. STAR is a Defined Contribution Plan where the officer contributes 6% of pay and the County contributes a 6% base contribution. Prior to July 1, 2022, The County contributed a 10% employer base contribution and a 2% employer supplemental contribution. Vesting by the officer is 10 year cliff vesting on the employer base contribution and 15 year cliff vesting on the employer supplemental contribution. Employees have the responsibility of investing their contribution plus the employer base contribution from an array of investment options.

At June 30, 2024, the STAR Plan had 408 active members. During the year employees contributed \$1,238,993 and the employer contributed \$151,487 after the use of forfeitures.

At June 30, 2024, the County did not report a payable for participant contributions nor employer contributions.

### NOTE VI. EMPLOYEE RETIREMENT PLANS (Continued)

### G. Multiple-Employer Defined Contribution Plans

### State of Tennessee 401(k) Plan - Teachers Hired Before July 1, 2014

The TCRS Teacher Legacy Defined Benefit Plan (see Note VI-D) allows Knox County Board of Education (Board) teachers and other certified personnel hired before July 1, 2014, to participate in the State of Tennessee 401(k) Plan as administered by the Tennessee Department of Treasury. Participation in this plan is optional and is 100% funded by participant's elective contributions. The Board does not make employer contributions to this plan. Plan benefits are dependent solely on amounts contributed by participants plus investment earnings. Employees are eligible to participate on the first day of employment.

At June 30, 2024, there were 96 active participants. During the year participant contributions amounted to \$805,880.

At June 30, 2024, the Board did not report a payable for participant contributions.

### State of Tennessee 401(k) Plan - Teachers Hired After July 1, 2014

The TCRS Teacher Retirement Defined Benefit Plan and BOE Hybrid with Cost Controls Plan (see Note VI -D) require all Knox County Board of Education (Board) teachers and other certified personnel hired after July 1, 2014, to participate in the State of Tennessee 401(k) Plan as administered by the Tennessee Department of Treasury. Participation is mandatory and begins on the first day of employment. The Board is required to make mandatory employer contributions of 5.0% of the participant's compensation. Elective employee deferrals are optional but can be up to the annual maximum amount permitted by the Internal Revenue Service. Participants are 100% immediately vested in the employer contributions. Plan benefits depend solely on amounts contributed to the plan plus investment earnings.

At June 30, 2024 there were 2,635 active participants in the Teacher Retirement Plan and 1,054 active participants in the Knox County BOE - Hybrid with Cost Controls Plan. During the year the Board employer contribution expense and participant contributions amounted to \$7,404,230 and \$3,967,270, respectively in the Teacher Retirement Plan; and \$1,518,535 and \$422,711, respectively in the hybrid plan.

At June 30, 2024, the Board did not report a payable for participant contributions nor employer contributions.

#### Notes:

\* Covered payroll is for the 12 month period ended January 1.

A. This is a 10-year schedule; however, the information in this schedule is not required to be presented retroactively. Years will be added to this schedule in future fiscal years until 10 years of information is available.

B. Valuation Date: January 1.

Measurement Date: June 30.

Actuarial Cost Method

Amortization Method

Actuarial determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and Assumptions used to Determine Contribution Rates:

Remaining Amortization Period 28 Years as of 1/1/2022

Asset Valuation Method 5-year smoothed, subject to a 20% corridor around the fair value of assets

Salary Increases Effective 1/1/2023: 3.00% - In order to reflect increased earnings in the year of retirement, 5% increase is assumed to each participant's accrued benefit at retirement.

Cost of Living Increases Effective 1/1/2023: 3.00% through age 62 and then to 3.15% over age 62.

Investment Rate of Return 7.00%

Retirement Age Participants hired after age 40 - age 50 and 25 years of service

Retirement Age Participants hired after age 40 - age 50 and 25 years of service

Participants hired before age 40 - varies by age and service

Mortality Table Effective 1/1/2023: Pub-2010 Amount-Weighted General Below Median Mortality Table with Adjustment, fully generational with

Scale MP-2021.

Entry Age Normal

Level Dollar, closed

Scale MP-2021, 6 years beyond each Valuation Date.

Disability Table Effective 1/1/2023: Pub-2010 Amount-Weighted Disabled Mortality Table

### NOTES:

(A) FY2018 was the first year that GASB 75 was adopted. Additional years will be added in the future until 10 years of information is available.

Valuation Date: July 1, 2022 Measurement Date: June 30, 2024

Actuarial determined contribution rates are calculated as of June 30, one year prior to the end of the fiscal year in which contributions are reported.

