- 3.33 PRICING:** The Contractor(s) warrants that the unit price stated for all items shall remain firm for a period of twelve (12) months from the first day of the Contract period. If the Contractor's price is increased after the initial year, Knox County must be given a written notice to consider. Such a request shall include as a minimum, (1) the cause for the adjustment; (2) the amount of the change requested with documentation to support the requested adjustment. Price increases will only be considered at the renewal period(s). If the price increase is rejected the vendor may:
- a. Continue with the existing prices
 - b. Request a lower price increase
 - c. Not accept the renewal offer.

If a price increase is approved by Knox County Procurement and Knox County Solid Waste, the approval notification will be done in writing and the contractor will be notified of the new price schedule and the effective date of the increase. This documentation will become part of the bid file. No approvals will be authorized verbally.

- 3.34 PUBLIC RECORDS ACT:** Knox County is subject to the Tennessee Public Records Act 10-7-503 et seq. Proposers are cautioned that all documents submitted on behalf of this Request for Proposal shall be open to the public for viewing and inspection and Knox County will comply with all legitimate requests.
- 3.35 QUANTITIES:** Knox County does not guarantee any quantities to be purchased from this term Contract. Knox County does not have an exact dollar amount that was procured for these types of goods/services.
- 3.36 REJECTION OF BIDS:** Knox County reserves the right to reject any and all bids received as a result of this request and to waive any informality, technical defect or clerical error in any bid, as the interests of the County may require. Non-acceptance of any bid will be devoid of any criticism of the bid and of any implication that the bid is deficient in any manner. Non-acceptance of any bid shall be construed as meaning simply that the County does not deem the bid to be acceptable or that another bid was deemed to be more advantageous to Knox County for the particular services proposed.
- 3.37 REPAIR TIME:** Bidders must state the guaranteed number of business days for repairs to be completed after receipt of Purchase Order. Bidders shall state accurate lead times as Knox County reserves the right to cancel orders with no obligation when guaranteed time is exceeded. Vendor must state the number of business days, not a range of days. For example, an unacceptable answer is "1 - 3 business days." Vendors must be specific and state either "1 business day" or "3 business days." If Vendor states a range of days, Knox County will base their answer on the maximum number of days provided.
- 3.38 SAFETY EFFORTS:** The Contractor(s) must exercise caution at all times for the protection of persons and property while performing the services required in this bid. The safety provisions of applicable laws, building and construction codes must be observed. Machinery, equipment and all other hazards must be guarded or eliminated in accordance with the safety provisions of the Manual of Accident Prevention in Construction to the extent that such provisions are not in contravention of applicable laws. This manual is published by the Associated General Contractors of America. All work performed under this Contract shall also comply with the requirements of the Occupational Safety and Health Act of 1970 and any other regulatory agency, including any revisions thereto. This would include any sign, flagman, or road blockage that would be required for safety purposes as per compliance with the manual on uniform traffic control devices for streets and highways (latest edition).
- 3.39 SAFETY AND PROTECTION:** The Contractor(s) shall be solely and completely responsible for initiating, maintaining and supervising all safety precautions and programs in connection with the work to be performed. The Contractor(s) shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent injury to, all employees on the work site and other persons, including but not limited to, the general public who may be affected thereby. All work is to be done as required as by TOSHA, OSHA, EPA and AHERA.
- Knox County does not assume any responsibility for the protection of or for loss of materials, from the time that the Contract operations have commenced until the final acceptance of the work by the department designee.
- Contractor(s) shall be required to furnish their employees with the proper personal protective clothing and equipment. Contractor(s) shall also be required to dispose of this clothing and equipment in compliance with all regulatory requirements.
- 3.40 SAFETY TRAINING:** The Contractor is responsible for training their employees in safety and health regulations for the job, assuring compliance with the Occupational Safety and Health Act (OSHA), the Environmental Protection Agency (EPA) and any other Regulatory Agency. Vendors, by submission of their bid, also affirm that their employees working under this Contract have been properly trained in the safe operation of all equipment to be used under this Contract.
