The following is for Clarification:

Question 1: Does the district intend to award multiple vendors?

Answer 1: The district is open to the possibility of awarding multiple vendors.

Question 2: Can a vendor submit a solution for a partial grade band?

Answer 2: Yes.

Question 3: In the requirement for training, the district requires vendors to complete a train-the-trainers model service by July 31, 2019. Our train-the-trainer model provides initial seminars then follow-up seminars close to screening dates three times a year. We found success with ongoing touch points to for trainers that gives them ample opportunities to apply their knowledge, gain practical experience, and ask questions to help deepen implementation. Can a vendor provide initial training by that date and follow-up seminars after screening dates?

Answer 3: Yes.

Question 4: Does the county have a deadline/milestone when the system should be implemented?

Answer 4: The system needs to be in place, ready for universal screening and progress monitoring prior to the beginning of School Year 2019-20.

Question 5: Would the county be open to a custom software solution?

Answer 5: We are open to solutions that will meet the requirements set by our state's regulations set in the State RTI2 Framework.

End of Addendum #1.

Addendum must be acknowledged in TAB II of your submittal.