### Methods and Assumptions used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percentage of Payroll

Remaining Amortization Period 24 Years
Asset Valuation Fair Value
Inflation 2.00%

Healthcare Trend Rates 8.0% initially, decreasing to an ultimate rate of 4.5% in 2030

Salary Increases 3.50%
Payroll Growth 2.50%
Investment Rate of Return 5.77%
Average Assumed Retirement Age 58

Mortality Table PUB-2010 headcount-weighted total dataset table with Scale MP-2021

<sup>\*</sup> The covered employee payroll is for the 12 month period ended June 30.

Notes:

(A) FY2018 was the first year that GASB 75 was adopted. Additional years will be added in the future until

10 years of information is available.

Valuation Date: January 1, 2024 Measurement Date: June 30, 2024

Actuarial determined contribution rates are calculated as of June 30, one year prior to the end of

the fiscal year in which contributions are reported.

Methods and Assumptions used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal Amortization Method Level Dollar, closed

Remaining Amortization Period 20 Years, as of January 1, 2014

Asset Valuation Method 5-year smoothed, subject to a 20% corridor around the fair value of assets

Inflation 2.45%

Salary Effective 1/1/2023: 4.00% for STAR, and Closed DB active non-contributing, 2.50% for Closed DB active contributing.

Effective 1/1/2024: 3.00% for UOPP (prior year 4.00%)

Cost of Living Increase None

Investment Rate of Return 6.5% effective 1/1/2023

Retirement Age Closed DB Plan - Varies by age and service

Asset Accumulation - Varies by age and service

UOPP - Varies by age and service

STAR - Age 57 with 10 years of credited service

Disabled Mortality Effective 1/1/2023: Pub-2010 Amount-Weighted Non-Safety Mortality Table for Disabled Retirees (Males and Females),

fully generational with Scale MP-2021

Disabled Type Closed DB - Not in Line of Duty

Asset Accumulation - Not in Line of Duty

UOPP - In Line of Duty STAR - In Line of Duty

Healthy Mortality County & Asset Accumulation:

Effective 1/1/2023: Pub-2010 Amount-Weighted General Below-Median Mortality Table, fully generational with Scale MP-2021

**UOPP & STAR Pre-Retirement:** 

Effective 1/1/2023: Pub-2010 Amount-Weighted Below-Median Mortality Table for Safety Employees, with rates multiplied

by 1.5 at each age of Males and no adjustments for Females, fully generational with Scale MP-2021

<sup>\*</sup> The covered employee payroll is for the 12 month period ended June 30.

## **GENERAL FUND**

The General Fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in another fund. The General Fund accounts for the normal recurring activities of the County (i.e., public safety, recreation, health and welfare, general government, etc.). These activities are funded principally by property taxes on individuals and businesses.

## **CAPITAL PROJECTS FUNDS - MAJOR**

Capital Projects Funds are used to account for the acquisition and construction of major facilities other than those financed by proprietary or trust funds.

**Public Improvement Fund:** This fund is used to account for the County construction projects in process. These public improvement construction projects include, but are not limited to, highway projects, sewer lines, recreation facilities, public library facilities, City-County Building renovations, Knox Central facilities, and golf course improvements.

# NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

Constitutional Officers Fund: This fund is used to account for revenues and expenditures associated with the administrative functions of the Constitutional Officers.

**Governmental Library Fund**: This fund accounts for the operation of the law library that is available to the public but is used primarily by attorneys practicing in the courts. User fees are charged by the Governmental Library.

**Public Library Fund**: This fund is used to account for the operation of the County-wide public library system.

**Solid Waste Fund**: This fund is used to account for solid waste and recycling activities.

**Hotel/Motel Tax Fund**: This fund accounts for the collection and use of the amusement tax to promote tourism and related economic activity in the County.

**Drug Control Fund:** This fund was established pursuant to an amendment of Tennessee Code Annotated Section 39-17-420. This fund is used to account for drug control activities restricted for drug enforcement, drug education and non-recurring general law enforcement expenditures. This fund is primarily funded from the receipt of fines and costs related to drug enforcement cases.

**Engineering and Public Works Fund**: This fund is used to account for the County's share of the State gasoline and motor fuel taxes that are utilized to maintain non-state roads within the county.

#### CAPITAL PROJECTS FUND

**ADA Construction Capital Projects Fund:** This fund is used to account for construction activity related to the Americans with Disabilities Act.

### **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to account for the financing of goods or services provided by one of the County's departments or agencies to other departments or agencies and to the County's various discretely presented component units and joint ventures.

**Vehicle Service Center Fund**: This fund is used to account for gasoline and maintenance services for County vehicles.

**Mailroom Fund**: This fund is used to account for central mailroom services for the County.

**Employee Benefits Fund**: This fund is used to account for the payment of retiree medical premiums, employee retirement, life insurance, other payroll related expenses, and unemployment claims.

