The following is for clarification:

Question 1: Number of Delivery locations? (or potential delivery locations)?

Answer 1: Unknown. There are approximately 800 individuals currently enrolled in the program. However, not all enrollees are prescribed DME and of those that are, not all require delivery.

Question 2: Does Knox County own or rent the Oxygen cylinders they currently have on hand?

Answer 2: N/A. Knox County does not supply oxygen cylinders directly to patients.

Question 3: Ballpark estimate of Oxygen cylinders Knox county has on hand (all sizes)?

Answer 3: Refer to Answer No. 2.

Question 4: In instances in which patients don't have transportation, but supplies can be shipped directly to the patient, would it be possible to provide tracking information (as we do to insurance companies) in lieu of a signature?

Answer 4: Yes, in these instances delivery confirmation will suffice.

End of Addendum I.

Please acknowledge Addendum I in your response.
