The following is for clarification.

Question 1. Can the utility taps be marked with a flag or paint so I can find them when making the park? Or a google earth image of a park labeling water, sewer, and electric tap locations?

Answer 1. Knox County does not have maps of the utilities. Locations of utilities may be obtained by placing a 1-call to the Knoxville Utilities Board (KUB.)

Question 2. If this is a potable system, flow through, does it have to be recycled?

Answer 2. It should be a recirculation system.