**Self Insurance Fund**: This fund is used to account for the payment of workers compensation and general liability claims against the County.

**Building Operations Fund**: This fund is used to account for all maintenance services for Knox Central buildings.

**Technical Support Service Fund**: This fund accounts for technical support and technical repairs associated with electronic data processing.

Capital Leasing: This fund accounts for the vehicle leasing program.

**Self Insurance Healthcare**: This fund is used to account for the payment of health insurance claims.

#### FIDUCIARY FUNDS

Trust funds are used to account for assets held by the County in a trustee capacity. Custodial funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments and/or other funds.

#### PENSION, RETIREMENT AND OTHER POST-EMPLOYMENT BENEFIT TRUST FUNDS

**Closed Defined Benefit Plan**: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's closed defined benefit plan.

Uniformed Officers Pension Plan: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the County's Uniformed Officers Pension Plan closed defined benefit plan.

**Asset Accumulation Plan:** This fund is used to account for the accumulation of resources for retirement benefit payments to qualified employees covered under the County's defined contribution plan.

**Sheriff's Total Accumulation Retirement Plan:** This fund is used to account for the accumulation of resources for retirement benefit payments to qualified employees covered under the County Sheriff's Total Accumulation Retirement Plan defined contribution plan.

**Voluntary 457 Plan:** This fund is used to account for the accumulation of resources for retirement benefit payments to qualified employees who have chosen to participate in the County's supplemental defined contribution plan.

**Employee Disability Plan:** This fund is used to provide resources should an employee become disabled prior to retirement (defined benefit OPEB plan). Eligible employees must also be participants in one of the defined benefit or defined contribution plans.

**Retiree Healthcare Plan:** This fund is used to provide post-retirement health care benefits for County retirees and their dependents (defined benefit OPEB plan).

**Medical Expense Retirement Plan:** This fund is used to account for the accumulation of resources for retiree healthcare benefit payments to qualified employees covered under the County's defined contribution asset accumulation plan. This plan assists employees in planning and investing for anticipated medical expenses upon retirement (defined contribution OPEB plan).

#### **CUSTODIAL FUNDS**

**Municipal Sales Tax Fund**: This fund accounts for the local sales tax levied by local municipalities. These funds are collected by the State of Tennessee and remitted to the County for distribution to the municipalities.

**Subdivision Bonds**: This fund accounts for the receipt and distribution of funds held by the County from subdivision developers pending completion of road and hydrology requirements.

**External Agencies Fund**: This fund accounts for the cash of several external agencies and County joint ventures held by the County Trustee on their behalf.

**Constitutional Officers**: The various elected officials use this fund to account for the receipt and disbursement of funds on behalf of state agencies and/or other funds.

# DISCRETELY PRESENTED COMPONENT UNIT KNOX COUNTY BOARD OF EDUCATION

This section presents combining and individual fund financial statements for the Knox County Board of Education (the Board), a discretely presented component unit. The Board uses a general fund, a capital projects fund, four special revenue funds, and a pension trust fund. This section also includes the Statement of Net Position and Statement of Activities for the Board.

#### **MAJOR FUNDS**

#### **GENERAL FUND**

General Purpose School Fund: This fund is used to account for general operations of the Board. Major funding is provided through local tax levies and state education funds.

#### CAPITAL PROJECTS FUND

**School Construction Fund:** This fund is used to account for building construction and renovations of the Board.

#### SPECIAL REVENUE FUND

**School Federal Projects Fund**: This fund is used to account for restricted federal revenues that must be expended on specific education programs.

#### NONMAJOR GOVERNMENTAL FUNDS

#### SPECIAL REVENUE FUNDS

**School General Projects Fund**: This fund is used to account for state, local and federal pass-through revenues which must be expended on specific education programs.

Central Cafeteria Fund: This fund is used to account for the cafeteria operations in each of the individual schools. The primary sources of funding are federal and state revenues for the school lunch program and sales to students and adults.

**Internal School Fund**: This fund accounts for the activity related to individual public school funds held at each school.

#### FIDUCIARY FUND

**Pension Trust Fund** – **Teacher's Plan**: This fund is used to account for the accumulation of resources for pension benefit payments to qualified employees covered under the Board's defined benefit plan for certificated teachers.

**Source**: Knox County, Tennessee Trustee Department.

**Notes**: Assessment rates are set by Tennessee State Law as follows:

Real Property: Residential and Farm at 25% of value

Commercial and Industrial at 40% of value

Personal property at 30% of value

Public Utilities at 55% of value (Railroads 40%)

The lien date of January 1 represents the date that the legal claim to the taxable property is recognized. The related property tax revenue is levied for the subsequent fiscal year.

In 2022, the County underwent a reappraisal of property values.
